## Section 2: Project Information Required for all Projects

Project Title Devils Creek Bridge					Current Funded Miles 249.9	New Miles (if applicable) 0
County Lincoln	Township 31 N	Range 6	Section 16	¼ ¼ SW SE	GPS Coordinates: Lat. 45.166 Long. -89.743	

## Project Description Summary

Lincoln County is requesting funding to build a snowmobile/winter ATV bridge to cross Devils Creek. The trail currently uses the Joe Snow Road bridge to cross Devils Creek. The approaches to get onto Joe Snow Road for the road bridge crossing are quite steep, difficult to groom, difficult to operate a snowmobile/ATV on, and have limited visibility. The proposed Devils Creek recreational trail bridge crossing will provide a safer place for snowmobiles/ATVs to cross Devil's Creek and will eliminate the difficult approaches that the current crossing has. A short segment of rerouted trail will be required to cross at the new bridge site, but this will not result in an increase to the number of miles of funded trail. To establish the new trail segment only brushing and alder mowing will be needed. The funds being applied for will pay for the design and installation of a new bridge, an H & H study for the bridge location, and developing a short reroute to get the current trail to the crossing location. The lowest estimate for the total cost of the project is \$158,600. Lincoln County is requesting a 50/50 funding split (\$79,300 from each) for the bridge project from the snowmobile program and the winter ATV program.

☒ I certify that all maintenance land use agreements are on file.

**Bridge Project Detailed Description**

Lincoln County is requesting funding to build a snowmobile/winter ATV bridge to cross Devils Creek. The trail currently uses the Joe Snow Road bridge to cross Devils Creek. The approaches to get onto Joe Snow Road for the road bridge crossing are quite steep, difficult to groom, difficult to operate a snowmobile/ATV on, and have limited visibility. The proposed Devils Creek recreational trail bridge crossing will provide a safer place for snowmobiles/ATVs to cross Devil's Creek and will eliminate the difficult approaches that the current crossing has. A short segment of rerouted trail will be required to cross at the new bridge site, but this will not result in an increase to the number of miles of funded trail. To establish the new trail segment only brushing and alder mowing will be needed. The funds being applied for will pay for the design and installation of a new bridge, an H & H study for the bridge location, and developing a short reroute to get the current trail to the crossing location. The lowest estimate for the total cost of the project is \$158,600. Lincoln County is requesting a 50/50 funding split (\$79,300 from each) for the bridge project from the snowmobile program and the winter ATV program. The low bridge estimate is for a 50'x12' flat steel bridge that has a 20' manufactured approach on both ends(see reference drawing). The bridge is double decked with treated lumber. The design weight load for the bridge will be 25,000 lbs. Devil's Creek is a navigable stream and is about 30' wide at the crossing location. The bridge will be set to maintain 5' of clearance over the ordinary high water mark of the stream for navigation purposes. The bridge will be located in a wetland so fill will be kept to a minimum. The appropriate permits will be obtained before construction begins.

**Trail Project Detailed Description**

Lincoln County is requesting funding to build a snowmobile/winter ATV bridge to cross Devils Creek. The trail currently uses the Joe Snow Road bridge to cross Devils Creek. The approaches to get onto Joe Snow Road for the road bridge crossing are quite steep, difficult to groom, difficult to operate a snowmobile/ATV on, and have limited visibility. The proposed Devils Creek recreational trail bridge crossing will provide a safer place for snowmobiles/ATVs to cross Devil's Creek and will eliminate the difficult approaches that the current crossing has. A short segment of rerouted trail will be required to cross at the new bridge site, but this will not result in an increase to the number of miles of funded trail. To establish the new trail segment only brushing and alder mowing will be needed. The funds being applied for will pay for the design and installation of a new bridge, an H & H study for the bridge location, and developing a short reroute to get the current trail to the crossing location. The lowest estimate for the total cost of the project is \$158,600. Lincoln County is requesting a 50/50 funding split (\$79,300 from each) for the bridge project from the snowmobile program and the winter ATV program.

Lincoln County winter ATV trails are not opened until one week after the corresponding snowmobile trail has been opened and trails are closed to ATVs when the temp is above 28 degrees F. UTVs are not allowed on winter ATV trails in Lincoln County.

Guidelines for Applicant

Complete this form for each relocation you are submitting a grant application for. Provide any additional documents not requested on application checklist to substantiate your points, including actual deeded easements.

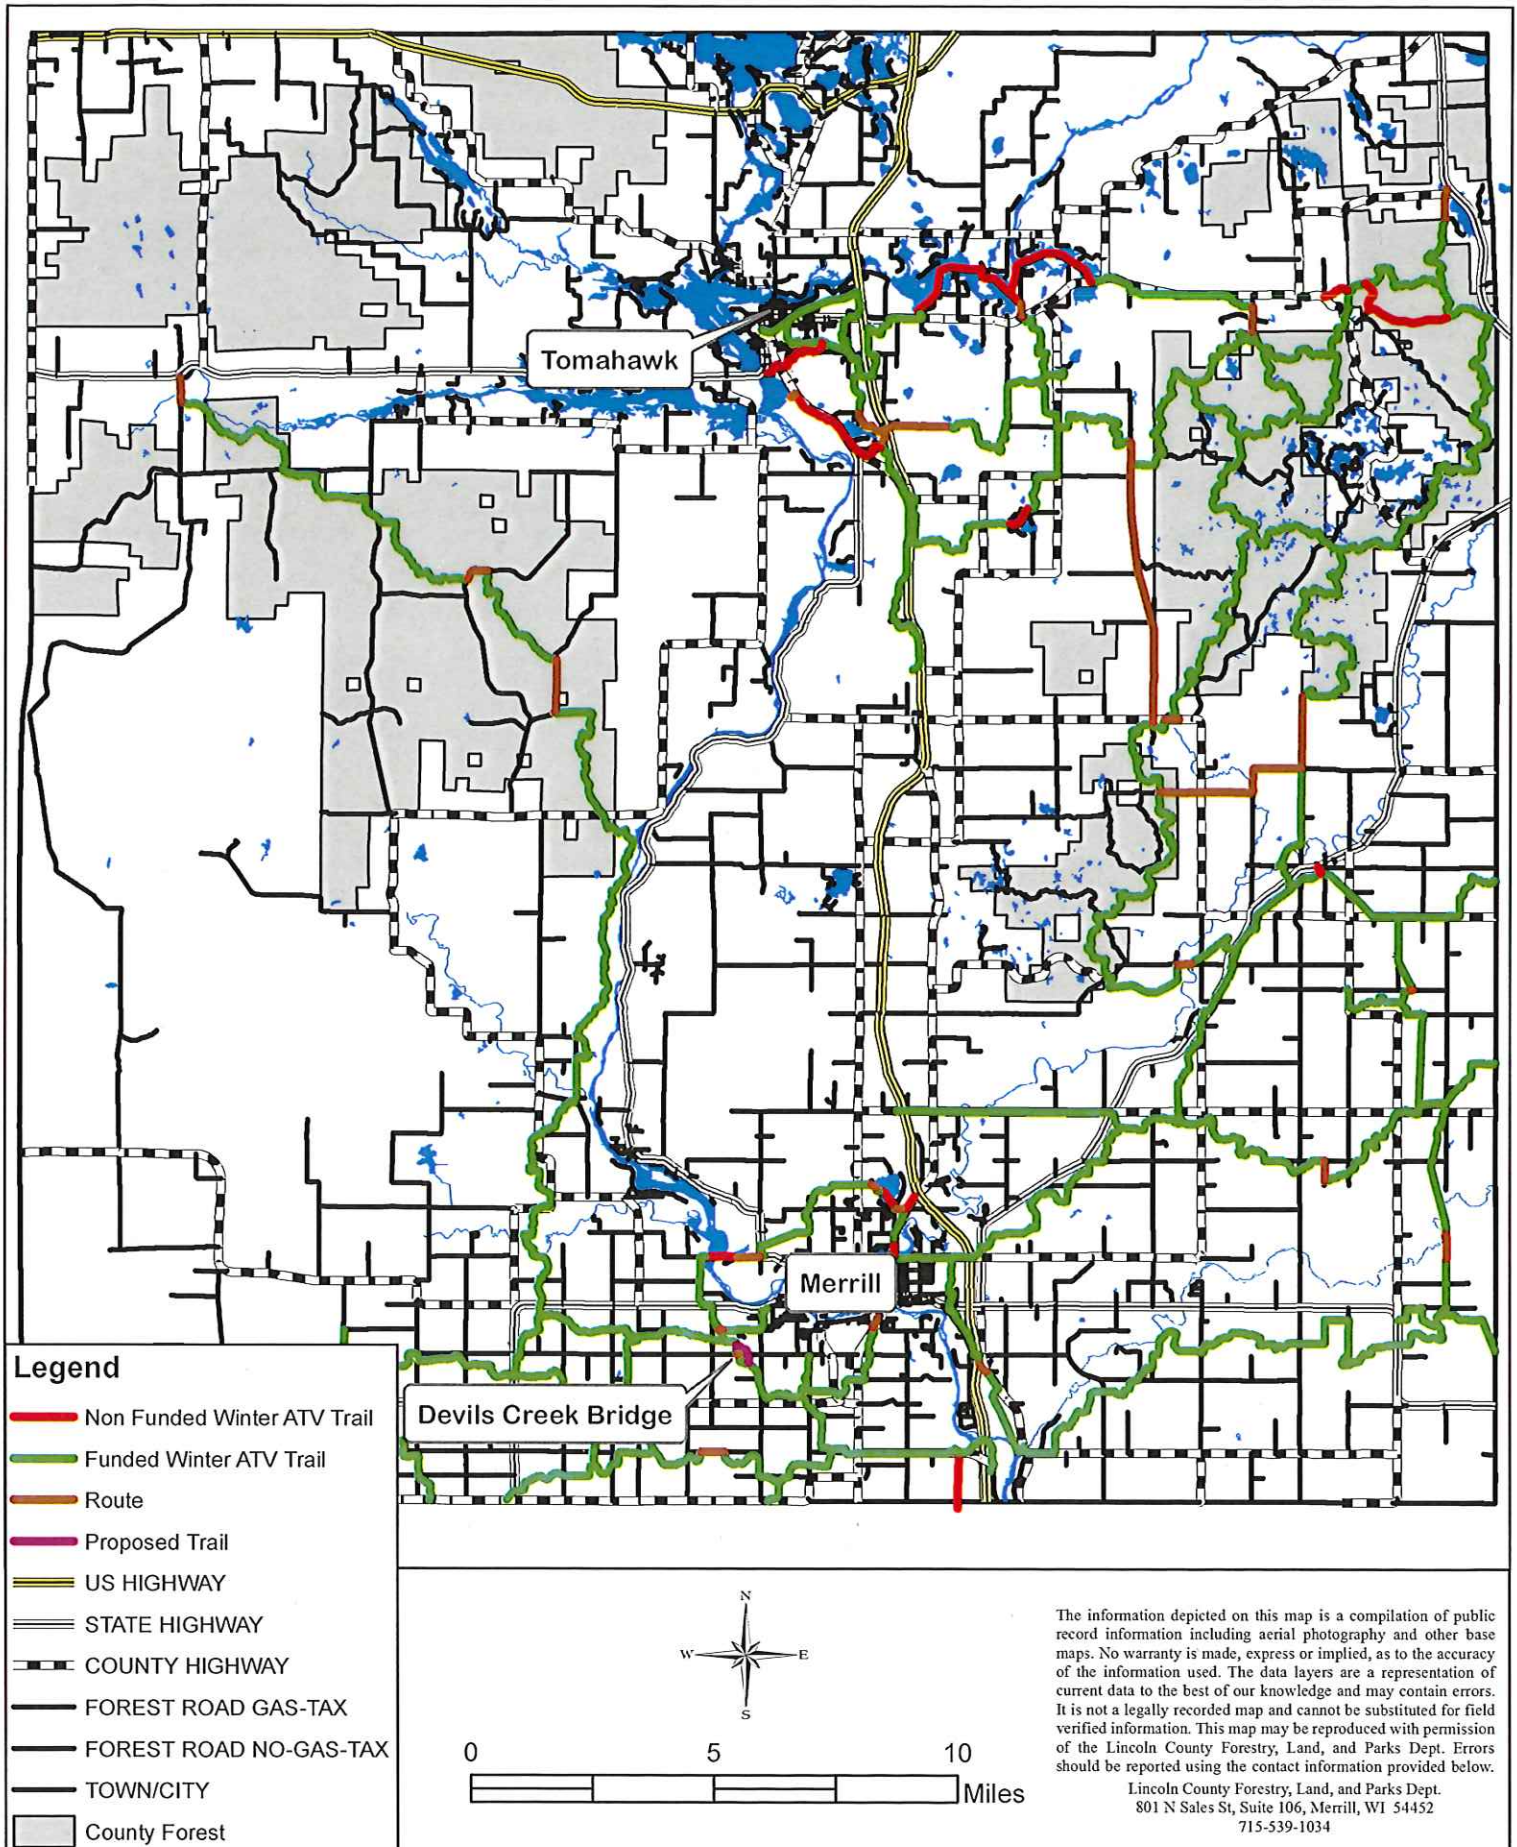

Mandatory or Discretionary? (no points)		
A) Trail is already closed or will be closed for the upcoming season. = <b>Mandatory</b>		B
B) Trail won't be closed for the coming season, but relocation is preferable for landowner request to avoid road use, etc = <b>Discretionary</b>		

Category		Possible Points	Actual Points
1	<b>Maintenance Increase Only</b>		
	New trail footprint has already been cleared/constructed, application is requesting only a maintenance increase	2	0
2	<b>Dedicated Highway Rec Wing</b>		
	An opportunity to develop a dedicated rec wing on a highway will allow for increased safety of trail users by getting them off of a shared highway bridge.	2	0
3	<b>Funding (maximum points 2) Are other funds already committed?</b>		
	50% or greater from other funding source(s)?	2	
	11% - 49% from other funding source(s)?	1	
	0% - 10% from other funding source(s)?	0	0
4	<b>Length of Written Easements or Land Use Agreement (max points 4) (ch. 23.09(26)(am)1 WI Stats)</b>		
	On public land (County, State, Federal)	4	
	10 or more year <b>deeded easement</b> on private land or other public land, for all portions of that trail segment to the nearest road on each side	3	
	3-9 year <b>deeded easement</b> on private land or other public land, for all portions of that trail to the nearest road on each side	2	
	10 or more year land use agreement (LUA, not deeded) on private land or other public land	1	1
	3-9 year land use agreement (LUA, not deeded) on private land or other public land	0	
5	<b>Miles Impacted – How many miles will need to rerouted if the trail is shut down? Measured from nearest intersection on both sides of lost segment. (max 4 points)</b>		
	Less than 20 miles	1	1
	20 miles or more	3	
	No other snowmobile trails connect. Explain:	4	
<b>DEDUCTIONS</b>			
8	<b>County Active Project Deduction (maximum deduction 1 point) A snowmobile active project is one that has exceeded it's initial grant period.</b>		
	Two or more active projects - deduct 1 point	-1	0
<b>GRAND TOTAL</b>			2

Hi Nate

This email is a follow up to our recent phone conversation regarding a grant estimate for an H & H study on Devil's Creek in Lincoln County. We are applying for a grant to put in a new snowmobile bridge on Devil's Creek. As part of the project we are looking for an estimate of what an H & H study would cost for the site. I have attached a map of the proposed bridge site. Please let me know if you have any questions.

Thank You

Lee Rahlf

Good Afternoon Lee,

We've come up with an estimate of \$10,000 to complete an H&H Study at the proposed snowmobile bridge site on Devils Creek. This estimate is on the conservative side to make sure you request enough funds in your grant application.

If you need a more detailed breakdown or have any other questions, feel free to reach out.

Thank you,

*Nate Guldán*

**Budgetary Estimate Proposal  
Devil's Creek Snowmobile Bridge  
50' Snowmobile Bridge with Abutments**

**Prepared for:**

Lincoln County – Lee Rahlf  
801 N Sales Street, Suite 106  
Merrill, WI 54452  
2-12-25

**Prepared by:**

Janke General Contractors, Inc  
1224 Mt View Lane  
Athens, WI 54411  
Mike Rausch – 715-257-7901

---

**1. Project Overview**

This budgetary estimate outlines the anticipated costs for the design, fabrication, delivery, and installation of a 50-foot snowmobile bridge including abutments. The proposed bridge will accommodate snowmobiles and light utility vehicles, ensuring durability and safety for winter and off-season use. The bridge will have a 12-foot wide travel surface and a vehicle rating of 25,000 lbs, conforming to Wisconsin's guidelines for snowmobile bridges.

---

**2. Scope of Work**

- **Design & Engineering:** Structural design, load analysis, and stamped engineering plans.
  - **Materials & Fabrication:** Steel truss bridge with treated timber decking.
  - **Abutments & Foundation:** Reinforced concrete or steel abutments suitable for terrain and load.
  - **Delivery & Installation:** Transport of bridge materials and on-site assembly.
  - **Site Preparation & Mobilization:** Clearing, excavation, and mobilization.
  - **Safety & Compliance:** Installation compliant with local, state, and federal regulations, including Wisconsin's snowmobile bridge standards.
-

### 3. Estimated Budget

Item	Estimated Cost (USD)
Design & Engineering	\$10,000 - \$15,000
Bridge Fabrication (50')	\$80,000 - \$100,000
Abutments & Foundation	\$90,000 - \$110,000
Delivery & Installation	\$25,000 - \$35,000
Site Preparation / Mobilization	\$40,000 - \$50,000
Miscellaneous & Contingency (15%)	\$25,000 - \$35,000
<b>Total Estimated Cost</b>	<b>\$270,000 - \$345,000</b>

*Note: Costs may vary based on location, material availability, environmental factors, and required site work.*

---

### 4. Assumptions & Exclusions

#### Assumptions:

- Standard soil conditions (no extreme rock excavation or wetland considerations).
- No major utility relocations required.
- Access for equipment and materials is feasible.

#### Exclusions:

- Land acquisition, easements, or right-of-way costs.
- Extensive environmental impact studies or mitigation.
- Future maintenance and operational costs.

---

### 5. Timeline Estimate

- **Design & Engineering:** 4 - 6 weeks
- **Permitting & Approvals:** 6 - 12 weeks (dependent on local regulations)
- **Fabrication:** 20 - 26 weeks
- **Site Preparation & Installation:** 4 - 6 weeks

Total estimated project duration: 6 - 8 months (subject to permitting and seasonal conditions).

## **6. Conclusion**

This budgetary estimate provides a preliminary financial framework for the construction of a 50-foot snowmobile bridge

We appreciate the opportunity to be considered for this project and look forward to discussing further details. Please feel free to reach out with any questions or to schedule a consultation.

**Sincerely,**

Mike Rausch

# LAND USE AGREEMENT

## TO WHOM IT MAY CONCERN

This is to certify that Lincoln County, hereinafter called the Permittee, is hereby permitted and authorized by Karin Koelsch, hereinafter called the Owner, to enter upon and use the following described area located (Legal) S<sup>W</sup> 1/4 SE 1/4 Sec 16 T31N-R6E Town of Scott, Lincoln County, Wisconsin, for the purpose of designating and maintaining a snowmobile and winter ATV trail. In order to accomplish this purpose, the Permittee intends to place or construct the following items on the above described land: Bridge.

This permit shall be in effect for a period of 10 years commencing the 31 day of JANUARY 2025.

It is understood by the Owner and the Permittee that this permit is subject to the following conditions:

1. This permit is nontransferable.
2. All stumps, slash, waste materials and other debris resulting from the permitted land use will be disposed of by the Permittee as directed by the Owner.
3. No cutting or trimming of trees shall be done unless approved by the Owner, except for general trail maintenance.
4. All signs, postings, and other markers shall be of State approved standards for snowmobile and ATV trails.
5. This permit is terminated if the designated land is not used by the Permittee for the purpose of a snowmobile and ATV trail for a period of one year, or if the Permittee fails to comply with any of the conditions of this permit.
6. The Permittee shall maintain the area under permit in a safe condition at all times.
7. The Permittee agrees to protect, indemnify, and save harmless the Owner, its agents and employees, from and against any and all claims, demands, suits, liability and expense, by reason of loss or damage to any property or bodily injury to any person whatsoever, that may arise from the construction and placement of objects on the described land and from the maintenance or use of the described lands as a snowmobile and winter ATV trail.
8. The Permittee agrees to reimburse the Owner for any unauthorized property damage to the land of the Owner that may arise from the construction and

placement of objects on the described lands and from the maintenance of the described lands as a snowmobile and winter ATV trail.

9. Additional conditions specifications pertinent to this agreed land use will be valid if enumerated in the space provided between this condition and the closing signatures. Every such additional condition will be initialed by the Permittee and the Owner.
10. This permit authorizes public use of said snowmobile and ATV trail between December 1 and April 1 of each year. Also, Devil's Creek Stamp Jumpers Snowmobile Club are authorized to do necessary maintenance during the balance of the year as long as it does not interfere with any activity or operation being carried on by Owner or as specifically permitted by owner.
