

<b>Title</b>	<b>Brief Description</b>	<b>Code Reference</b>
Code Cleanup	For clarification, rewrite the exemption in 407.03(1)(t) that allows combinations of exempt sources	NR 407.03(1)
Administrative Revision OP Procedures	Clean up the language on incorporating conditions approved in a construction permit as an administrative revision	NR 407.11
Minor Revision OP Procedures	Improve the usability of the minor permit revision language. Specifically, clean up the language on incorporating conditions approved in a construction permit or exemption as a minor revision of an operation permit.	NR 407.12
Definition of Cause or Exacerbate	Define "cause or exacerbate"	NR 400, 406, 407
EPA Copies	Remove requirement to send administrator copy of revised operation permits	NR 407.11(c)
Practical Enforceability	Update s. NR 407.02(9) to reflect updated federal language replacing "federally" with "practically"	NR 407.02(9)
Commence Construction Definition	Investigate ways to revise to address EPA concerns so that rule is approvable by EPA into Wisconsin's SIP	NR 406.03 (1e) and (Note)
Insignificant Emissions Units	Create provisions for insignificant units and insignificant emissions for construction permits (similar to op permits)	Add to NR 406
Replacements	Examine creation of an exemption for like-kind equipment replacements from NR 406	Add to NR 406.04
Administrative Revision Construction permits	Examine creation of provisions to allow administrative revisions for construction permits, and clarifying revisions for construction permits, in general	Add to NR 406.11
Clarifications	Clarify partial replacement exclusion	NR 406.04(6)
Clarifications	Clarify exclusions from modification	NR 406.04(4)
Clarifications	Scope statement for the rule requires us to examine and clarify if necessary the definition of reconstruction s. NR 400.02(130)	NR 400.02(130)
Clarifications	Scope statement for the rule requires us to examine and clarify if necessary the definition of shutdown s. NR 400.02(144)	NR 400.02(144)
Parametric monitoring range changes	Explore using an administrative revision process for parametric monitoring range changes	NR 407.11
Exempt combustion of pharmaceuticals and confiscated drugs	Explore inclusion of an exemption for law enforcement incinerating confiscated drugs. Consider adding collected pharmaceuticals as well such as from clean sweep programs. Stakeholders previously requested to address safe ways for law enforcement to dispose of confiscated drugs.	406.04(1) and 407.03(1)
Clean fuels	Explore exemption to allow for alternative (cleaner fuels) to be exempt from NR 406	NR 406.04
Code Cleanup	Update 407.15(5) to reflect statutory changes under s. 285.69 in general and 285.69(2e) or (2m)	NR 407.15(5)
Clarifications	clarify definition of Part 70 to clarify per MACT once-in-always-in that such sources remain Part 70 sources	407.02(6)
