This hearing is being held via video conference and phone. Attendees accessing the meeting via the internet will be prompted to register before entering the public hearing. Reasonable accommodations or informational material in an alternative format will be provided for qualified individuals with disabilities upon request. To do so, make a request to Emma Cleveland using the contact information provided below. A request must include specific information and be received at least 10 days before the date of the scheduled hearing.

**Availability of the Proposed SIP Documents**

Background information and proposed documents related to these SIP submittals can be downloaded at <http://dnr.wi.gov/topic/AirQuality/Input.html> or hard copies can be obtained, free of charge, by contacting Emma Cleveland as indicated below.

**Background**

The DNR is proposing a Source-Specific State Implementation Plan Revision for the We Energies Oak Creek Site Natural Gas-Fired Electric Generation and Gas Storage Project in Oak Creek, Wisconsin. Under Chapter NR 428.055 Wis. Adm. Code and Chapter NR 428.25 Wis. Adm. Code, an owner or operator may request an alternative site-specific emission limitation for affected emission units. This SIP revision is in response to We Energies feasibility analysis and alternative NO<sub>x</sub> limit for the new combustion turbine generators in permit 24-JAM-065.

**Action Subject to Comment**

The DNR is soliciting comment on these proposed SIP submittals.

**Agency Contact and Submitting Comment**

Comments on these proposed SIP submittals should be received on or before July 29, 2025. Written comments may be submitted by U.S. mail or email and will have the same weight and effect as verbal statements presented at the public hearing.

Questions or requests related to the hearing and written comments or questions on the proposed SIP submittals should be submitted to:
