

# PORTABLE SAWMILL CLINIC

**Friday, July 19 & Saturday, July 20, 2024**

**8:00 a.m. – 5:00 p.m.**

**NTC Wood Technology Center of Excellence**

312 Forrest Ave., Antigo, WI 54409

**Cost: \$300**

Attendees of this workshop will be exposed to the entire process of turning logs into lumber with a portable sawmill. Geared towards curious and new sawyers alike, participants will dive into the how to break down logs into lumber sustainably and understand the business aspects from log quality and sourcing to manufacturing processes and product markets.
