

**Notice:** Under 42 USC 7412(j)(3), ss. 285.60, 285.62 and 285.66, Wis. Stats., 40 CFR 63.52 and 63.53, and s. NR 407.05(1), Wis. Adm. Code, applicants for air pollution control permits are required to provide maximum achievable control technology (MACT) information requested on this form. The penalty for failure to submit a required application is not less than \$10 or more than \$25,000 for each day of continued violation.

**Instructions:** The applicant shall file copies of completed forms, on paper or in electronic format, as follows:

- Two (2) copies of all forms and other required application materials submitted on paper, OR
- One (1) copy of all forms and other required application materials in an electronic format and two (2) copies of the signed form submitted on paper.

**Deadline for Submittal:** May 15, 2002.

If the deadline for the Part 1 application arrives before you determine your applicability, submit the Part 1 MACT Hammer Application indicating categories to which you might be subject.

Submit to: Wisconsin Department of Natural Resources  
Bureau of Air Management  
PO Box 7921  
Madison WI 53707-7921  
Attention: Operation Permits

**Sources of Hazardous Pollutants Information**

This section applies to **major** sources of hazardous air pollutant (HAP) emissions. If your source is not major, you are not subject to this application requirement. Your source is major if all equipment, activities, or both within a single contiguous property and under common control emits or has the potential to emit:

- at least 10 tons per year of any federal HAP or
- at least 25 tons per year of any combination of federal HAPs.

- Source is **not major** for HAPs — Proceed to the certification section of this application.
- Source is **major** for HAPs — Complete entire application.

Brief Description of the Major Source (attach additional sheet if necessary)

**WE MANUFACTURE WOOD DOORS AND WINDOWS**

Identify any equipment for major sources of HAPs for which a section 112(g) MACT determination has been made (attach sheet if necessary)

**NOT APPLICABLE [LIST THE CONSTRUCTION PERMIT NUMBER IF APPLICABLE]**

Identify any activities for major sources of HAPs for which a section 112(g) MACT determination has been made (attach sheet if necessary)

**NOT APPLICABLE [LIST THE CONSTRUCTION PERMIT NUMBER IF APPLICABLE]**

The following source categories are only described in general terms. Review either the proposed rule or the applicability criteria. Refer to the following EPA webpages to assist you in determining whether your source is in the source category:

- Proposed MACT Rules — [www.epa.gov/ttn/atw/eparules.html](http://www.epa.gov/ttn/atw/eparules.html)
- Applicability Criteria for MACT Rules that have not yet been published — [www.epa.gov/ttn/atw/112j/info/112\(j\)-table2.html](http://www.epa.gov/ttn/atw/112j/info/112(j)-table2.html)

Note: If the deadline for the Part 1 application arrives before you determine your applicability, indicate below all categories to which you might be subject.

Indicate each category that applies to your source. For each category that applies to your source, identify the type of emissions point at your source that is subject to the category.

Major Source Category	Type of Emissions Point	Major Source Category	Type of Emissions Point
<input checked="" type="checkbox"/> Wood Building Products	S01 P01	<input type="checkbox"/> Refractories Manufacturing	
<input type="checkbox"/> Plywood & Composite Wood Products		<input type="checkbox"/> Site Remediation	
<input type="checkbox"/> Reciprocating Internal Combustion Engines		<input type="checkbox"/> Taconite Iron Ore Processing	
<input type="checkbox"/> Industrial, Commercial & Institutional Boilers & Process Heaters	S10, B10	<input type="checkbox"/> Metal Can (surface coating)	
<input type="checkbox"/> Combustion Turbines		<input type="checkbox"/> Primary Magnesium Refining	
<input checked="" type="checkbox"/> Plastic Parts & Products	Use of Plastic Parts	<input type="checkbox"/> Chlorine Production	
<input type="checkbox"/> Asphalt Roofing & Processing		<input type="checkbox"/> Iron and Steel Foundries	
<input type="checkbox"/> Engine Test Cells/Stands		<input type="checkbox"/> Lime Manufacturing	
<input type="checkbox"/> Semiconductor Manufacturing		<input type="checkbox"/> Reinforced Plastic Composites Production	
<input type="checkbox"/> Brick, Structural Clay Products		<input type="checkbox"/> Flexible Polyurethane Foam Fabrication	
<input type="checkbox"/> Clay Ceramics Manufacturing		<input type="checkbox"/> Hydrochloric Acid Production	
<input type="checkbox"/> Organic Liquids Distribution (non-gasoline)		<input type="checkbox"/> Friction Products Manufacturing	
<input type="checkbox"/> Miscellaneous Organic Chemical Production and Processes		<input type="checkbox"/> Municipal Solid Waste Landfills	
<input type="checkbox"/> Automobile & Light Duty Truck (surface coating)		<input type="checkbox"/> Integrated Iron and Steel Manufacturing	
<input checked="" type="checkbox"/> Miscellaneous Metal Parts (surface coating)	Aluminum Extruding and Coating	<input type="checkbox"/> Coke Ovens; pushing, quenching & battery stacks	
<input type="checkbox"/> Printing, Coating & Dyeing of Fabrics		<input type="checkbox"/> Metal Furniture (surface coating)	
		<input type="checkbox"/> Paper & Other Web Coating	

**Responsible Official Certification**

I have reviewed this application in its entirety and, based on information and belief formed after reasonable inquiry, I certify that the statements and information contained in this application are true, accurate and complete.
