

REGION 5

CHICAGO, IL 60604

February 17, 2026

Ms. Gail Good
Director, Bureau of Air Management
Wisconsin Department of Natural Resources
P.O. Box 7921
Madison, Wisconsin 53707

Dear Ms. Good:

Thank you for your July 1, 2025, letter requesting that the U.S. Environmental Protection Agency approve the Wisconsin Department of Natural Resources' proposed 2026 Annual Air Monitoring Network Plan. The EPA approves WDNR's plan.

The EPA evaluated the plan and appendices, as well as information about monitoring sites submitted to the Air Quality System database. The EPA confirmed that WDNR's ANP documents its commitment to maintain and operate its air quality surveillance system, includes evidence that each regulatory monitor meets the requirements of appendices A, B, C, D, and E of 40 C.F.R. Part 58, and was available for public comment for at least 30 days prior to submittal to the EPA.

The EPA appreciates your partnership in protecting air quality and thanks WDNR for contributing to the Region's 2025 Five-Year Network Assessment. If you have any questions, please contact Michael Compher, Air Monitoring and Analysis Section Supervisor, at compher.michael@epa.gov.

Sincerely,

John Mooney
Director
Air and Radiation Division

cc. Ben Wolf, Air Monitoring Section Manager
