Project Description Summary

Langlade County proposes to develop a new ATV/UTV Trail / Trout totaling 2.3 miles including 2.1 miles of off-road trail and 0.2 miles of Gas Tax Trout. This trail will allow ATV/UTV riders access directly into the newly developed Perch Lake Campground and Charles De Langlade Park. This will then provide trail access to the park restroom and campground facilities and parking. Currently park and campground access by ATVs/UTVs is relatively uncertain as the Town has responded to resident complaints along Clear Lake Road near the Park entrance and has contemplated closing a segment of Clear Lake Road in front of the Park. This trail is also located in an area between the counties two large blocks of trails (Augustyn Springs and Parrish) and will allow riders to get off of road routes in between these blocks improving the riding experience and safety.

New Maintenance: ATV/UTV = 2.1mi x \$1,000/mi = \$2,100; Trout = 0.2mi x \$500/mi = \$100

☒ I certify that all maintenance land use agreements are on file.

Estimated Cost

Maintenance	Acquisition	Insurance	Development	Bridge Rehab.	Trail Rehab.	Total Estimated Cost
\$2,200.00			\$55,882.00			\$58,082.00

Funded Trail Name or Number (SNARS if applicable)			Has this trail ever received development or rehabilitation funds in the past? <input type="radio"/> Yes <input type="radio"/> No Year: _____ \$ _____				
Trail is located on: <input type="radio"/> Private property <input checked="" type="radio"/> Public property		Length of Easement or Landowner Use Agreement _____ years			Expiration Date		
Landowner Where Trail is Located Langlade County					Telephone Number		
What other recreational trail uses are planned for this trail?							

If there are other Recreational uses planned, how much of the trail development/rehab. cost will be paid for by other users?

How many miles would be affected if this project is not funded? 2.4		Will this result in closure of a trail? <input type="radio"/> Yes <input checked="" type="radio"/> No	
Is this a critical section to the overall trail system? <input type="radio"/> Yes <input checked="" type="radio"/> No		Is there a reasonable alternative? Road Routes	
Does any section of this trail contain a bridge? <input type="radio"/> Yes <input checked="" type="radio"/> No	Will this bridge require rehabilitation now or in the next few years? <input type="radio"/> Yes <input checked="" type="radio"/> No		What is the weight of your puller & drag/grading equipment? _____ lbs.

☒ Yes ☐ No Have you contacted your local [DNR Water Management Specialist \(WMS\)](#) regarding a permit?

☒ Yes ☐ No Is a permit needed? (Please provide any written correspondence from WMS.)

☐ Yes ☒ No Will this project be located near or cross any intermittent or perennial waterway? [Surface Water Data Viewer](#)

☒ Yes ☐ No Will this project be located near or cross any wetland?

☒ Yes ☐ No Will this project involve land disturbance – including clearing and grubbing – of 1 acre or more of land? (Less than 4/10th mile for a typical trail) [DNR Storm Water Contact List](#)

Trail Project Detailed Description

This trail development will include reconditioning of approximately 2.1 miles of existing woods roads and approximately for use as an ATV/UTV trail in the Towns of Elcho and Ainsworth in Langlade County.

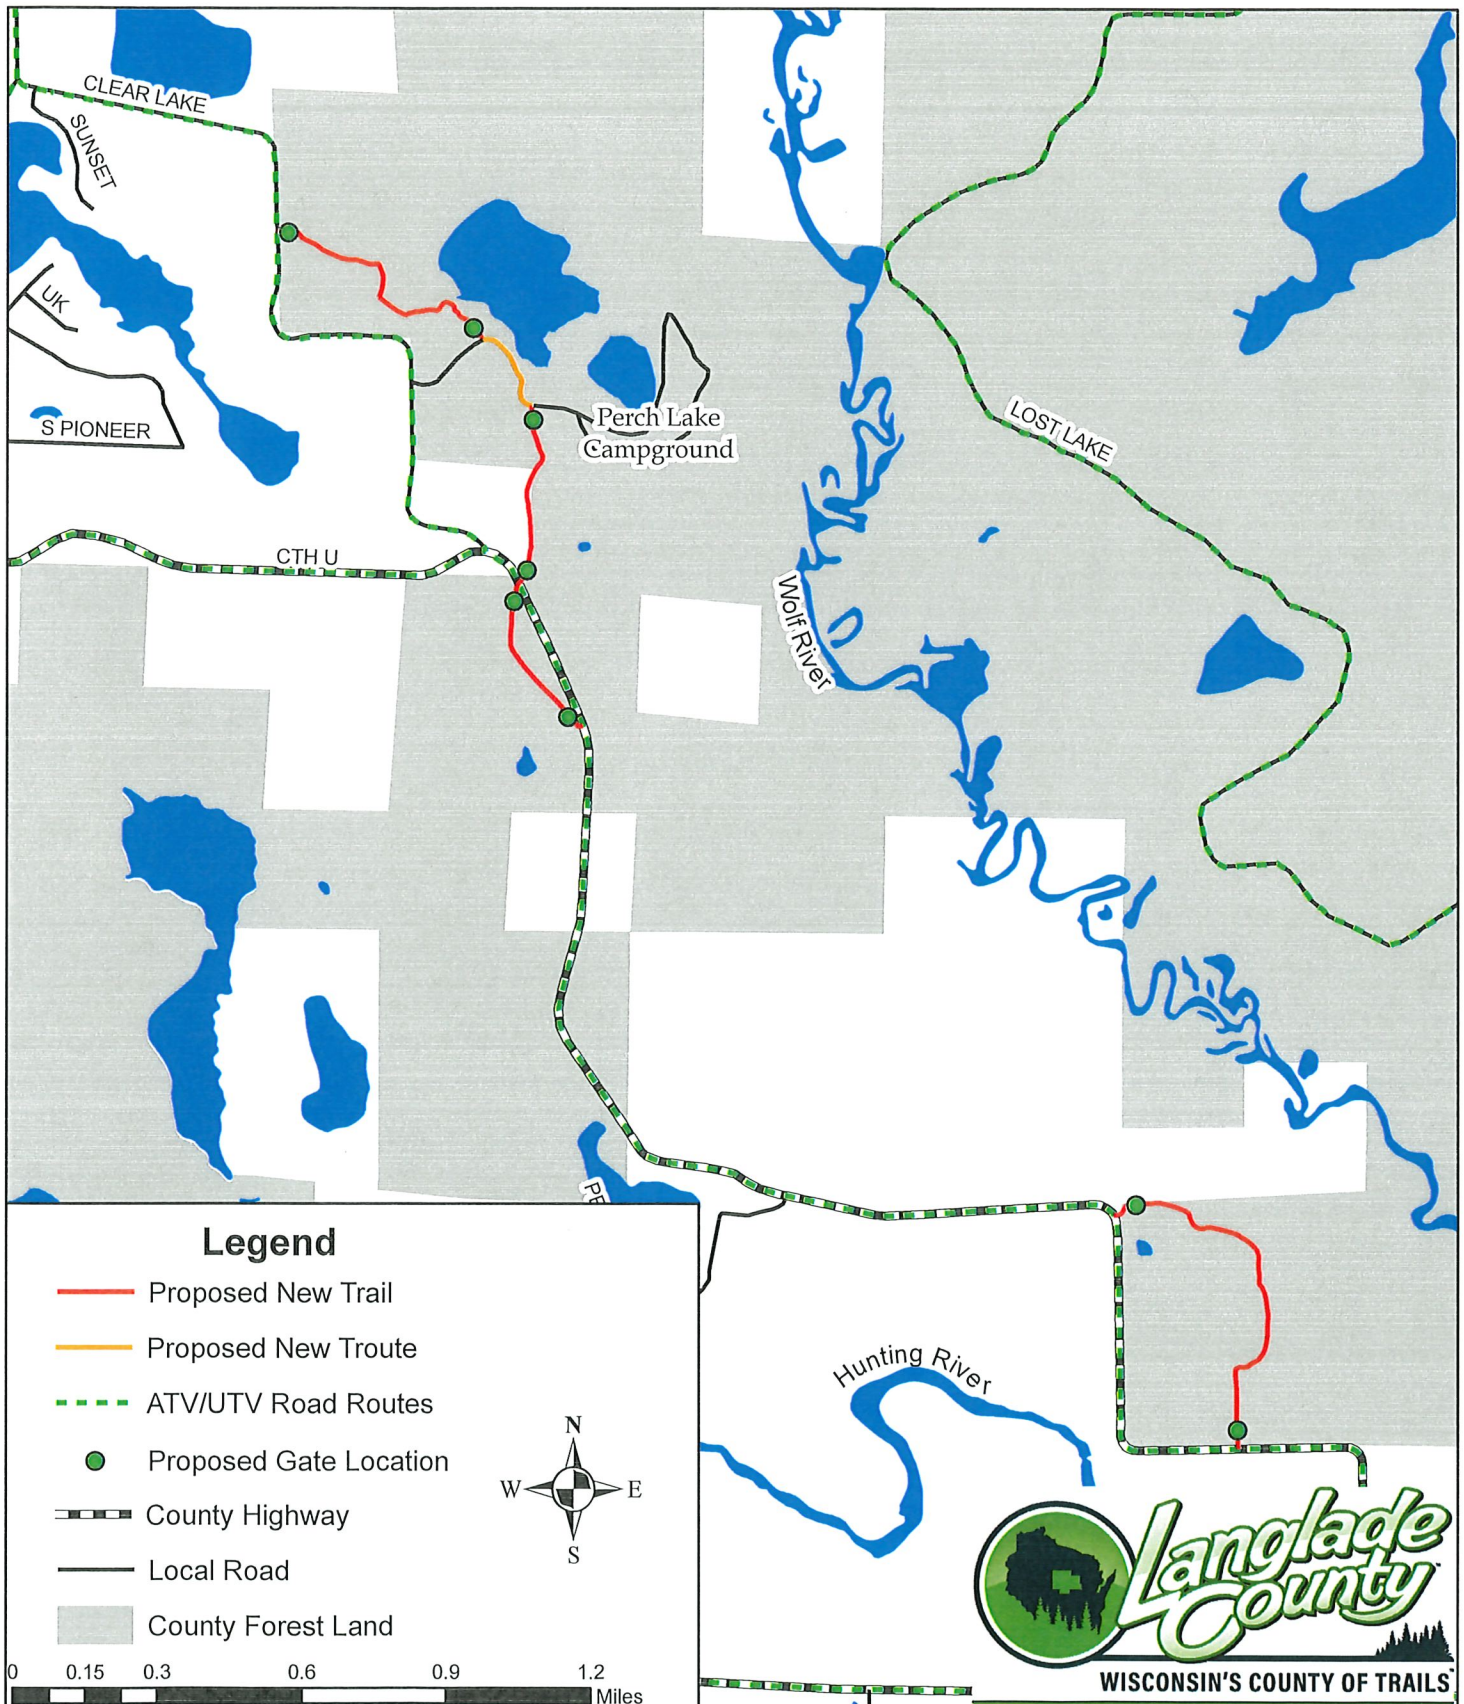

Work will include reshaping, drainage improvement, spot surface stabilization with gravel where need, brushing and minor trail expansion where needed on approximately 2 miles of existing woods roads. There will also be about 0.1 miles of new trail development which will include stumping, shaping and stabilization of the surface with gravel. All sections of this trail will be signed as detailed in the trail signing handbook.

Gravel will be utilized in order to firm up the trail surface where native soils are insufficient to handle traffic and where material is needed in order to raise the trail level to allow for proper drainage. Gravel depth will range from approximately 3 inches to 8 inches depending on surface conditions.

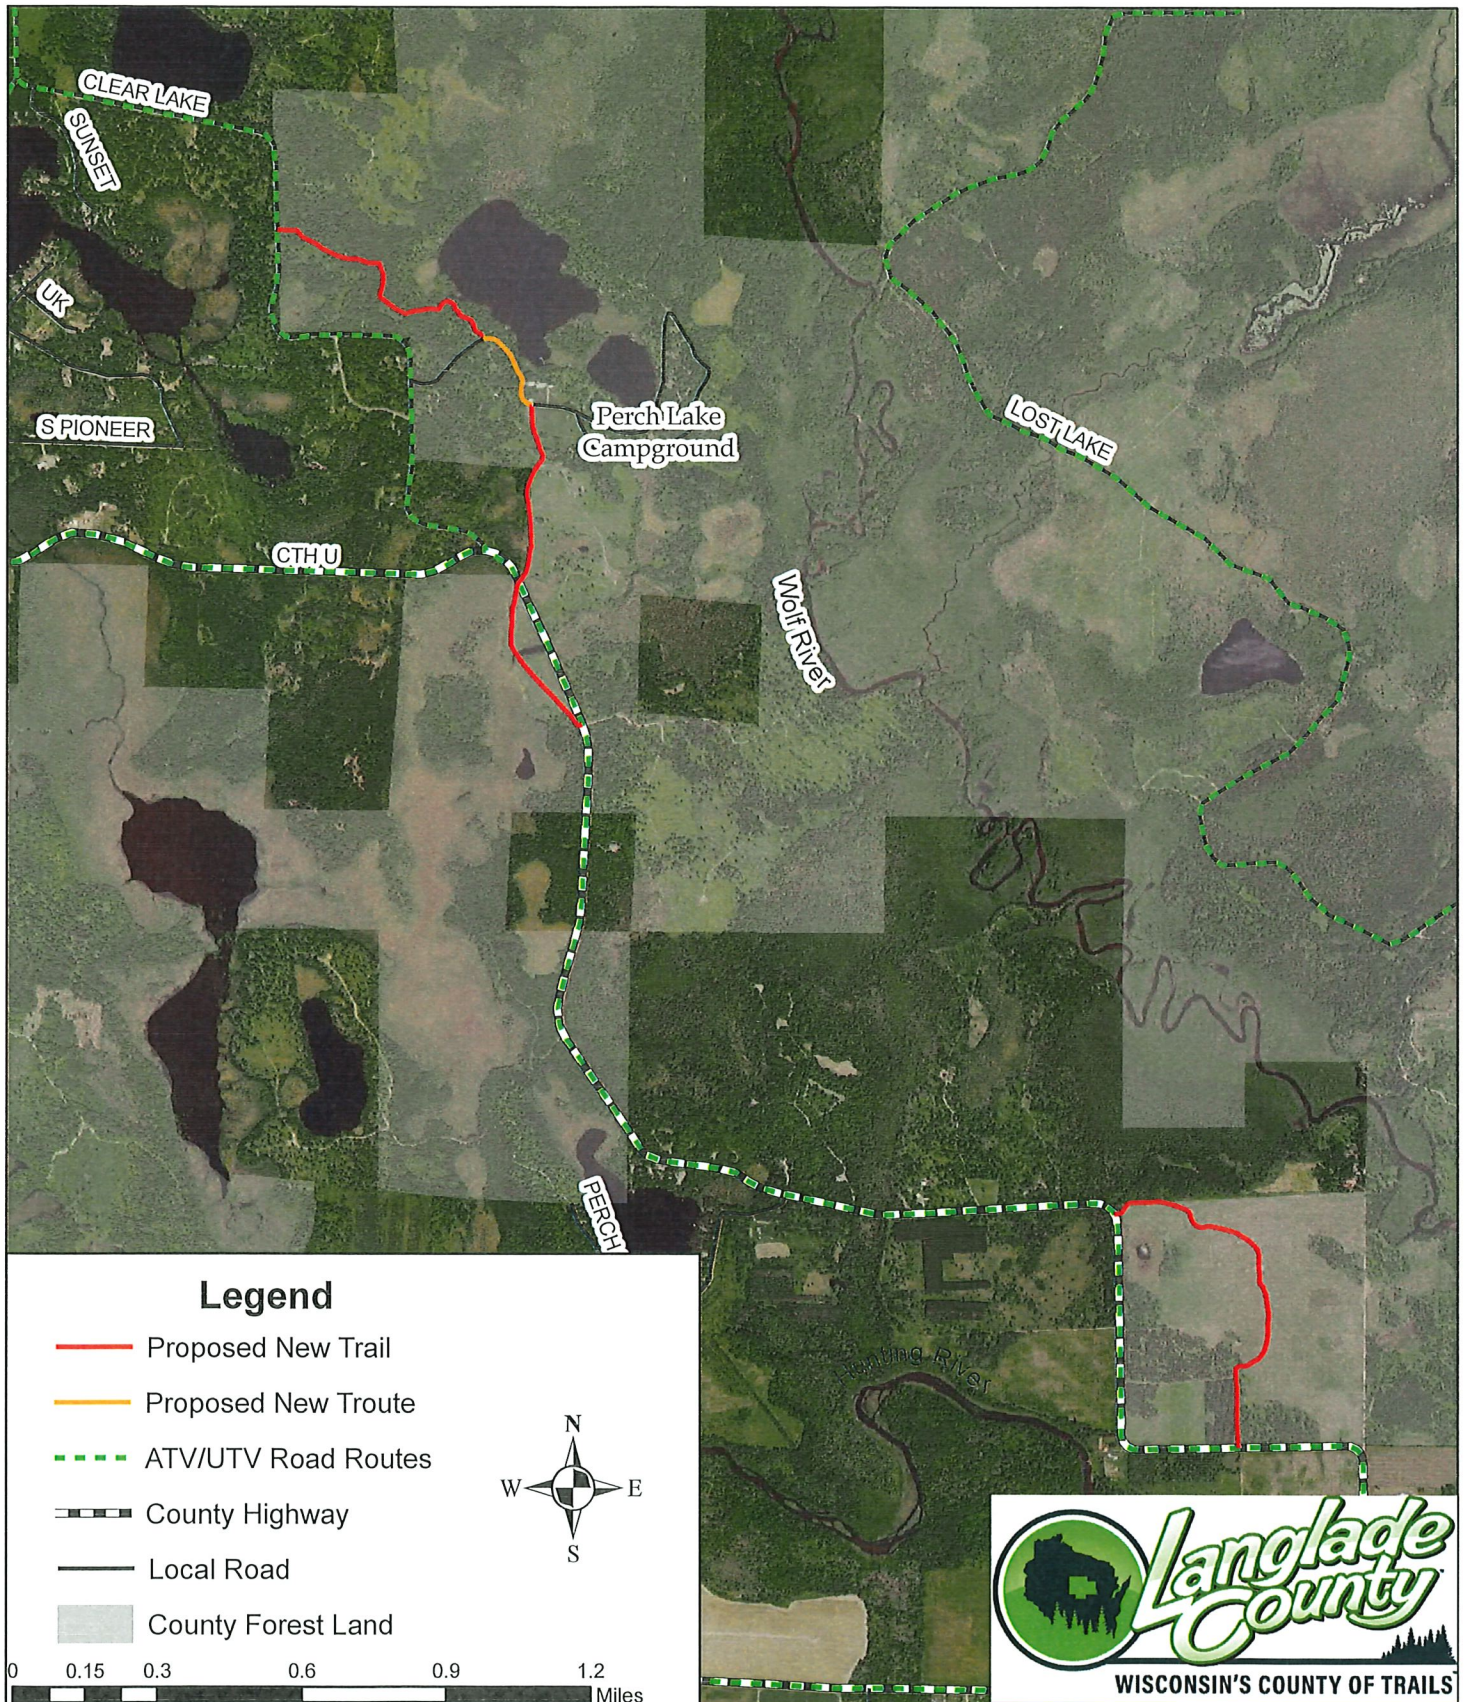

Gates will be installed on trail segments to limit access to ATVs/UTVs as shown in the attached maps.

A (0.2) mile section of Trout is be located near the middle of this trail located in Charles De Langlade Park (maintenance only requested).
