

Environmental Loans Online Systems Login Changes

The Wisconsin Web Access Management System (WAMS) was replaced by MyWisconsin ID.

What does the change mean for me?

- You won't be able to access the Environmental Loans Online Systems without first creating a new login and password through MyWisconsin ID.
- Users that share accounts will now need to create their own accounts. Shared accounts will not be allowed because of multi-factor authentication.
 - **Multi-Factor Authentication (MFA)** - An electronic security process requiring users to provide two verification methods to gain access to an account.

What is MyWisconsin ID?

MyWisconsin ID allows users to securely access various participating online state services using one user ID and password.

How do I create a new login?

Go to and follow the instructions to self-register on the [DET MyWisconsin ID Self Registration webpage \(https://det.wi.gov/Pages/MyWisconsin_ID_Self_Registration.aspx\)](https://det.wi.gov/Pages/MyWisconsin_ID_Self_Registration.aspx).

When will I know it's time to use my new login?

The DNR will notify via GovDelivery emails before and after the change takes effect. After the switch, you will notice an appearance change on the login screen, like the one shown below.
