Motorized Recreation Grant Application

For: (choose all that apply) Form 8700-159 (R 02/2024)

- ATV/UTV Trail Aid
 Snowmobile Trail Aid

Due Date: April 15

Notice: Completion of this form is required under Wisconsin Statutes 23.09(26) and 23.33. Failure to complete this form will result in denial of financial assistance. Personally identifiable information found on this form is not intended to be used for any other purpose.

Instructions: Applications may combine more than one source of funds. They may be submitted for consideration of traditional ATV, UTV, Snowmobile and Motorized Stewardship funding. Submit one copy of all forms and attachments. See Page 2 for necessary attachments. Send applications to your Community Services Specialist.

Table with 2 columns: Category, Number. Under DNR Use Only header.

Section 1: Applicant Information

Applicant / Organization Name: Florence County Forestry and Parks
Check Recipient: Individual other than authorized individual to act on behalf of the applicant. [X] Select if the same as applicant.
Individual Authorized to Act on Behalf of Applicant per Resolution: Mathew Gummin
Check Recipient Name (Name to Appear on Check): Mathew Gummin
Title: Recreation Manager
Address: 5617 Forestry Drive
City: Florence, State: WI, ZIP Code: 54121
Telephone Number: (715) 528-3207
Email Address: mgummin@florencecountywi.gov

Section 2: Project Information Required for all Projects

Project Title: F2 Mini Pipe Replacement and Washout Repair 2025
Current Funded Miles: 68.35
New Miles (if applicable):
County: Florence, Township: 39 N, Range: 18, Section: 21, 1/4 1/4: SW, 1/4: NW
GPS Coordinates: Lat. 45.8456001, Long. -88.2564151

Project Description Summary
Florence County would like to rehab a section of F2 trail NW of Pine River Rd. (45.8456001,-882564151) in the town of Commonwealth. This dual use, year round trail starts on Goodman Forest and ends on County owned property (45.8579902,-88.2627649) to the north. This project will involve the use of 1440 yards of 6" gravel and 470 yards of 6" crushed ore. There are 2 low spots that are 18" deep and hold water for the majority of the season and into winter freeze up. There are also several low spots that should be raised to eliminate water traps. Adding run-outs and ditching will be beneficial to the trail also. There is an existing 12" ABS pipe that serves an intermittent stream for runoff during large rain events and spring thaw that needs to be replaced due to its size. We will place 20 yards of rip-rap on both the inlet and outlet sides to slow water flow and to combat current and additional trenching or scouring. We will also brush back the trail for increased visibility and to help eliminate riders from experiencing near collisions. We are asking for 80% (\$27,697.79) funding from the ATV-UTV Program and the remaining 20% (\$6,924.45) from the Snowmobile Program as this does provide a benefit to this dual use trail.

ATV 80%=\$28,338.00; Snow 20% = \$7,085.00

[X] I certify that all maintenance land use agreements are on file.

Estimated Cost

Table with 7 columns: Maintenance, Acquisition, Insurance, Development, Bridge Rehab., Trail Rehab., Total Estimated Cost. Values: \$34,622.24, \$35,422.24

Applicant Certification

Printed Name of Authorized Official: Mathew Gummin
Official's Title: Recreation Manager

As the applicant's authorized official, I certify that, to the best of my knowledge, the information in this application is true and correct.

**Trail Project Detailed Description**

Florence County would like to rehab a section of F2 trail NW of Pine River Rd. (45.8456001,-882564151)in the town of Commonwealth. This trail dual use, year round trail starts on Goodman Forest and ends on County owned property (45.8579902,-88.2627649) to the north. This project will involve the placement of 1440 yards of 6" gravel and 470 yards of 6" crushed iron ore. There are a 2 low spots that are 18" deep and hold water for the majority of the season and extending into winter freeze up. There are also several low spots that should be raised up to eliminate water trapping. The addition of run outs and ditching may be beneficial to the trail also. There is an existing 12" culvert that serves an intermittent stream for runoff during large rain events and spring thaw that needs to be replaced due to its size. We will place 20 yards of riprap on both the inlet and outlet sides to slow water flow and to combat current and additional trenching or scouring. We will also brush back the trail for increased visibility and to help eliminate riders from experiencing near collisions. We are asking for 80% (\$27697.79) funding from the ATV-UTV Program and the remaining 20% (\$6924.45) from the Snowmobile Program as this does provide a benefit to this dual use trail.
