Subject:	No to Foxconn"s Water Diversion Application
Date:	Monday, March 12, 2018 8:19:02 PM

As a proud Wisconsin resident who takes pride in the natural beauty and wonder of our state, I stand firmly against a private foreign company profiting off of our precious resources.

Foxconn is already making plans to destroy acres of wetlands, farmland, lakes, and streams to squeeze every dollar it can out of our great state.

This application for water diversion can only hurt our state, and cause irrevocable harm that future generations may not be able to heal.

We must be stewards of the Earth to ensure its gifts and beauty will be around for posterity.
