➤ **Please Note: Continued New Reporting for Mixed Products (by cord and ton)**

At this time, Mixed Products (by cord or ton) for **Aspen, Jack Pine, Mixed Hardwood, Basswood, Yellow Birch and White Birch** cannot be reported on the Cutting Notice and Report of Wood Products from Forest Crop and Managed Forest Lands (form 2450-032). To obtain a 3-year weighted average, we are continuing to collect data for these Mixed Products; this is the third year of collection for these product and species code combinations.

Stumpage rates will not be established for November 1, 2017 through Oct. 31, 2017 for this new combination of product and species codes. The Forest Tax Program will communicate when stumpage rates are established for these new product and species codes combinations and when these codes can be used on the Cutting Notice and Report of Wood Products from Forest Crop and Managed Forest Lands form (WDNR form 2450-032).
