Project Description Summary

Florence County would like to rehabilitate a portion of trail F2 starting on the south side of Town Rd. HH (45.9155479, -88.2964599) and continues south approximately to Keyes Lake Drive (45.9079097, -88.2999473). This .61 mile rehabilitation would include raising portions of the existing dual use trail prone to flooding, widening narrow portions for year round grooming operations and brushing back the trail for increased visibility. Materials used will include 320 yards of crushed ore and 830 yards of 6" crushed gravel. The use of a dozer for widening and spreading the ore and gravel will be followed up by a grader and tractor w/wobble wheel for compaction. Trail Project Detailed Description

Florence County would like to rehabilitate a portion of trail F2 starting on the south side of Town Rd. HH (45.9155479,-88.2964599) and continues south approximately to Keyes Lake Drive (45.9079097,-88.2999473). This .61 mile rehabilitation would include raising portions of the trail prone to flooding, widening narrow portions and brushing back the trail for increased visibility. This trail is open year round to ATV-UTV traffic with winter restrictions and Snowmobiles. Materials will include 320 yards of crushed ore and 830 yards of 6" crushed gravel which are all locally sourced. The use of a dozer for widening and spreading the ore and gravel will be finished off by a grader and tractor w/wobble wheel for compaction. Land disturbance will be less than an acre and limited to only areas in need of widening. Total length 3200' x 12' / 43560 = 0.881543 acres. We are asking for 80% (\$14818.54) funding from the ATV/UTV Program and the remaining 20% (\$3704.64) from the Snowmobile Program as this does provide a benefit to this dual use trail.
