**Statutory Authority for Summer Tribal Youth Program**

Created during the 2013 Legislative Session (2013 Wis. Act 20), enabling legislation for this program reads as follows:

**Section 23.09 (27), Wis. Stats.:**

*SUMMER TRIBAL YOUTH PROGRAM. The department may, in partnership with any of the federally recognized American Indian tribes or bands domiciled in this state, establish a summer program that provides members of the tribe or band who are 13 to 19 years of age with an opportunity to work on projects related to the conservation of natural resources. The department may not provide funding that exceeds 50 percent of the eligible program costs. The tribe or band shall be responsible for the remainder of those costs.*

## Part I. Eligible Applicants/Sponsors

Federally recognized American Indian tribes or band domiciled in the state of Wisconsin are eligible applicants.

## Part II. Source of Grant Program Funds

Wisconsin Statutes identify General Purpose Revenue (GPR) as the funding source for grants under this program. See s. 20.370(5)(fc), Wis. Stats. The current annual GPR allocation is \$250,000.00. Funds are allocated for each of the eleven tribes/bands in Wisconsin. Current allocation =  $\$250,000/11 = \$22,727$  per tribe/band.

## Part III. Cost-share Percentage

Wisconsin Statutes prescribe that grant funds provided under this program may not exceed 50% of total eligible project costs. The balance of project costs (called local share) is the responsibility of the participating tribe or band. Examples of local share appear in Part VI below.

## Part IV. Annual Program Timeline

September-November	DNR outreach to Wisconsin tribes and bands about upcoming grant cycle
March 1	Postmark Deadline for tribes and bands to submit grant applications to the DNR
April 15	Deadline for DNR to mail grant agreements to tribes and Bands
May 1	Deadline for tribes and bands to return signed grant agreements to the DNR
April 30	Deadline for tribes and bands to submit reimbursement requests to the DNR for grant awarded in the prior year.
First Friday in May	Deadline for the DNR to encumber grant funds for new grant projects.
May 15	Deadline for tribes and bands to request grant advance from the DNR
June 1 through September 1	Tribes and bands complete project
December 31	Deadline for tribes and bands to submit Summary Reports to the DNR for projects completed.

## Part V. Eligible Projects

Summer programs that provide members of the tribe or band who are 13 to 19 years of age with an opportunity to work on projects related to the conservation of natural resources. Tribes and bands have flexibility to design projects that suit cultural needs, location, resources, and youth. All projects must promote student knowledge of natural resources careers.

## Part VI. Eligible Project Costs and Eligible Local Share

Tribes and bands are encouraged to discuss project concepts with a DNR Summer Tribal Youth Program (STYP) team member before applying. See page 4 for list of STYP team members. Members of the DNR STYP team will guide tribes and bands regarding eligible costs and eligible local share, based on type of project. Table 1 below lists eligible project costs and eligible local share contributions.

<b>Table 1. Eligible Project Costs and Local Share Contributions</b>			
<b>Project Costs</b>	<b>Local Share</b>	<b>Description</b>	<b>Notes</b>
✓	✓	Salaries, wages, and fringe benefits for Tribal employees actively involved in the program	This includes time spent planning the program before grant application is submitted to the Department and during the grant project period
✓	✓	Youth stipend/salary	
	✓	Indirect costs, defined as costs for activities or services that benefit the Summer Tribal Youth project and other projects undertaken by the tribe.	Examples include labor cost for director or staff of an organization that is working with the Summer Tribal Youth project
✓	✓	Cost of purchased services – examples: printing, mailing, room rental	
✓	✓	Cost of office space dedicated to this program	Cost per square foot for the months of the project
✓	✓	Cost for program recruitment and materials	Limited to 3% of the grant request
✓	✓	Hourly equipment rental charges	For the time the equipment is in used. Grant will not reimburse for idle item
✓	✓	Vehicle/equipment rental costs	Limited to WI DOT rate or, if no WI DOT rate is available, daily market rate if approved in application. Prorated to reflect the number of hours of actual use. (Example: Daily market rate \$60, divided by 8 = \$7.50 x 2 hours use = \$15.00
✓	✓	Actual mileage to transport Students to training for job sites.	Current State of Wisconsin Reimbursement Travel amount. For 2018 = 51 cents per mile for automobiles

✓	✓	Boat Daily rental/reimbursement rate	Motorized Boats = \$80 per day Pontoon = \$200 per day Kayaks/canoes = \$35 per day															
✓	✓	Actual training costs	For either tribal employees working on the project or youth participants															
✓	✓	Actual construction & garden supplies and materials associated with a larger approved project	Limited to 5% of the total grant amount															
	✓	In-kind contributions: non-cash contributions to the project, including: supplies, materials, equipment, services or labor that are reasonable and necessary for the project	In-kind contributions are valued based on what the sponsor would pay for similar supplies, materials, services, equipment or labor based on existing contracts, schedules, or on the open market

**Eligible Local Share.** The DNR administers the STYP as a cost-sharing program. That means the DNR is limited to award no more than 50% of total eligible project costs. Participating tribes or bands can choose to request less than 50% of total eligible project costs from the DNR.

Tribes and bands participating in this program agree to contribute at least 50% of total eligible project costs (called “local share”) from a combination of non-state funds or in-kind contributions. If a tribe or band requests a grant for less than 50% of total eligible project costs, the portion not paid by the DNR grant will be paid by the tribe. Grant amount and local share will be identified in the DNR grant agreement. Examples of non-state funds that may be used as local share include tribal gaming proceeds, foundation grants, or Federal grants. The value of donations may also constitute the local share if those items were not paid for with Department grant funds, including: salaries, fringe benefits, supplies and services, and equipment. Further examples of eligible donations include:

- ☐ Actual time spent by tribal employees on the project that are paid by tribal funds (also called “Force Account” labor.)
- ☐ Volunteer labor (valued at \$12/hour.)
- ☐ Donated professional services (value to be set by invoice or in letter from donating company.)
- ☐ Donated supplies and materials (value based on the purchase price declared by the donor in writing.)
- ☐ Donated equipment (defined as individual item valued at \$5000 or more and valued by WI Department of Transportation (WisDOT) Highway Maintenance Manual rates for equipment. <http://wisconsindot.gov/Documents/doing-bus/local-gov/hwy-mnt/mntc-manual/chapter02/02-25-50-jan2018.pdf> If equipment is owned by the tribe/band, only hours the equipment is actually in use can count toward local share. If equipment does not appear in the WisDOT Highway Maintenance Manual, tribe or band shall determine value using local rental rates.
- ☐ Donated use of equipment owned by others.
- ☐ Other costs approved by the DNR.

## **Part VII. Ineligible Project Costs**

There are certain costs that may be required as part of the project, but are not eligible for reimbursement under this program. Ineligible costs include, but are not limited to:

- ☐ Gasoline
- ☐ Repairs to equipment
- ☐ Food for day trips or special events
- ☐ Fees or any costs associated with Wildlife Rehabilitation, includes but not limited to, the care or treatment to an orphaned, sick or injured wild animal for the purposes of releasing it back into the wild
- ☐ Costs incurred prior to the date on which the DNR signs the grant agreement will not be eligible for reimbursement, except for staff time needed for planning the project and preparing the grant application.

## Part VIII. Grant Application

Interested tribes and bands must apply on forms provided by the DNR. Applications may be obtained from the following DNR web page:

<http://dnr.wi.gov/aid/styp.html>

Applications must include budget estimating project costs and local share. Application deadlines will be posted on the Department's Summer Tribal Youth Program web site for the application submission deadline of February 15 each year.

### Hints for Applicants:

- Include both male and female youth.
- Develop projects that include cross-cultural interaction.
- Youth involved in the program should be encouraged to make a presentation about their project experiences to the Tribal Council and/or elders or other youth to encourage younger students to become interested in natural resources.

## Part IX. Application Instructions

Participating tribes and bands must submit a complete application no later than February 15 each year. Each application must include:

1. Completed DNR Application Form 8700-347 <http://dnr.wi.gov/aid/styp.html>
2. An estimated budget for project using DNR form: <http://dnr.wi.gov/Aid/documents/STYP/BudgetSheet.xlsx?p=q>
3. Goals and measurable objectives for the project
4. Authorizing Resolution adopted by the tribe's or band's governing body. This resolution must request financial assistance from the DNR and authorize one representative, preferably identified by title rather than name, to act on behalf of the tribe or band to:
  - a. Submit a grant application and affirm that the tribe or band has sufficient local share for the project
  - b. Sign a grant agreement from the DNR
  - c. Take necessary action to complete the proposed project
  - d. Request reimbursement from the DNR on form provided by the DNR
  - e. Submit a *Summary Report* to the DNR

## Part X. Application Review

Applications will be reviewed for completeness, ensuring each contain items 1 to 4 in Part IX above. Each application will be reviewed by the DNR STYP Team to ensure that all objectives are consistent with program requirements. The DNR STYP Team will also review the estimated budget to ensure that requested items are eligible under this program, sufficient local share has been identified, and that budget and local share are consistent with the objectives of the project.

## Part XI. Funding Distribution

If all tribes and bands apply by the deadline and the total of all grant applications is **greater than** \$250,000, then all applying tribes will receive the amount of their request not to exceed \$22,727. (\$250,000 divided by 11 tribes = \$22,727.27/tribe, rounded to \$22,727.00.) Any grant balance remaining will be divided equally between those tribes requesting more than \$22,727.

If the total of all grant applications is **less than** \$250,000, then Department staff may contact applying tribes and bands to allow for application adjustments to request additional funding OR to allow tribes or bands to submit a second application. If the new total of all grant applications is still less than \$250,000, then each applicant will receive the amount of its application. If the new total of all grant applications is greater than \$250,000, then all applying tribes and bands will receive the amount of their request not to exceed \$22,727. Any balance remaining will be divided equally between those tribes/bands requesting more than \$22,727.

## Part XII. Grant Award and Grant Agreement

Once the DNR STYP team has approved an application, the DNR Grant Manager will prepare the cover letter and grant agreement. The Director of the Bureau of Community Financial Assistance signs grant agreements for the DNR.

No later than April 1 each year when there is available funding, the Department will mail award letter and two copies of the grant agreement to successful tribe or band applicants. The grant agreement will detail the approved project scope, time period for the project, and approved budget. Approved projects must take place during the summer of the application year.

**Hint for Tribal Representatives:** Tribal representatives are encouraged to read the entire grant agreement carefully as it contains conditions that govern the project. By signing the grant agreement, a tribe or band is agreeing with scope and all conditions in the grant agreement.

Successful applicants must sign both copies of the grant agreement and return one to the STYP Grant Manager no later than April 15. The other copy is for the tribe or band's grant file.

Costs incurred prior to the date on which the DNR signs the grant agreement will not be eligible for reimbursement, except for staff time needed for planning the project and preparing the grant application.

## Part XIII. Grant Advance

Any tribe or band receiving a grant under this program may request a grant advance payment equal to 50% of the approved total grant amount as soon as the tribe or band submits the signed grant agreement to the DNR STYP Grant Manager. The remaining 50% of the grant will be distributed after the tribe or band completes the project and submits a complete reimbursement package to the DNR, and the DNR reviews/approves the reimbursement package.

## Part XIV. Documentation

Sponsors will use fiscal controls and accounting procedures based on generally accepted accounting practices. Sponsors must:

- ☐ Establish a separate account for grant advance payment received from the DNR. No co-mingling of STYP grant funds with other tribal funds is allowed.
- ☐ Track STYP project expenditures separately from all other tribal expenditures.
- ☐ Itemize all project expenditures in sufficient detail so that the exact nature of the expenditure is clear in reimbursement requests submitted to the DNR. Sponsors will cross-reference each expenditure with the supporting purchase order, contract, voucher, invoice, receipt, cash register slip, etc.
- For each itemized expenditure submit “proof of payment” to the DNR STYP Grant Manager as part of the complete reimbursement packet. A copy of a cancelled check is one usual form of proof of payment. If your bank does not return canceled checks, a copy of the front of the check and a copy of the bank statement with withdrawal amount from bank account highlighted is an acceptable substitute.
- ☐ Maintain payroll vouchers for salaries and wages. If a tribe/band does not use payroll vouchers, a statement must be prepared at the end of each pay period showing the names of employees, the hours spent on the project, project activities undertaken, and the gross amount of salary paid to each employee. The statement must be verified by the tribal official responsible for the project and the responsible position identified in the authorizing resolution.
- ☐ Itemize actual fringe benefits paid as part of direct labor costs.
- ☐ Maintain daily records of existing tribal equipment that is used on the project. These daily records must show the type of equipment used, actual hours of the use, and type of work for which the equipment was used. The time equipment is at the job site but not in use (idle time) is not eligible for reimbursement.
- ☐ For equipment such as trailers, trucks, etc., allowable rates are established annually in WisDOT Highway Maintenance Manual rates.  
<http://wisconsindot.gov/Documents/doing-bus/local-gov/hwy-mnt/mntc-manual/chapter02/02-25-50-jan2018.pdf> For equipment not shown in the WisDOT Highway Maintenance Manual rates, the actual hourly rate should be computed. The rate should include operational and depreciation costs (if any). Any generally accepted method of computing depreciation that reflects acquisition costs, useful life, and usage factors is acceptable.

## **Part XV. Reimbursement Process**

This grant program is administered as a reimbursement program. This means the sponsor must incur and pay all costs associated with the project before seeking reimbursement from the DNR. The amount of any grant advance will be deducted from reimbursement requests before additional grant payments are made by the DNR. Sponsors may request reimbursement at the end of the project.

Sponsors shall request reimbursement using DNR *Form 8700-001* and *Form 8700-002*; both forms may be obtained from the Grant Manager shown on page 4 and are available at the following DNR web site: <http://dnr.wi.gov/aid/styp.html> under the [Reimbursement tab](#).

The deadline for sponsors to submit reimbursement requests to the DNR is April 30 following the year in which the grant award was made by the DNR.

It is strongly recommended that tribes and bands participating in this program use DNR Form 8700-002 throughout the project period; doing so will make reimbursement request easier at the end of the grant.

Each reimbursement request shall include supporting documentation that includes proof of purchase and proof of payment. Example of a proof of purchase is an invoice from a company for purchase and delivery of waders for student use. Example of proof of payment is copy of cancelled check (both sides) used to pay the company for the waders.

Once received, the DNR STYP Grant Manager reviews the reimbursement claim for completeness and compliance with the project grant agreement. This review includes ensuring that the costs claimed were for items included in the scope of the project, within the grant agreement time period, meet the eligibility requirements of the program, and that sufficient local share has been provided. Upon successful review of project expenditures, the DNR will issue payment.

## **Part XVI. Grant Agreement Amendments**

Sponsors must complete projects within the calendar year in which funds are awarded. As a result, no time extension can be provided for projects funded under this program.

Sponsors may, before December 31 each year, request a change in project scope if the sponsor encounters circumstances that make the original project scope unachievable. As projects must be completed within the calendar year that funds are awarded, sponsors are encouraged to require project scope changes as early in the year as possible.

Sponsors may also request additional grant funds if:

- ☐ Project expenses are greater than the total eligible project cost listed on the signed grant agreement and those costs are essential to the successful completion of the project.
- ☐ The DNR has grant funds available to award.

Requests for scope change or additional grant funds may be made by sponsor in writing to DNR STYP Grant Manager.

## Part XVII. Records Retention

Any tribe or band participating in this program shall retain all records related to project implementation and make those records available to the Department upon request for a period of 6 years after the date that final payment is issued by the DNR. Note: Electronic copies of records are sufficient to meet Department requirements as long as accessibility of the format is maintained for the life of the record.

Records to be retained may include, but are not limited to:

1. Copies of all employment agreements with participating students.
2. Copies of Proof of Payment including cancelled checks (front and back) that support claimed costs. If the bank does not return cancelled checks, a copy of the bank statement is acceptable.
3. Copies of Proof of Purchase, including invoices from any vendor that support eligible costs being claimed.
4. Actual records demonstrating usage of existing tribal equipment and value of that equipment based on *WisDOT Highway Maintenance Manual*. These records should be kept on a daily basis and show the date, hours used, and project function for which the equipment was used.
5. Actual records supporting the hours worked by individuals other than students on the project. These records should be kept on a daily basis and show the dates, hours worked, hourly rate, and work activity of each individual claimed.
6. Actual records of donated volunteer labor showing days and times worked and names of volunteers.
7. Actual records of donated professional labor as determined by letter by the donor on business letterhead.
8. Actual records of donated materials used for the project and value of materials determined by current market prices.
9. Actual records for donated equipment used for the project, showing dates and hours worked, type of equipment, and hourly value of the equipment as determined in *WisDOT Highway Maintenance Manual* or by local rental cost if equipment does not appear on *WisDOT Highway Maintenance Manual*.

## Part XVIII. Disposition of Supplies or Equipment Purchased with STYP Grant

**Supplies.** When supplies are outdated, worn out or no longer useful for the original or future Summer Tribal Youth Program, the tribe or band shall maintain a record of the disposition of the excess or surplus supplies in accordance with a proper record retention schedule identified in Part XVII above.

**Equipment.** When original or replacement equipment acquired with funds from a Summer Tribal Youth Program grant *is no longer needed* for the original or future project, disposition of the equipment shall be as follows:

- If current per-unit fair market value *is less than \$5,000*, the equipment may be retained, sold, or otherwise disposed of with *no further obligation* to the DNR.
- If current per-unit fair market value is \$5,000 or greater, the equipment may be retained or sold. If sold, 50% of sale proceeds shall be returned to the DNR STYP Grant Manager.

The sponsor shall follow the following procedures for the transfer, sale, or disposal of surplus and salvage equipment

- ☐ Sale to the public by one of the following:
  1. Competitive bid
  2. Public auction
  3. Open negotiated and documented sale
  4. Offer to the public at a fixed sale price
- ☐ Donation to a verified nonprofit organization as defined in s. 181.0103(17), Wis. Stats., organized under ch. 181, Wis. Stats.
- ☐ Sale for salvage value
- ☐ Scrap for no or limited value
- ☐ Transfer of sale of property to another qualifying grant recipient

Direct sale to State of Wisconsin employees is prohibited unless items are sold at announced public sales or auctions.

## Summer Tribal Youth Program

### Sample Goals and Objectives

#### GOALS AND OBJECTIVES

**Goals** -The goals are the purpose of the program or **WHY** you are doing this program. They should relate to the Summer Tribal Youth Program and not the actual projects that you are conducting as part of the program. For example, if you are having youth build fish cribs, your goal would not be to build X many fish cribs, but rather **why** you are having them build the fish cribs and what **skills** they may gain from this activity. We recommend that you have no more than 3 or 4 goals.

Below are some example goals - you are not required to use these; rather they are to help you get an idea of what a goal may look like.

- Youth have a better understanding and deeper respect for our natural resources.
- Help youth to understand the need to be good stewards of the environment.
- Introduce youth to exciting career opportunities in areas such as forestry, wildlife, fisheries, botany, and recreation.
- Youth understand the importance and value of natural resources for both present and future generations
- Youth understand culture based environmental education and stewardship.
- Youth gain a sense of ownership and pride from their work.
- Youth experience a multi-discipline approach to working in the adventurous field of natural resources management.
- Introduce youth to the variety of outdoor-based careers available in the natural resources field, and encourage them to pursue college degrees in natural resource fields.
- Youth develop positive work attitudes, work habits and behavior skills.
- Youth discover and are exposed to the fun adventures that come with natural resource management.
- Youth cultivate good working relationships and appreciate the value of teamwork.
- Youth develop a positive attitude toward the outdoors based upon environmental experiences.

**Objectives** - The objectives are ***HOW you plan*** on reaching your goals. These can include the projects the youth are working on, training, or other items that help identify that you've met the goal. Objectives are methods to **measure the success of** your project.

**SAMPLE GOALS AND OBJECTIVES:** Below are some sample program goals along with possible objectives.

1. **Goal:** Introduce youth to exciting career opportunities, such as forestry, wildlife, park and fisheries management.

**Objectives:**

- o Youth will work with different agencies and in different areas such as wildlife, fisheries and forestry to allow for exposure to several disciplines.
- o Youth are educated on the various natural resource fields and what type of education is needed to be successful in those fields.
- o Youth gain valuable work experience through mentoring with natural resource professionals.

2. **Goal:** Youth develop positive work attitudes, work habits and behavior skills.

**Objectives:**

- o Youth will go through an interview/selection process to be selected for this program.
- o Youth will be expected to arrive on time, be present for the entire program, actively listen and participate.
- o Youth follow through on the expectations set for them.

3. **Goal:** Youth develop skills needed to begin to think like a natural resource manager and balance multiple land needs and uses.

**Objectives:**

- o Youth can identify 3 practices to monitoring water quality and determine impacts of invasive species.
- o Youth can share with others an example of a conflict related to various users of natural resources.
- o The use of cultural stories will be used to introduce youth to environmental principles.

ADDRESS

Dear NAME:

Congratulations! On behalf of the Governor, we are pleased to forward to you a grant agreement for financial assistance for the following project: **NAME**

Please review the agreement and return one original, signed by the authorized official **within 30 days of this letter's date** to Karen Blodgett at WI Department of Natural Resources, 1300 W. Clairemont Avenue, Eau Claire, WI 54701. The second copy is for your file. Funds will be encumbered when the signed agreement is received.

☒ **Grant Award Time Period: April 1, YEAR through March 31, NEXT YEAR.** All project activities must occur within this time period to be eligible costs for reimbursement, except staff hours needed to plan the summer 201X program are eligible expenses even if they occurred prior to April 1, YEAR.

☒ **Changes to the approved project scope** may not be made without prior written approval from the Department.

☒ **The Tribe is entitled to a project advance of: \$AMOUNT.** This advance payment is made available to the Tribe to cover costs it may incur in the initial stages of the project. The advance payment is equal to 25% of the Total Project Cost. *If you wish to request the advance payment, please check the box provided on the last page of the project agreement.*

☒ **Advance or Reimbursement Check:** Your advance or reimbursement check will be mailed to your attention at the address listed above. This is the check recipient that appears in our records. If this is incorrect, please contact Karen Blodgett at [Karen.Blodgett@Wisconsin.gov](mailto:Karen.Blodgett@Wisconsin.gov) or 715.836.6574.

☒ Please check your local procedures to insure the Tribe complies with all applicable state laws regarding competitive bidding and awarding.

☒ **Force Account Expenses:** Records for sponsor-owned equipment used on this project should include the time actually used for the project and WI DOT equipment rate effective for 2016. Time that equipment is at the job site but not used is not eligible for reimbursement. Timesheet or log books should be completed by all employees, supervisors and volunteers working on the grant project.

If not enclosed, reimbursement claim forms and/or financial administration information can be found by going to: <http://dnr.wi.gov/aid/styp.html>. Please submit reimbursement claim forms for your project to Karen. Feel free to contact Karen via email or at the number listed above, if you have any questions about your grant award or the reimbursement procedures. You may be contacted by the Office of the Governor or your state Legislator concerning the issuance of a press release to publicize the grant award. We are pleased to have the opportunity to participate with you on this project.

Sincerely,

Jim Ritchie, Director Bureau of  
Community Assistance

#### PART 3. PROGRAM AUTHORIZATION AND PROJECT SCOPE

##### PROJECT SCOPE AND DESCRIPTION OF PROJECT

--

This Agreement identifies funding and time of performance for the project specified in Part 3 above and authorizes reimbursement by the Department to the Project Sponsor.

The Project Sponsor's authorized representative must sign the original Agreement and return it to the Department Coordinator (address above) within 30 days of the date on the accompanying transmittal letter.

This grant program is authorized under s. 23.09(27), Wis. Stats., which reads as follows:

"SUMMER TRIBAL YOUTH PROGRAM. The department may, in partnership with any of the federally recognized American Indian tribes or bands domiciled in this state, establish a summer program that provides members of the tribe or band who are 13 to 19 years of age with an opportunity to work on projects related to the conservation of natural resources. The department may not provide funding that exceeds 50 percent of the eligible program costs. The tribe or band shall be responsible for the remainder of those costs."

#### PART 4. GENERAL CONDITIONS

- A.1. The Wisconsin Department of Natural Resources (hereafter Department) and the Project Sponsor mutually agree to perform this Agreement in accordance with s. 23.09(27), Wis. Stats., and with the project proposal, application, terms, promises, conditions, plans, specifications, estimates, procedures, maps, and also any assurances attached and made a part of this Agreement. This Agreement, together with any referenced parts and attachments, shall constitute the entire Agreement and previous communications or Agreements pertaining to subject of this Agreement are superseded.
- A.2. The Department promises, in consideration of the covenants made by the Project Sponsor, to obligate for the Project Sponsor an amount not to exceed \$0.00 and to tender to the Project Sponsor that portion of the obligation which is required to pay the Department's share of the costs up to 50 percent of total eligible project costs.
- A.3. Any expense incurred by the Project Sponsor in association with this Agreement prior to the project start date as listed on Part 1 of this Agreement is not eligible for reimbursement by the Department, except for staff time needed to plan the summer program.
- A.4. Each party shall be responsible for the consequences of its own acts, errors, or omissions and those of its employees, boards, commissions, agencies, officers, and representatives and shall be responsible for any losses, claims, and liabilities that are attributable to such acts, errors, or omissions including providing its own defense. In situations including joint liability, each party shall be responsible for the consequences of its own acts, errors, or omissions and those of its employees, agents, boards, commissions, agencies, officers and representatives. It is not the intent of the parties to impose liability beyond that imposed by state statutes. This clause applies only to actions of each party pursuant to this grant, and does not apply to actions of employees, directors, independent contractors or agents that are performed outside the scope of this grant.
- A.5. The Project Sponsor may decline the offer of financial assistance provided through this Agreement, in writing, at any time prior to the start of the project and before expending any funds.
- A.6. The Project Sponsor may request a grant advance equal to no more than 25% of the Total Project Costs. It is not necessary for the Project Sponsor to provide the Department with proof of payment or proof of purchase when requesting a grant advance.
- A.7. Project Sponsors may request reimbursement at the end of the project. The Project Sponsor shall request reimbursement by using and completing DNR Form 8700-001 and Form 8700-002; both forms may be obtained from the Department Coordinator shown on page 1 of this Agreement. The Project Sponsor shall submit proofs of purchase and proofs of payment with reimbursement

requests. Proofs of purchase include, but are not limited to, copies of invoices received from agents or subcontractors. Proofs of payment include, but are not limited to cancelled checks, receipts, and bank or credit card statements.

- A.8. The Project Sponsor agrees to comply with all applicable local, state and federal laws during the term of this Agreement and to take reasonable measures to contain project costs. Bidding is one kind of standard cost containment procedure.
- A.9. The Department may terminate this Agreement at any time in the event that it determines that the Project Sponsor has failed to comply with the terms of this Agreement. The Department may pursue any remedies allowed under the law.
- A.10. Failure by the Project Sponsor to comply with the terms of this Agreement shall not cause the suspension of all obligations of the Department if, in the judgment of the Secretary of the Department, such failure was due to no fault of the Project Sponsor. In such case, any amount required to settle at minimum costs any irrevocable obligations properly incurred shall be eligible for reimbursement under this Agreement, at the Department's discretion.
- A.11. The Project Sponsor agrees to request any revisions to this Agreement—whether for cost adjustments, time extensions, and changes in project scope—in writing prior to the end date of this Agreement. After the project has been started or funds are expended, this Agreement may be modified or amended only by mutual written consent.
- A.12. The Project Sponsor shall not be considered an employee or agent of the Department. The Project Sponsor shall have sole control of the method, hours worked, and time and manner of performance under this Agreement other than as specifically provided herein. The Department takes no responsibility for supervision or direction and will exercise no control over the selection and dismissal of the Project Sponsor or the Project Sponsor's employees or agents in conjunction with execution of this Agreement.
- A.13. The Project Sponsor shall retain all records pertaining to the performance of work and obligations under this Agreement, and make those records available to the Department upon request for a period of 6 years after the date that final payment under this Agreement is issued by the Department. Records to be retained may include, but are not limited to: proofs of purchase (e.g., invoices and service contracts, etc.); proofs of payment (e.g., cancelled checks, receipts, and bank or credit card statements for eligible and ineligible expenses and purchases); proofs of grant match (force account time sheets showing hourly pay or salaries, and fringe benefits; volunteer labor time sheets; donated professional services time sheets; donated supplies list; and donated equipment or equipment usage list).
- A.14. The Project Sponsor agrees to match state funds provided by the Department and expended on this project with a combination of non-state funds or in-kind contributions equal to the amount of state funds provided under this Agreement. Examples of non-state funds may include tribal gaming proceeds, foundation grants, or Federal grants. In-kind contributions may include such things as salaries, fringe benefits, supplies and services, and equipment or equipment usage. Examples of in-kind contributions include: actual time spent by tribal employees on the project and paid by tribal funds (also called Force Account labor); donated volunteer labor; donated professional services; donated supplies (each item valued at less than \$5000); donated equipment (each item valued at \$5000 or greater); and donated use of equipment owned by others. Volunteer labor will be valued at \$12 per hour. Donated professional services will be valued as determined by the donor by invoice. Donated supplies are valued based on the purchase price declared by the donor in writing. The Wisconsin Department of Transportation Highway Maintenance Manual hourly equipment rate will be used to value donated equipment or equipment usage. To find the current DOT rate sheet go to the Resources tab at: <http://dnr.wi.gov/aid/styp.html> and click on DOT Equipment Rates.

- A.15. The Project Sponsor agrees to reimburse the Department any and all funds the Department deems appropriate in the event the Project Sponsor fails to comply with the conditions of this Agreement or project proposal as described, or fails to provide public benefits as indicated in the project application, proposal description, or this Agreement. In addition, should the Project Sponsor fail to comply with the conditions of this Agreement, fail to progress due to absence of match funds, or fail to progress with or complete the project to the satisfaction of the Department, all obligations of the Department under this Agreement may be terminated, including further cost reimbursements.
- A.16. The Department reserves the right to inspect the job site or premises for the sole purpose of ensuring that performance of this project is progressing or has been completed in compliance with the Agreement. The Department shall provide notice to the Project Sponsor at least 48 hours before inspecting the job site or premise.
- A.17. The Project Sponsor agrees that accounting for project funds shall conform to generally accepted accounting principles and practices, and shall be recorded by the Project Sponsor in a separate account.
- A.18. In the event that the Project Sponsor discovers that the Project Sponsor is in breach of this Agreement, the Project Sponsor shall inform the Department of the breach in writing within two weeks from the date that the Project Sponsor discovers the breach. The Project Sponsor shall make all reasonable efforts, as determined by and in coordination with the Department, to resume compliance with the Agreement or to repay those portions of the grant award as requested by the Department. In the event of a breach, as determined by the Department, the Project Sponsor may be ineligible for any and all future awards for grant or loan programs administered by the Department until Project Sponsor, in coordination with and at the sole discretion and determination of the Department, resumes compliance with this Agreement or repays those portions of the grant award as requested by the Department.
- A.19. If the Project Sponsor expends federal grant funds totaling \$750,000 or more during the fiscal year and the those funds were received from a State or Federal agency, the Project Sponsor agrees to have an annual audit performed in accordance with 2 CFR Part 200 Uniform -- Administrative Requirements, Cost Principles, & Audit Requirements for Federal Awards (also known as "Uniform Guidance") and WI State Single Audit Guidelines found at [https://doa.wi.gov/Pages/State-Single-Audit-Guidelines-\(SSAG\)---2017.aspx](https://doa.wi.gov/Pages/State-Single-Audit-Guidelines-(SSAG)---2017.aspx) issued by Wisconsin Department of Administration, State Controller's Office.

## PART 5. SPECIAL CONDITIONS

The following special terms and conditions are added to and made a part of this Agreement:

- B.1. The Project Sponsor agrees to obtain all applicable federal, state, and local permits, approvals, licenses, or waivers necessary to perform the work and obligations specified in this Agreement, including all water and wetland regulatory permits and approvals. Water and wetland regulatory permits and approvals, required by federal, state or local agencies, must be obtained prior to any project construction and complied with fully during project construction.
- B.2. The Project Sponsor agrees to provide all safety training, as needed, for all parties participating on projects associated with this Agreement, except as otherwise authorized by this Agreement.
- B.3. The Project Sponsor agrees that youth involved in this program must be between the ages of 13 – 19 and be tribal or band members. This age restriction does not apply to a youth leader hired for this project or to supporting staff.

- B.4. The Project Sponsor agrees that all work associated with this Agreement must be related to conservation of natural resources.
- B.5. At the end of the project, the Project Sponsor agrees to survey or interview youth participants about their experiences with the project and their future interest in working in a natural resources field. The Project Sponsor shall include survey or interview summary in the final project report submitted to the Department Coordinator (address on page 1 of this Agreement).
- B.6. No later than December 31, 2018, the Project Sponsor shall submit to the Department Coordinator (address on page 1 of this Agreement) a final project report that outlines the project, the goals and objectives achieved, funds expended, and the overall success of the project. The final project report shall include photos of participating youth in action. The final project shall also include a copy of the survey or interview summary as described in B.5.
- B.7. The maximum grant amount that may be reimbursed before the end of the project is 90% of the Total Project Costs amount as shown in Part 2 of this Agreement. The Department shall not issue the final 10% of the grant amount until the Project Sponsor has completed the project and provides the Department with the final project report, final reimbursement request, proofs of payment, proofs of purchase, and proofs of grant match associated with all eligible project costs. The Project Sponsor shall postmark a final reimbursement request to the Department Coordinator (address on page 1 of this Agreement) no later than April 30, 2019.
- B.8. The Department recommends that the Project Sponsor include both male and female youth in the project and that projects involve cross-cultural interactions. Further, youth participating in the project should be encouraged to give a presentation on their summer experience to the Tribal Council, and/or tribal elders or youth to encourage younger students to become interested in natural resources. The Department encourages the Project Sponsor to share any written materials from the youth's presentation to the Tribal Council with the Department.
- B.9. For projects that will occur on property owned by the Department, the Project Sponsor agrees to contact the Department property manager before beginning work performed under this Agreement. The Project Sponsor also agrees to require tribal participants to obtain specialized training prior to the initiation of work under this Agreement if required by the Department property manager. Further, the Project Sponsor agrees to perform work only at locations approved by the Department property manager. The Department may require that each tribal participant performing work on a Department property shall sign a Department Volunteer Agreement for the specific property on which the work will occur.
- B.10. Conditions related to invasive species movement. The applicant and operator agree to the following methods required under s. NR 109.05(2), Wis. Adm. Code for controlling, transporting and disposing of aquatic plants and animals, and moving water:
- Aquatic plants and animals shall be removed and water drained from all equipment as required by s. 30.07, Wis. Stats., and ss. NR 19.055 and 40.07, Wis. Adm. Code when moving equipment between surface water or wetlands.
  - Operator shall comply with the most recent Department-approved 'Boat, Gear, and Equipment Decontamination and Disinfection Protocol', Manual Code # 9183.1, available at <http://dnr.wi.gov/topic/invasives/disinfection.html>

## INSTRUCTIONS

### Line 1: Amount of Grant (from original or amended Grant

Agreement). Enter amount on the first page of your grant agreement, often called "State Aid Amount" or "Total Project Funds Awarded."

**Line 2. A: Advance Payment Received, if any.** Some grant programs allow project sponsors to request up-front grant funds (advances) at the beginning of the grant period, even before expenses are incurred. If you had no advanced payment, enter \$0 on line 2.A. If you received an advance, this amount is generally on the signature page of your grant agreement.

**Line 2. B.: Total Payments Received after Advance Payment (if any) or for Escrow Payment.** Some grant programs allow partial payments after the advance payment was received. If you have received partial payments, enter the total amount of all payments after the Advance Payment on line 2.B. If you received an escrow payment, enter amount on this line.

**Line 2. C.: Total Payments Received to Date.** Enter the total amount of lines 2. A. + 2. B.

**Line 3. Funds Remaining.** This amount is the balance of your grant award after subtracting all payments made before the date of this request.

**Line 4. Total Eligible Project Costs this Period.** Transfer amount from "Total Project Cost" field on Grant Payment Worksheet, Form 8700-002. This is the total of all eligible expenses claimed for this payment request.

**Line 5. Your Share of Costs.** This is the portion of eligible costs that are your responsibility. See your grant agreement. If your grant agreement shows "Fund Support" as a percentage instead of a \$ amount, complete steps 1 and 2 below:

		"Fund Support" % from Grant Agreement		Your Share%
Step 1:	100%	<u>          % 1          </u>		<u>                                </u>
Step 2:	 Total Project Costs amount	x	"Your Share%" from <u>          Step 1          </u> %	<u>                                </u> Step 2 Total

Enter "Step 2 Total" in Line 5 on front. Questions? Contact your grant specialist.

**Line 6. State Share of Costs.** This is the portion of eligible costs that are the State's responsibility (Line 4 minus Line 5). This amount cannot exceed the grant balance remaining, as shown on Line 3, or the amount of money expended by the grant sponsor.

**Line 7. Amount of Advance Payment Received.** Some grant programs allow project sponsors to request up-front funds (advances) at the beginning of the grant period. The amount of your advanced payment needs to be supported with eligible expenses. Also list those expenses on your worksheet (Form 8700-002). If you did not receive an advance payment enter \$0 in this area. If your advanced payment has already been accounted for in a previous payment request, enter \$0 in this area. Do not list partial payments on Line 7.

**Line 8. Amount Eligible This Claim.** Enter the amount you are requesting for this payment request. Do not include eligible expenses reimbursed through prior partial payments on this claim. On line 8, show the amount you calculate to be your payment on this claim. DNR staff will audit reimbursement claims before payment is sent.

**Line 9. Grant Balance Remaining.** This is the amount of grant funds available to you for future partial payments. If your claim is a final reimbursement request, any balance appearing on Line 9 is not available for your use in the future.

*Lake & River Grants Only. Account for State Lab of Hygiene (SLOH) sample analysis. The amount of money available under your grant will be reduced by the amount of payments to SLOH.*

**Certification:** This payment request cannot be processed unless this form is signed by the authorized representative named in your resolution.

**Questions?** Contact your grant specialist at the DNR. That person is identified in the cover letter of your grant agreement.

## Mileage Log

Form 8700-012 (02/16)

**Notice:** This form is to be used to calculate mileage costs that are an eligible expense when incurred for work needed to complete projects funded by many DNR grant programs. Personal information collected will be used for administrative purposes and may be provided to requesters to the extent required by Wisconsin's Open Records law (ss. 19.31-19.39, Wis. Stats.).

**Instructions:** Consult reimbursement instructions associated with your grant program to confirm eligibility of mileage for reimbursement or as grantee's share of the project (also called local match).

### Step 1: Provide Grantee and Project Information

Grant Number:
Project Sponsor Name:
Project Name:

**Step 2:** Determine allowable mileage rate, based on year in which mileage expense was incurred, and insert in rate column below.

**Step 3:** Complete Mileage Log below.

Date	Driver Name	Purpose of Trip	Miles	X	Rate	=	Cost
				X		=	
				X		=
