DNR Seeking Public Comment For Environmental Review Of Hustisford Safe Drinking Water Loan Program Project

MADISON, Wis. – The Wisconsin Department of Natural Resources (DNR) today announced the village of Hustisford is an applicant for funding through the Safe Drinking Water Loan Program to improve its public drinking water system.

The project includes replacing watermains on South Lake Steet Alley, Highland and Tweedy Street in the village of Hustisford.

Activities related to this project are minor actions under Chapter NR 150, Wis. Admin. Code, for which no environmental analysis is required; however, following the Safe Drinking Water Loan Program federal requirement 40 C.F.R. §35.3580, an environmental review must be conducted before funding this project.

The Safe Drinking Water Loan Program has determined that the project will not result in significant adverse environmental effects, and no further environmental review or analysis is needed before proceeding with funding the project.

The public is encouraged to submit comments regarding this decision and the potential environmental impacts of this project. Submit comments by Mar 10, 2025 to:

Wisconsin Department of Natural Resources
C/O Environmental Review Team, Community Financial Assistance, CF/2
101 S. Webster St. P.O. Box 7921
Madison, WI 53707
DNRCFELEnvironmentalReview@wisconsin.gov

Based on the comments received, the Safe Drinking Water Loan Program may prepare an environmental analysis before proceeding with the funding process. The analysis would summarize the DNR's consideration of the project's impacts and reasonable alternatives.
