2. A Class A power unit **not** pulling a 7'6" grooming drag will be placed in Class B for rate purposes.
3. A Class B power unit **not** pulling a 5'10" grooming drag will be placed in Class C for rate purposes.
4. A power unit will **not** be placed in a higher class if it pulls a larger grooming drag than specified for the class.
5. Modifications to the drag must maintain original cutting and packing function as designed. Modifications made outside the main frame will not increase the funding class.
6. Those winged drags that were previously funded and met the specifications as stated prior 2022-23 season may continue to be funded at their previous classification (drag dimensions included) for a period of 10 years (through 2031-32)
7. Groomer time spent traveling on a route that is an integral part of a single funded trail may be funded at a rate of 50% of the assigned groomer rate, as non-grooming transport time. DNR will determine if route is integral to the funded trail.
