Rules and Resolutions Advisory Committee:

The mission of the Rules and Resolutions Committee is to review the "Code of Procedure" doctrine that governs the Congress in order to ensure its relevance. This Committee will also provide a conduit for citizen resolutions allowing the exchange of ideas and information between individuals or groups and the Congress by reviewing and assigning voter approved resolutions to Conservation Congress advisory committees. It is our purpose to support the noble concept that all citizens have a voice in regards to Wisconsin's Natural Resources.

We will review the rules governing the Conservation Congress when asked by the District Leadership Council or Executive Committee and will provide possible changes for their review. We will regularly review and assign citizen-approved resolutions to advisory committees for action on said resolutions. We value citizen involvement, to ensure the prosperity of our Natural Resources, full and proper use of our Natural Resources, now and for future generations.
