

Drinking Water System Login Changes Coming Soon

The Wisconsin Web Access Management System (WAMS) to be replaced by MyWisconsinID.

What does the change mean for me?

- You won't be able to access WAMS reporting systems without first creating a new login and password through MyWisconsinID.
- Users that share accounts will now need to create their own accounts. Shared accounts will not be allowed because of multi-factor authentication.
 - multi-factor authentication** - An electronic security process requiring users to provide two verification methods to gain access to an account.

What is MyWisconsinID?

MyWisconsinID allows users to securely access various participating online state services using one user ID and password.

How do I create a new login?

Go to <https://apps.wisconsin.gov> and follow the instructions to self-register.

When will I know it's time to use my new login?

The DNR will notify via GovDelivery emails before and after the change takes effect.

After the switch, you will notice an appearance change on the login screen, like the one shown below.

What do I do if I forget my login information?

1. Go to the My Wisconsin ID login page
<https://apps.wisconsin.gov>

2. Enter your email address and click next.

A screenshot of the MyWisconsin ID Sign In page. At the top, there is the Wisconsin state seal and the word "WISCONSIN". Below that, the title "MyWisconsin ID Sign In" is centered. Under the title, the label "Email address" is followed by the text "example - user@domain.com". Below this is a text input field containing "user@domain.com". A blue button labeled "Next" is positioned below the input field. At the bottom of the form, there are two links: "Unlock account?" and "Help". At the very bottom, there is a link that says "Don't have an account? Sign up".

3. Click the forgot password link to reset your password through email.
