Subject:	Opposition to FoxConn Lake Diversion
Date:	Thursday, February 01, 2018 3:26:35 PM

Dear DNR & WI Lawmakers:

Please hear the citizens of Racine/Mount Pleasant/WI as the majority say NO WAY to this proposal.

As a Racine resident I am very unhappy that FoxConn is basically allowed to take over our city w/no regard for its people or the environment.

FoxConn is a foreign corporation w/a bad reputation for horrible worker treatment, awful environmental record, ignored workplace sexual harassment, & overall is a horrible deal for WI. If we the people get taken for a ride I will seriously consider selling my amazing forever home and move out west.

One would think that this interstate agreement would have to be AGREED UPON by all involved states, not dictated by a sole person (Gov Walker) for private interest.

Again please take into account the feelings of the people who live in the region FoxConn will occupy and deny this permit. And do it legally, not "under the table" somehow.

Thank you for your time.

Sincerely,
Cara J. Russo
