Subject:	Diverting water from Lake Michigan for FoxConn
Date:	Sunday, March 11, 2018 6:18:47 PM

We am 100% opposed to diverting massive amounts of water from our beautiful Lake Michigan for use by Foxconn. Lake Michigan is a wonderful resource for our state, as well as Michigan, Illinois, and Indiana. The lake has a delicate ecosystem. It would be a crime against our planet to allow this company to destroy this lake. Please stop this from happening.

Thank you,

Dayton, Ann, Anton and Cailan Sederquist
