Environmental Advisory Committee:

The mission of the Environmental Committee of the Wisconsin Conservation Congress is to review citizen resolutions, rules, policies, regulations, and legislation affecting the air, land, and waters of the state of Wisconsin. The committee's purpose is to ensure that the ecosystems of Wisconsin are fully protected with every effort taken to support Wisconsin's native flora and fauna and educate the citizenry. The committee will work with DNR staff and the citizens of the state to effectively protect the health and integrity of Wisconsin's natural ecosystems, utilizing the best available knowledge, technical resources, and keeping a balance for all interested stakeholders.
