Meadowview Rd
Waucheeta Trl
Potential Creek Meander Restoration
Alma Rd
Syene Rd
Larsen Rd
Lake Farm Rd
Goodland Park Rd
Lalor Rd
Tower Rd

MMSD Wildlife Observation Area

Lake Waubesa
- 2080 Acres
- Medium-Low Water Quality
- Multitude of Sport Fish Species
- Waterfowl
- Eurasian Milfoil Infestation
- Water Quality of Nine Springs Creek Directly Impacts Lake Waubesa

Notes:

*A Water Resource Managment Study
**Ecological Overview
***Fitchburg Green-Tech Village Plan

Planning - Creating - Rebuilding

The data shown on this map have been obtained from various sources, and are of varying age, reliability and resolution. This map is not intended to be used for navigation, nor is this map an authoritative source of information about legal land ownership or public access. Users of this map should confirm the ownership of land through other means in order to avoid trespassing. No warranty, expressed or implied, is made regarding accuracy, applicability for a particular use, completeness, or legality of the information depicted on this map.

### Ecological Suitability

- Most Critical for Preservation* **
  - Nevin Springs (Non-Degraded Vegetation Springs)
  - Monona Conservancy (Non-Degraded Vegetation)
- Preservation & Restoration Priority Areas
  - Areas with Pockets of High Quality Native Vegetation/ Restoration Potential
- On-Going & Future Restoration Likely
  - CSCSP
  - Lake Farm Park
  - MMSD Waterfowl Area
- Wetlands that Attenuate Floodwaters & Filter Pollutants
  - Restoration Potential
- Upland
  - Important Connections for Wildlife & Waterfowl from Wetland to Upland
  - Spring Recharge Areas
  - Prairie, Woods, Savanna Restoration Potential
- Critical Non-Point Source Pollution Area*
  - Higher than Average Loading Rate for 2 out of 3 Pollutants (Sediment, Phosphorus, Zinc) within The Ninesprings Creek Basin
- Planned Development Area***
  - Potential Storm Water Overflow
  - Potential Pollutant Loading

- General Spring Locations
- Municipal Boundaries
- Multi-Use Trails
- Capital Springs Centennial State Park Planning Boundary
- Capital Springs Centennial Recreation Area Planning Boundary
- Aquatic & Terrestrial Connectivity Needed
  - Road Crossings
- Watershed Boundaries
- In-Holdings
