Project Description Summary

Lincoln County is formally requesting maintenance funding for an additional 0.32 miles of ATV/UTV trail. This segment is currently unfunded and serves a vital link connecting the state-funded trail systems in Lincoln, Oneida, and Langlade Counties. The trail is already in use and experiences a high volume of traffic; therefore, development costs associated with this funding request will be minimal. The segment consists of approximately 645 feet in Oneida County and the remaining distance is in Lincoln County. A Memorandum of Understanding (MOU) with Oneida County is currently on record. To ensure proper use, Lincoln County will install triple-post single-swing pipe gates with a by-pass to restrict access to ATVs and UTVs only. Lincoln County will oversee all maintenance activities, including grooming, brushing, signing, and grading, either directly or through a designated representative.

I certify that all maintenance land use agreements are on file.
