County <b>Florence</b>	Township <b>38 N</b>	Range <b>19</b>	Section <b>36</b>	¼ ¼ <b>NW</b>	¼ <b>NW</b>	GPS Coordinates: Lat. <b>45.7282922</b> Long. <b>-88.0742082</b>

**Project Description Summary**

Florence County would like to develop a section of existing unnamed road that runs through county owned property into a funded trail. The existing road bed has had some improvements made to it over the last 3-5 years to make it a functional trail that can withstand ATV and UTV traffic. Currently the trail is used as a connector trail to Forest Road 533 in Marinette County but will need an extensive amount of improvements to bring it up to approved trail standards. This trail is 1.92 miles long and travels through some of Florence Counties most beautiful hardwood stands. This trail has been actively used for several years as a connection to the Town of Aurora and the remaining Florence County ATV and UTV trail network. This future funded three season trail will need an estimated 2630 yards of gravel to cap off 420 yards of crushed iron ore and the existing ore that is already in place. Materials will be spread out at 6" and compacted to 4" by the use of a dozer, grader, and tractor with wobble wheel attachment. We have figured that it will take about 2.5 weeks to complete and we will place large 4'x4' signage throughout the project area so we can complete the work and eliminate the need to close down the trail. Riders are appreciative of this and patient during the process.

I certify that all maintenance land use agreements are on file.

**Estimated Cost**

- Yes     No    Will this project be located near or cross any wetland?
- Yes     No    Will this project involve land disturbance – including clearing and grubbing – of 1 acre or more of land? (Less than 4/10th mile for a typical trail) [DNR Storm Water Contact List](#)

**Trail Project Detailed Description**

Florence County would like to develop a section of existing unnamed road that runs through county owned property into a funded trail. The existing road bed has had some improvements made to it over the last 3-5 years to make it a functional trail that can withstand ATV and UTV traffic. Currently the trail is used as a connector trail to Forest Road 533 in Marinette County but will need an extensive amount of improvements to bring it up to approved trail standards. This trail is 1.92 miles long and travels through some of Florence Counties most beautiful hardwood stands. This trail has been actively used for several years as a connection from the south to the Town of Aurora and the remaining Florence County ATV and UTV trail network. This future funded three seasons trail will need an estimated 2630 yards of gravel to cap off 420 yards of crushed iron ore and the existing ore that is already in place. Materials will be spread out at 6" and compacted to 4" by the us of a dozer, grader, and tractor with wobble wheel attachment. It will take about 2.5 weeks to complete and we will allow the trail to remain open during the project by putting up signage throughout the trail to warn riders.
