HOW TO LOG INTO AN ORGANIZATION ACCOUNT

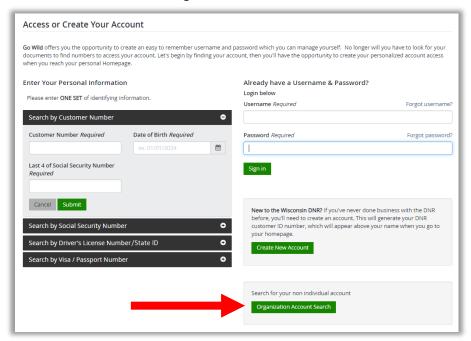

Visit the website gowild.wi.gov. If you have already set up a username/password for your account, you
may log in directly using that. If you have not yet created a username/password, use the "Account Lookup" option
to search for your account or create a new account if necessary.

 Mobile Users who haven't created a username/password may access the account look-up options by selecting "Account Lookup" under the username section, or select the icon to display the "Account Lookup" button.

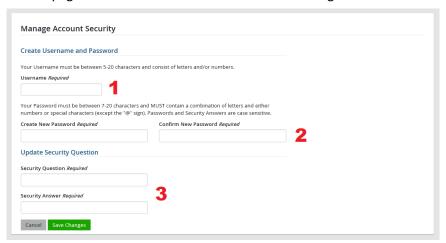

• **Search for your account -** Select the "Organizational Account Search" button.

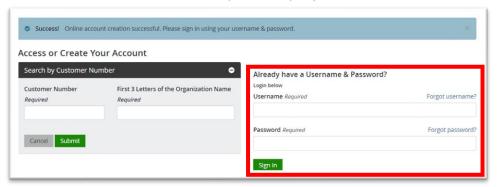

- **Search by Customer Number.** Enter your DNR customer number and the first 3 letters of your organization name. Select the "Submit" button when finished.
 - Dealers: The customer number is the same as your Dealer ID. This number can be found on your dealer renewal notice; ATV/UTV, OHM and snowmobile dealers may find this number on the dealer certificate.

• Manage Account Security. 1) Once your account is found, enter a unique username that you will use to log into your account in the future. 2) Create a password and enter it twice for confirmation. 3) Create a Security question and answer. This is used as a security measure should your username or password become "locked". Use the guidelines listed on the page to create these items. Select "Save Changes" when finished.

• **Login to access your account.** After successfully creating your account, you will be sent a welcome email message. To login to Go Wild, enter the username and password you just created.

• **Review Summary.** Review your account profile for accuracy. If changes are needed, select the "Edit" button in the upper right. Use the icons for help in each section. Please Note: Organizational accounts will require either a FEIN number for the business, or a Social Security for the business representative.
