Diane,

Thank you for your email and your comments on Racine's water diversion request.

I am copying the email address on this that will then have your public comment recorded.

Thanks.

We are committed to service excellence.

Subject: Fw: Lake Michigan water

How can you justify one company using this much water daily? How in the world is it suppose to sustain itself? Isn't it polluted enough and now it is going to be drained and poisoned more? No wonder other States didn't want this company.

> What long term effects are going to happen to the eco system of the lakes, rivers and soil near this company?
>
> No way in hell will i agree to this and I live by Lake Michigan so I have a right to say, NO WAY
