This hearing is being held via video conference and phone to comply with state restrictions associated with COVID-19. Attendees accessing the meeting via the internet will be prompted to register before entering the public hearing. Reasonable accommodations or informational material in an alternative format will be provided for qualified individuals with disabilities upon request. To do so, make a request to Olivia Salmon using the contact information provided below. A request must include specific information and be received at least 10 days before the date of the scheduled hearing.

Availability of the Proposed SIP Documents

Background information and proposed documents related to the emission inventory submittal can be downloaded at <http://dnr.wi.gov/topic/AirQuality/Input.html> or hard copies can be obtained, free of charge, by contacting Olivia Salmon as indicated below.

Background

This SIP revision has been developed by the DNR to demonstrate attainment of the 2010 1-hour Sulfur Dioxide (SO₂) National Ambient Air Quality Standard for the partial Oneida County nonattainment area. Specifically, the proposed SIP revision contains updated permanent and enforceable emission limitations for the Ahlstrom-Munksjo paper mill located in Rhinelander, Wisconsin, the primary source of SO₂ emissions in the nonattainment area. These limits are made permanent and federally enforceable by inclusion in Air Pollution Control Construction Permit Revision 15-DMM-128-R1, as well as this attainment plan. When considered with the SIP submittals previously provided by DNR to EPA in 2016, this SIP revision fulfills the requirements of the Clean Air Act to demonstrate attainment of the 2010 SO₂ standard in the partial Oneida County nonattainment area.

Action Subject to Comment

The DNR is soliciting comment on this proposed SIP submittal.

Agency Contact and Submitting Comment

Comments on this proposed SIP submittal should be received on or before March 23, 2021. Written comments may be submitted by U.S. mail, fax, or email and will have the same weight and effect as oral statements presented at the public hearing.

Questions or requests related to the hearing and written comments or questions on the proposed SIP should be submitted to:
