Project Description Summary

Marinette County desires to create a new 1.91 mile, all season, ATV/UTV trail connecting the current all season trail system with Waboose Lane and County Hwy W, both of which are open to year-round ATV/UTV traffic. This new segment of trail is anticipated to increase access to the trail system for those who live in the Waboose Lake community as well as increase access to the year-round trail system to the many businesses and property owners within the Crooked Lake community, just west of the county line, via County Hwy W. Upon creation of this new trail, the current trail system will no longer reside/share Forest Road 1613.

Trail Project Detailed Description

Marinette County proposes to create 1.91 miles of new ATV/UTV all season trail, allowing for snowmobile use when conditions permit. Of this new trail, 1.05 miles will connect the current all season trail system with Waboose Lane and County Hwy W, both of which are open to year-round ATV/UTV traffic. The additional .86 miles of new trail will replace approximately .91 miles of ATV/UTV trail currently using Forest Road 1613's footprint.

The proposed new trail will be cleared, grubbed and leveled. Where necessary, the trail will be built up with screened pit run. Additionally, there is significant terrain within several portions of the proposed trail. Crushed 3/4-inch aggregate/gravel will be spread and compacted within these portions of the trail system to reduce the potential for soil erosion/washouts.

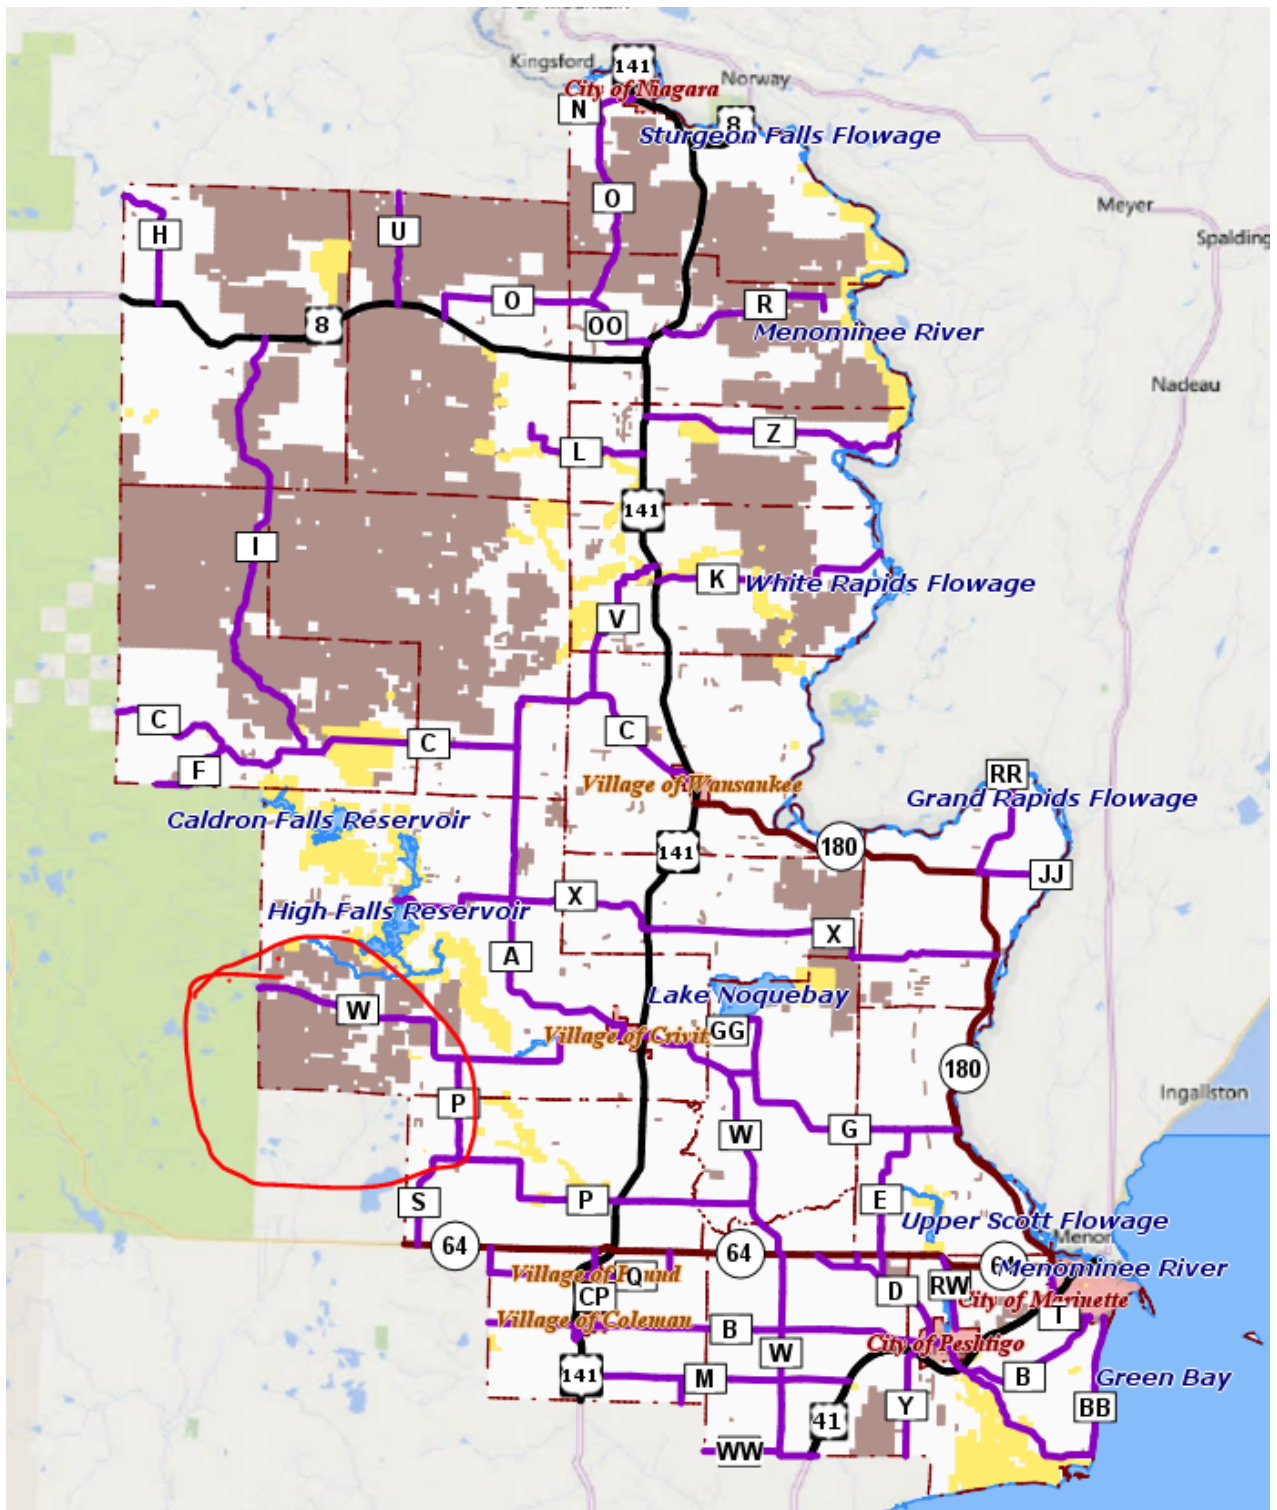

It is anticipated all material for this project will come from a non-metallic mine within the town of Stephenson.

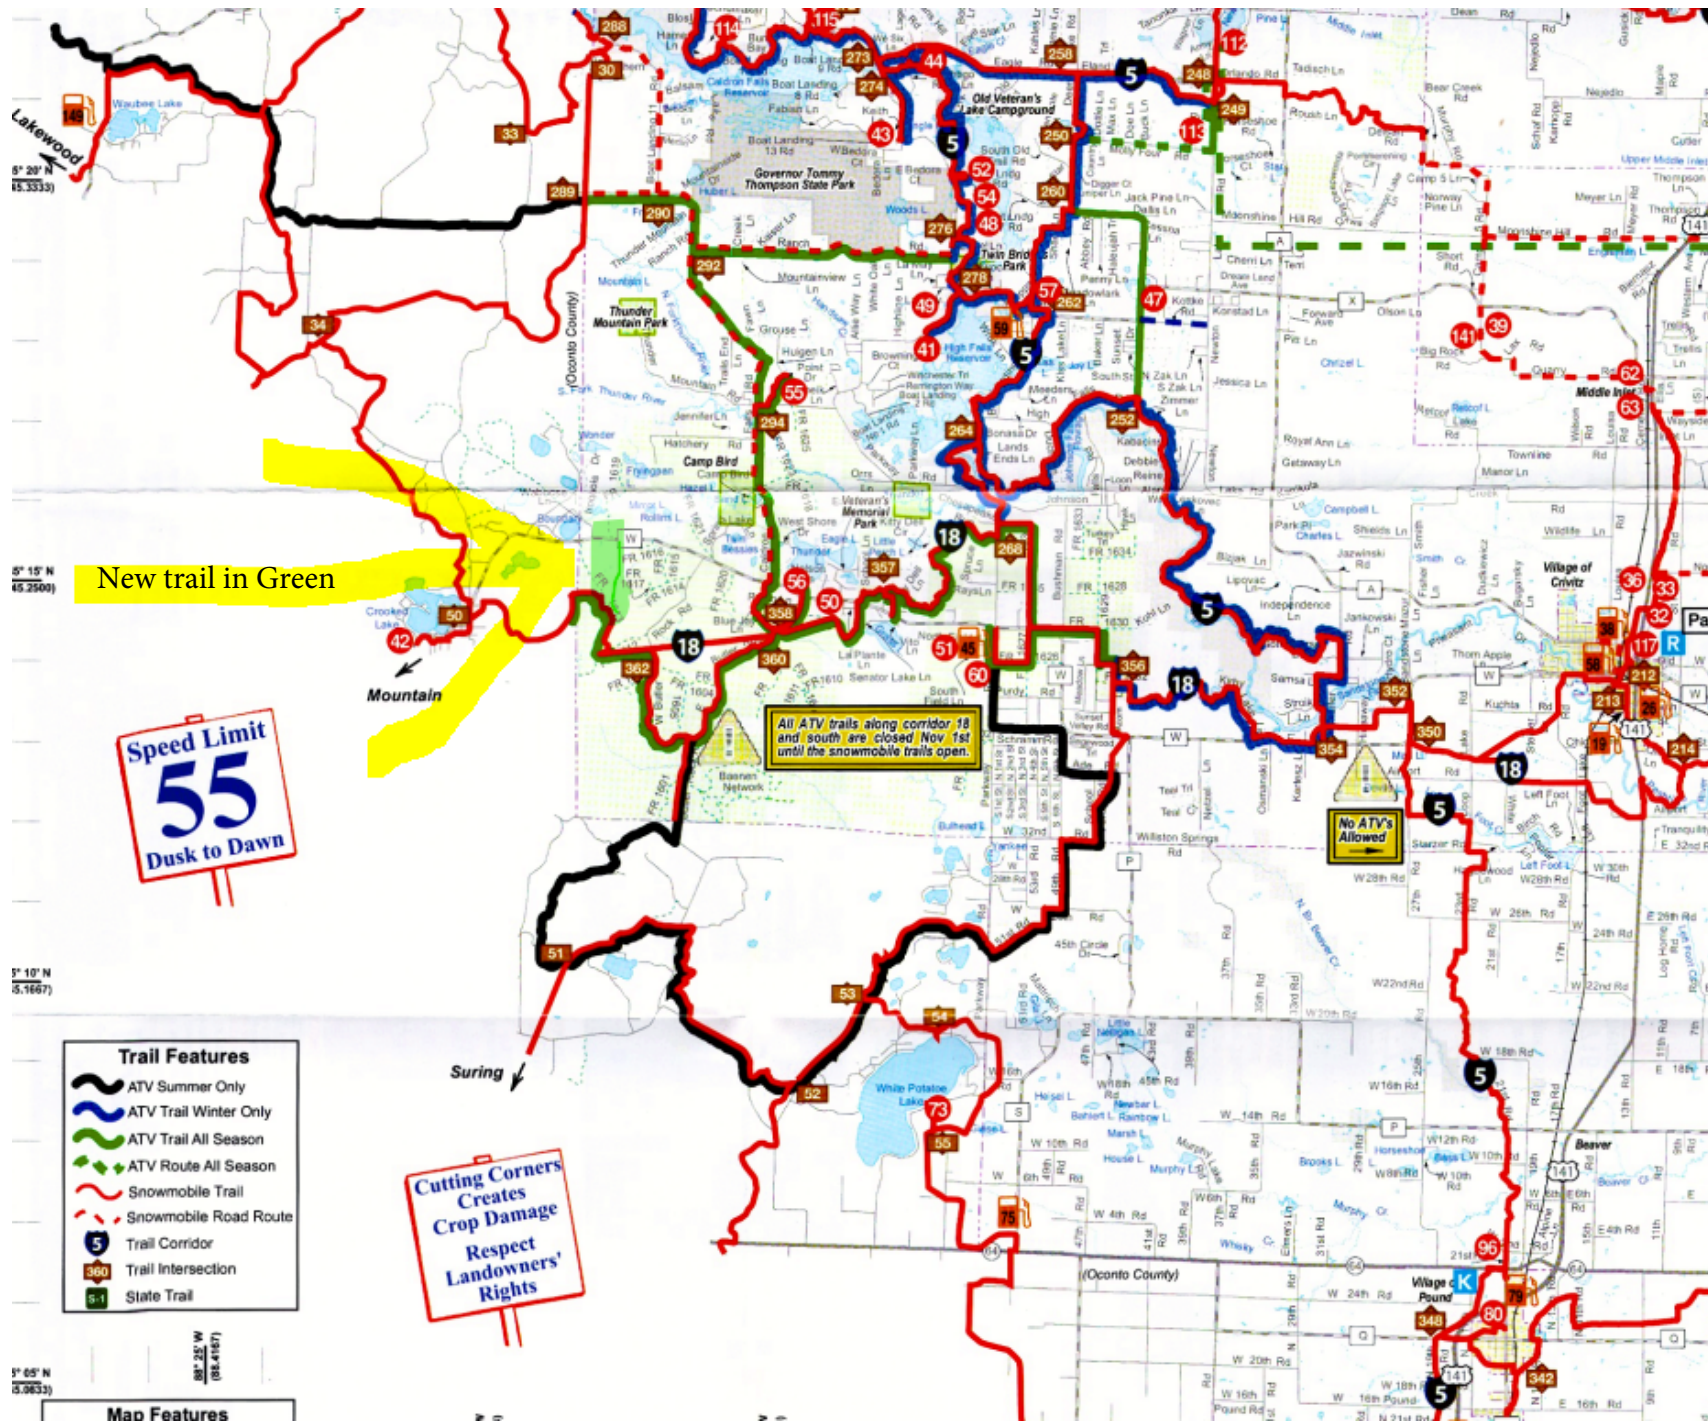

This trail will be an all season ATV/UTV and snowmobile trail.
