2026-2027 ATV TRAIL REHABILITATION REQUESTS

Region	County	Description	Component	Costs	Total	Approved	Question/Answer
NO-S	Barron	Barron County along with the Chetek Snow Flyers & ATV Cruzers propose to rehabilitate a 2.13 mile section of off-road ATV/UTV trail in between the village of Dallas and the City of Chetek . Trail was originally est. on native soils. Use has eroded the native soils exposing rocks and tree roots, & made it difficult to maintain. Rehabilitation will include grading and installing six inches of compacted gravel to the trail surface to create a workable surface. This will allow for easier grading and maintaining of the trail in the future and will also allow for the water to shed off preventing pooling and erosion.	Gravel Equip	\$64,812 \$25,100	\$89,912 After Cost Share: \$89,912		<i>Partially on private land, correct? Yes per Dan</i>
		Other funds received, requested, or committed?					
		Yes or No: No Amount:					
		Public or Private: Both Funded seasons: Summer					
NO-S	Burnett	Burnett Co is requesting funding to pave ATV /UTV trail approaches to roads in the Town of Swiss . Due to heavy summer trail use and rapid acceleration at road crossings, damage to the approaches & town roads has occurred. Damage consists of large potholes, & blacktop from the roads breaking away at some crossings. In addition, the large amount of gravel being thrown onto the paved roads presents a safety hazard to road users. In order to stop the damage that is occurring and minimize the amount of gravel on paved roads at crossings, we propose to pave approaches at 4 locations, for a total of 8 paved approaches. The Town of Swiss will fund 50% of the project cost.	Paved Approach	\$21,600	\$21,600 After Cost Share: \$10,800		<i>Can you use maintenance?</i>
		Other funds received, requested, or committed?					
		Yes or No: Yes Amount: \$ 10,800.00					
		Public or Private: Public Funded seasons: Summer					
NO-S	Burnett	Burnett County is requesting funding to rehabilitate 1.5 miles of Trail 925 from State Highway 35 to Trail 118. Trail rehabilitation work will include leveling banked corners; repairing areas that are prone to washouts; re-establishing a crown to promote water runoff from the trail surface; and adding gravel to improve safety and provide a maintainable trail surface. The trail is open to summer and winter ATV /UTV use, and is located on private land and county forest land. Work will improve the safety and sustainability of the trail.	Contractor Est	\$32,000	\$32,000 After Cost Share: \$32,000		<i>Can you use maintenance to address problem areas?</i>
		Other funds received, requested, or committed?					
		Yes or No: No Amount:					
		Public or Private: Funded seasons:					
NO-S	Rusk	Rusk Co proposes to improve the trail surface on the existing 6.7 mile ATV-UTV trail fom Cty Rd. 0 to Perch Lake Rd . Portions of this trail have been identified as needing gravel, (mostly hills and corners). This treatment will improve safety for riders by covering large stones in the trail base, while also improving drainage and reducing erosion. The trail will be more enjoyable to ride and much easier to maintain as a result of this gravel re-surfacing.	Equip Gravel	\$42,000 \$7,280	\$49,280 After Cost Share: \$49,280		<i>When was this last resurfaced? Ed recalls this was done approx 10 years ago?</i>
		Other funds received, requested, or committed?					
		Yes or No: No Amount:					
		Public or Private: Public Funded seasons: Summer					

2026-2027 ATV TRAIL REHABILITATION REQUESTS

Region	County	Description	Component	Costs	Total	Approved	Question/Answer
NO-S	Sawyer	#28 Sawyer Co proposes rehabilitation of 6.0 miles of summer ATV Trail 5 from N Chippewa River Road to the cut across road. This portion of the trail currently has very poor quality/unworkable material on 1t and has poor drainage. It also contains areas with large rocks and water holes. This section of trail will be reshaped and have four inches of gravel 10 feet wide placed down and crowned.	Surfacing Grading	\$101,790 \$33,000	\$134,790 After Cost Share: \$134,790		<i>More pictures would be appreciated</i>
NO-S	Sawyer	#29 Sawyer Co proposes rehabilitation of 1.0 miles of summer ATV Trail 9 from Trail 15 to Pit Road. This portion of the trail currently has poor unworkable quality material on it. This makes it very difficult to maintain. This section of trail will have four inches of gravel 10 feet wide placed down and crowned.	Surfacing Grading	\$17,030 \$5,500	\$22,530 After Cost Share: \$22,530		<i>Can maintenance be used to address this?</i>
NO-S	Sawyer	#30 Sawyer Co proposes rehabilitation of 2.9 miles of summer ATV Trail 10 (Tuscobia Trail) from Jos Chafer Road to County Highway C. This portion of the trail currently has poor quality material on it and has poor drainage in areas. The trail material is leftover from the old railroad bed and is not able to be maintained. This section of trail will have three inches of gravel 12 feet wide placed down and crowned.	Surfacing Grading	\$44,200 \$15,950	\$60,150 After Cost Share: \$60,150		<i>Does it already have a solid gravel base, or is that ballast in the pit? Could Co prioritize it's trail rehab requests</i>
NO-S	Sawyer	#31 Sawyer Co proposes rehabilitation of 4.2 miles of summer ATV Trail 63 from Phipps Spring to County Highway 00. This portion of the trail currently has poor quality material on it and has poor drainage. The trail material is leftover from the old railroad bed and is not able to be maintained. This section of trail will have three inches of gravel 10 feet wide placed down and crowned.	Surfacing Grading	\$53,430 \$23,100	\$76,530 After Cost Share: \$76,530		

2026-2027 ATV TRAIL REHABILITATION REQUESTS

Region	County	Description	Component	Costs	Total	Approved	Question/Answer
NOR-R	Vilas	#32 Vilas County proposes to rehabilitate 3.75 mile of Summer ATV/UTV and Snowmobile Trail 8 in the Town of Conover , from the intersection of 45 to Burt Bridge . The trail is located within the CTH K ROW. Work will include filling deep holes and ruts, leveling/crowning trail base, gravelling surface, and installing asphalt millings on 350 feet of trail on hillslopes. There are no bridges for this segment. Vilas County has applied for RTP funding. RTP = \$100,000, ATV = \$137,979, Snow = \$30,879.	*Structure		\$268,858		<i>Need better maps, specific to ATV. Are there other ATV trails in this area?</i>
			Engineer		After Cost Share:		
			Permits/Erosion	\$9,320	\$137,979		
			Gravel	\$161,150			
			Pit Run	\$17,000			
NOR-R	Lincoln	#33 Lincoln County proposes to rehabilitate a shared Summer/Winter ATV and Snowmobile trail along six hillslopes near Lookout Mountain in the Harrison Hills area. The current trail corridor climbs steeply along several hills making it prone to erosion. Work includes creating more gradual trail inclines, adding gravel, ditch and crown trail surface, back-sloping as needed, removing old water bars, installing culverts, armoring slopes, and relocating a segment to address significant blind corners. Lincoln Co proposes to split between ATV and Snow: ATV = \$68,188; Snow = \$22,730	Asphalt	\$72,000			
			Culverts				
			Riprap				
			Labor				
			Equip Rental	\$9,388			
NER	Oconto	#34 Oconto County is looking to apply a dust control product over a two year period on a section of the Nicolet State Trail that runs along State Hwy 32 in the Town of Townsend.	Other funds received, requested, or committed?				<i>What was our history of funding this with ATV? Report of success? Could the ATV share be covered by maintenance?</i>
			Yes or No:	Yes	Amount:		
					\$ 22,730.00

		Public or Private: Public	Funded seasons: Both				
NO-S	Barron	Baron County propose to rehabilitate and gravel the ATV trail from 21 st street to the end of the trail where it meets the field. This is a .65 mile stgment of trail that is critical to our trail system as it connects Cameron to Chetek, and avoids having to cross State Highway 8. When this ATV rail was established it was built on native soil with minimal expense which has led to eroding and exposing tree roots, rocks, and creating ruts. The trail has been receiving more traffic than anticipated as it is the only trail that connects to the new fuel station in Cameron. Rehab would include grading the trail flat and adding 6 inches of gravel. Has a 10 year land use agreement.	*Structure	\$20,475	\$37,188		App needs to be emailed to the Council, not on web.

2026-2027 ATV NEW SUMMER TRAIL REQUESTS

Region	County	Description				Component	Costs	Total	Approved	Question/Answer		
NOR-R	Lincoln	#46	Lincoln County proposes to add 0.32 mile of new trail to their Summer ATV/UTV trail system. This segment will connect Lincoln County trails to Langlade County trails and crosses Oneida County. The new trail segment would be assigned to Lincoln County and managed by them. The trail is already constructed and open for use but needs gates to control access. There are no bridges on this segment. Other funds received, requested, or committed? Yes or No: No Amount: \$ - Public or Private: Public Funded seasons: Summer New Sum ATV 0.32 New Sum UTV Maint 0.32 Old Bridge Size: N/A New Culvert Size N/A				*Structure	\$132	\$3,039 After Cost Share: \$3,039

							ATV Maint					\$192
UTV Maint	\$128	\$3,359										
	Oneida	#47	This project would develop approximately 0.8 miles of new ATV trail in the Town of Pelican. This new trail segment is another piece in the connection between Forest, Oneida, and Langlade Counties. With the development of the new trail along Highway 8 the Town of Monico (Oneida County) and Crandon (Forest County) are now connected. This new 0.8 mile trail along with open Town roads will let riders go west to the Rhinelander area. Other funds received, requested, or committed? Yes or No: Amount: \$ - Public or Private: Funded seasons: Summer New Sum ATV 0.8 New Sum UTV Maint 0.8 Old Bridge Size: New Bridge Size				Pit-run fill	\$5,400	\$76,200 After Cost Share: \$76,200

2026-2027 ATV NEW YEAR ROUND TRAIL REQUESTS

Region	County	Description	Component	Costs	Total	Approved	Question/Answer
NO-S	Douglas	#49 Douglas County Proposes to add 7 Miles (\$7,000.00) of Trail and 3.4 miles (\$1,700.00) of Troute, which is a County Forest Gas Tax Road, to our trail network. All 10.4 miles are already an existing trail for winter A TV and Snowmobile. The Trail is already developed and no develop funds are needed for this section. This trail provides A connection between the Village of Solon Springs and the Town Amnicon. Both towns have food, fuel and lodging amenities. This trail will provide Riders with a trail option in a part of the county where only road routes are	*Structure		\$0	Approved Troute doesn't seem to meet def of "trail to trail" with town road in the middle. Will you consider opening for summer ATV w/o troute funding?

NOR-R	Iron	#50 Iron County proposes to develop about 1.9 miles of new ATV/UTV and Snowmobile trail in the Town of Sherman to connect the Springstead area to the Price County ATV trail system. The trail will be located within the DOT ROW of Hwy 182 and be 14-feet wide. Additional road routes will connect the trail to the county system. Iron County proposes to split this between ATV (\$307,500) and Snow (\$67,500).	*Structure		\$375,000	Approved Dave thinks we may have funded a trail dev here in the past that didn't happen? Or is that something else? Any 'history' here?

2026-2027 ATV NEW YEAR ROUND TRAIL REQUESTS

Region	County	Description				Component	Costs	Total	Approved	Question/Answer
NER	Shawano	New Bridge: while most city roads are open to ATVs, highway 29 is not. And the Mt Bay state trail is open to snowmobiles only. If a bridge would be built then those vehicles could access the city of Shawano and all it has to offer! Right now there is no trail going west from Murray Creek into town but if the bridge were to be approved the airport has given approval to the club to use their property on the south side of their fence, running parallel to the Mt Bay ST.				*Structure	\$175,000	\$219,600	After Cost Share:

	Water Body:	Murray Creek	Labor Source:	contract						
	Years in System:		Design Weight Load:	25,000						
WC	Trempealeau	Trempealeau County wishes to establish funding for a 0.5 mile stretch of trail, and replace bridge #32 over the North Fork of the buffalo river. This would be the first county-funded/managed ATV trail in Trempealeau. Currently, this is a funded snowmobile trail that connects the DNR managed Buffalo River State Trail with the City of Osseo. ATV and UTV riders do utilize this trail unofficially at this time. The bridge decking needs to be repaired yearly, I-beams and cross members are significantly rusted, some with holes through, and the abutments are eroding away. Request is split 50/50 with Snowmobile				*Structure	\$61,800	\$74,000	After Cost Share:	(Snow Funding Confirmed 8/26)

		Current Gas Tax Miles	6.3	New Gas Tax Miles	3.2		
		Variance or Exception?	CSS Comments:				
			Non GT Rds	\$ -			
			GT Rds	\$ 1,600.00	\$1,600		
NOR-R	Lincoln	Lincoln County proposes to add 1.9 miles to their ATV Troute system. This is a segment of County Forest gas-tax road open to ATVs and UTVs and extends from the existing Troute mileage to connect additional trail segments.			\$950		Already an existing funded trail alternative
		Current Non-Gas Tax Miles	0	New Non-Gas Tax Miles	0		
		Current Gas Tax Miles	1	New Gas Tax Miles	1.9		
		Variance or Exception?	RPM Comments: Connects between two existing trails. There is an existing trail alternative, but this provides more direct connection between Oneida trails and Harrison Hills.				
			Non GT Rds	\$ -			
			GT Rds	\$ 950.00	\$950		
NOR-R	Oneida	Oneida County proposes to add 2.8 miles to their ATV Troute system. This had been a town road that the town recently released (Spring 2026). It is now a forest road under management of Oneida County. The road is open to ATVs and UTVs and connects two existing trail corridors. Oneida County intends to apply with WI DOT to register the road as a county forest road (limited GT).			\$1,400		The short NW end looks reasonable, but the rest of this bonus riding, already a trail/route connection. SEND THIS APP TO COUNCIL VIA EMAIL
		Current Non-Gas Tax Miles	4.8	New Non-Gas Tax Miles	0		
		Current Gas Tax Miles	21.1	New Gas Tax Miles	2.8		
		Variance or Exception?	RPM Comments: There is a new trail created from another newly released town road (Gobler Road) that provides a more direct connection between the existing trails, though it does require a short stretch of remaining town road on Gobler.				
			Non GT Rds	\$ -			
			GT Rds	\$ 1,400.00	\$1,400		
					\$3,300	\$0.00	

2026-2027 ATV SUPPORT FACILITY REQUESTS
