### III. MEMBERS MATTERS

**DISCUSSION**  
Kari noted that state employees must wear their masks in state office buildings.

Brett: nothing.

Terri wanted to correct the statement that we didn’t have any educational trailers available. She stated we still had the use of the 2 OHEC trailers. She also stated that the comment about a personality conflict with Dale was not mentioned by her.

Joel: He certainly wants in person meetings but noted that we may still have to continue with some zoom meetings until all the Covid subgroups are addressed.

Tony: complaint on having 2 delegates from the same county was not sent to the WCC it was sent to the Natural Resources Board then sent it back to the WCC. In the past year we have been forced into making a lot of different decisions due to Covid in order to function. We had to make some adjustments that were not completely addressed in the code of procedure. In fact that the last DLC meeting we passed some changes that put our operation more in line with what we were actually forced into do. He realizes that current case of having 2 delegates from the same county representing the district is in violation of the code of procedure, but knowingly keep electing the 2 individuals to represent them this is the 2nd year in a row. We need the Rules and Resolutions Committee to address this option with the understanding that the preference of the organization is to broaden the base of leadership. He also suggested if we are going to have meetings in person if the committee members are not vaccinated they should wear face masks.

Dale: gave a brief update on the status of the one trailer that he’s been working on and also thanked Trent Tonn for his help on the interior painting.

**ACTION**  
Motion by Weir 2nd by Roehrig to adjourn. Motion carried. Meeting adjourned at 7:51 PM
