**Background**

The DNR is proposing to submit this SIP revision to the U.S. Environmental Protection Agency (EPA) requesting that EPA redesignate the Manitowoc County 2015 8-hour ozone National Ambient Air Quality Standard (NAAQS) nonattainment area to attainment. Based on air quality monitoring data, the Manitowoc County nonattainment area has demonstrated attainment of the 2015 ozone NAAQS since 2020. This proposed SIP submittal demonstrates that all applicable provisions of the Clean Air Act regarding redesignation to attainment have been met.

**Action Subject to Comment**

The DNR is soliciting comment on this proposed SIP submittal.

**Agency Contact and Submitting Comment**

Comments on this proposed SIP submittal should be received on or before October 6, 2021. Written comments may be submitted by U.S. mail or email and will have the same weight and effect as verbal statements presented at the public hearing.
