

Motorized Recreation Grant Application

For: (choose all that apply)

Form 8700-159 (R 02/2024)

ATV/UTV Trail Aid

Snowmobile Trail Aid

Due Date: April 15

Notice: Completion of this form is required under Wisconsin Statutes 23.09(26) and 23.33. Failure to complete this form will result in denial of financial assistance. Personally identifiable information found on this form is not intended to be used for any other purpose. The Department of Natural Resources (DNR) may provide this information to requesters as required by Wisconsin's Public Records law {ss. 19.31 – 19.39, Wis. Stats.}.

Instructions: Applications may combine more than one source of funds. They may be submitted for consideration of traditional ATV, UTV, Snowmobile and Motorized Stewardship funding. Submit one copy of all forms and attachments. See Page 2 for necessary attachments. Send applications to your [Community Services Specialist](#).

Section 2: Project Information Required for all Projects

Project Title C2 Bridge to Bridge 2025					Current Funded Miles 175.2	New Miles (if applicable)
County Florence	Township 40 N	Range 18	Section 20	¼ ¼ SE	¼ SE	GPS Coordinates: Lat. 45.922177 Long. -88.2608198

Project Description Summary

Florence County would like to perform a rehab on Corridor C2 which connects Wisconsin to Michigan. The State of Michigan lies to the east and west of Florence County and C2 serves as the primary connection between the two states. It also provides the only connection to the western half of Florence County for ATV/UTV riders. This 13.7 mile long project will need an estimated 18,760 yards of gravel placed 6" thick then graded and compacted to 4". The original iron ore bed is still intact so no improvements are necessary. Since the pandemic, the dramatic increase in new ATV/UTV riders added to already staggering numbers of existing trail riders, Corridor 2 has been wearing away rapidly. The original 4" gravel cap has worn off leaving behind fine sands and silty dust making visibility a safety issue. We also experience dust out conditions along approximately 3.7 miles of the US2 Highway Corridor in areas with little to no vegetation barrier. This project will take an estimated 1095 hours of hauling and 6 weeks to complete barring any unforeseen circumstances. We have applied for RTP (\$250,000.00) and are asking for the remaining 80% to be covered by ATV/UTV (\$84,658.65) and remaining 20% (\$21,164.66) from the Snowmobile program.

I certify that all maintenance land use agreements are on file.

Estimated Cost

Maintenance	Acquisition	Insurance	Development	Bridge Rehab.	Trail Rehab.	Total Estimated Cost
					\$355,823.31	\$355,823.31

Trail Project Detailed Description

Florence County would like to perform a rehab on Corridor C2 which connects Wisconsin to Michigan. The State of Michigan lies to the east and west of Florence County and C2 serves as the primary connection between the two states. It also provides the only connection to the western half of Florence County for ATV/UTV riders. This 13.7 mile long project will need an estimated 18,760 yards of gravel placed 6" thick then graded and compacted to 4". The original iron ore bed is still intact so no improvements are necessary. Since the pandemic, the dramatic increase in new ATV/UTV riders added to already staggering numbers of existing trail riders, Corridor 2 has been wearing away rapidly. The original 4" gravel cap has worn off leaving behind fine sands and silty dust making visibility a safety issue. We also experience dust out conditions along approximately 3.7 miles of the US2 Highway Corridor in areas with little to no vegetation barrier. There have been complaints over the years regarding the amount of dust created most notably during the weekend which typically starts on Thursday and ends on Sunday. Those living trailside are the ones most affected by this and complaints range from dust covered vehicles, houses, and even their yards. This project will take an estimated 1095 hours of hauling and 6 weeks to complete barring any unforeseen circumstances. We have applied for RTP (\$250,000.00) and are asking for the remaining 80% to be covered by ATV/UTV (\$84,658.65) and remaining 20% (\$21,164.66) from the Snowmobile program.
