

ANNUAL DRY CLEANING PRODUCT USE REPORTED TO DOR

■ Perchloroethylene (in gallons) ■ Non-Perchloroethylene (in gallons)

This data is based on volumes reported by solvent suppliers on their quarterly returns per calendar year. Quantities for filing years 2000 and earlier are based on data converted from Excel spreadsheets that may or may not have been maintained in a diligent and rigorous fashion.

*1997, 2009 & 2010 totals reflect partial year data.
