County Price	Township 35 N	Range 1	Section 2	¼ ¼ SE	¼ NW	GPS Coordinates: Lat. 45.543262 Long. -90.465349

#### Project Description Summary

The Price County Snowmobile Trails Association is planning on constructing a snowmobile bridge across the North Fork of the Jump River in the Town of Catawba, located in western Price County. There is an existing bridge with existing fill, so that will be utilized for the new bridge. The bridge is to only be used as a snowmobile bridge during the snowmobile season. The design will consist of a straight span bridge of 65' in length and 12' wide. The bridge will have at least 5' of clearance (more than likely 8' due to bank elevations and current bridge) so that navigability is maintained. Disturbance will be minimal since the bridge will be anchored by driven posts. Silt fencing will be placed along the river during construction to ensure no erosion occurs. The area impacted will be the 65' of which the bridge crosses the river. The area where the bridge is located is mapped wetland, so no fill will be placed on site.

I certify that all maintenance land use agreements are on file.

#### Estimated Cost

Maintenance	Acquisition	Insurance	Development	Bridge Rehab.	Trail Rehab.	Total Estimated Cost <i>94,000</i>
