

E-Cycle Wisconsin

List of Unregistered Brands

DO NOT SELL

The following manufacturers have not registered their listed brands in Wisconsin. Covered electronic devices (CEDs) from the brands listed below may not be sold to Wisconsin households, K-12 public schools and Parental Choice Program schools (s. 287.17(2)(c), Wis. Stats.). If the DNR revokes a manufacturer's registration or the registration expires, retailers have 180 days to sell covered electronics from the manufacturer. This sell-by date is noted in the report below. Brands without a date may not be sold.

CEDs are video display devices (VDD), including televisions and monitors, with a screen of at least 7" in the longest diagonal direction; desktop, laptop, netbook and tablet computers; and desktop printers, including those that scan, fax and/or copy and 3D printers. For more information on device definitions, visit <https://dnr.wi.gov/topic/Ecycle/Wisconsin.html>.

**Please note that appearing on this list does not automatically mean a manufacturer is not complying with Wisconsin's electronics recycling law. Wisconsin has no formal method for listing manufacturers as exempt if they do not currently sell CEDs to Wisconsin households or covered schools. Manufacturers may also produce devices that that not considered CED.
