Project Description Summary

Vilas County is proposing to rehab approximately 1.2 miles of Corridor Trail 10 From TIN # 204 to TIN # 205. This trail has been used as a snowmobile trail for 30+ years. The project will consist of improving tight corners with limited sight distances and improve slopes on the hills. There is a developmental cost and there are no bridges on this trail section. Maintenance of this trail has been and will be done by the Sayner Barnstormers snowmobile club. This trail will be groomed with AAA-2 grooming equipment.

I certify that all maintenance land use agreements are on file.

Estimated Cost

Maintenance	Acquisition	Insurance	Development	Bridge Rehab.	Trail Rehab.	Total Estimated Cost

Subject: Variance from non-statutory requirement

Dear Jeff,

The Wisconsin Administrative Code NR 50.09(4)(g) 1 states: Snowmobile trail segments eligible for rehabilitation assistance shall be a minimum of 3 miles in length and shall be a part of the funded trail system of the county for a minimum of 10 years from the date of application for trail rehabilitation except where a natural event or other circumstances beyond the control of the county adversely affected trail safety prior to this 10-year period.

Based on this requirement, Vilas County is requesting a variance to allow rehabilitation of 1.2 miles of snowmobile trail which needs to have some of the curve's widen and hills cut to improve visibility and safety for the trail users. The variance and possible funding will allow for safer and improved maintenance and improved visibility on this section of trail.

If you have any questions or concerns, please contact me at your convenience.

Thank you,
Todd Bierman
Park and Recreation Supervisor
