CLOSE TO HOME FISHING

Wisconsin's waters are just waiting to be fished, but please remember...

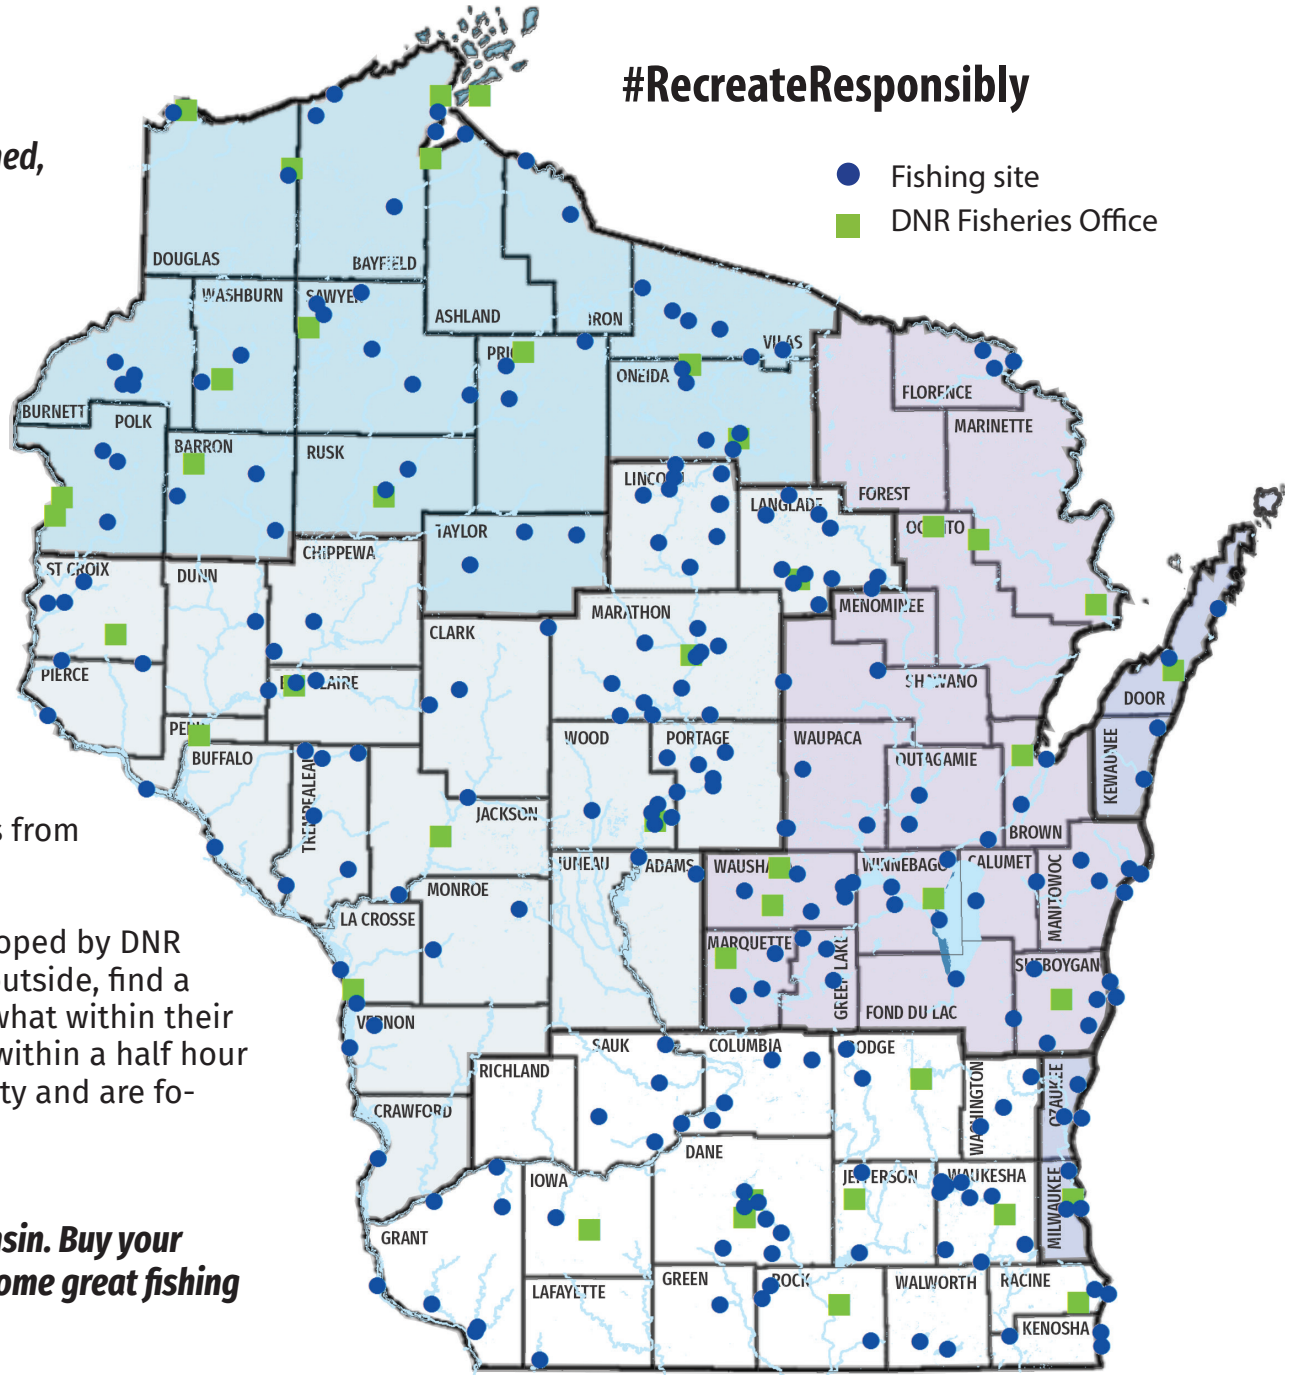

- 1 You must have a fishing license (you can easily buy your license online at gowild.wi.gov),
- 2 Know the regulations,
- 3 Be safe during all outdoor activities and
- 4 If you practice catch and release, please release your fish responsibly

Recent studies have shown that 53% of anglers do not travel more than 30 minutes from their home.

The following list of waters has been developed by DNR fisheries biologists to allow people to get outside, find a fishing spot and stay close to home (somewhat within their community). The sites are generally found within a half hour of a DNR work station or nearby municipality and are focused more on shore fishing opportunities.

Fishing is a time-honored tradition in Wisconsin. Buy your license, grab family and friends and reel in some great fishing memories.

#RecreateResponsibly

Water	Nearest Town	County	Access	Species 1	Species 2	Species 3
Big Roche a Cri Creek	Town of Rome & Wisconsin Rapids	Adams	Big Roche a Cri State Fisheries Area, https://dnr.wi.gov/topic/lands/PAL/application.html	Brook trout	Brown trout	
Lake Superior-Chequamegon Bay-Fish Creek Sloughs	Ashland	Ashland	Long Bridge/Short Bridge Old Dump Rd, Ashland, WI 54806	Northern pike	Yellow perch
