Project Description Summary

Eau Claire County will be constructing a 24'x36' shelter along the county snowmobile and ATV trail system at popular stopping point, Knights Pool. This is located between ATV intersections 18 and 19 and directly on snowmobile Corridor 20.

The Chippewa Valley Grouse Dog Association is donating the cost of building materials for the structure and supplying the labor to erect the structure. Eau Claire County will be doing the site prep work needed for construction, road/trail building, and parking lot installation. Currently, there is enough funding to build the structure and install a gravel floor.

Funding is requested to cover the cost of adding a concrete floor and adding 6 picnic tables to the site once constructed. Overall project costs are budgeted at \$36,984 (including concrete and tables). Funding requested from ATV and Snowmobile programs is \$5,838 each or approximately 15% of the total project budget from each program.

I certify that all maintenance land use agreements are on file.
