

Creating Your Individual Customer ID Account

Information

All customers need to have a Customer ID created to access the Go Wild system. If this is your first time doing business with the department (you have never purchased a license, completed a safety course, or registered a recreational vehicle) you will need to provide us your information to create an account. If you are having difficulty locating your account, call 1-888-936-7463.

Instruction

1. Visit [Go Wild \[https://gowild.wi.gov\]](https://gowild.wi.gov). Click on **Create a new account**.

The screenshot shows the Go Wild login page. It features a logo for 'go WILD WISCONSIN DEPARTMENT OF NATURAL RESOURCES'. Below the logo are fields for 'Username' and 'Password', each with a 'Forgot [username/password]' link. At the bottom left, there is a link 'Don't have one? Create a new account or use Account Lookup'. A green 'Log In' button is at the bottom right. A black arrow points from the text 'Create a new account or use Account Lookup' to a callout box.

Don't have one?
[Create a new account](#)
or use [Account Lookup](#)

2. **Follow the instructions** for the information that is needed to be collected to create an account. If it has been determined that you already have an account created, you will see a message that tells you an account already exists that matches this information, and you will be sent back to the Account Lookup page to locate the account using the search methods. See the 'Logging Into Your Individual Account' tutorial for assistance.
 - a) **Preferences and Residency** – Read the information on the screen and select your residency. If you select resident and are age 18+, you will be required to enter a valid WI Driver License or valid WI State ID to confirm your residency. If your information does not validate you can only proceed online as a Nonresident.
 - b) **Create Profile** – Enter ALL your personal information and review for accuracy. An email address is required to use our online services.
 - c) **Username/Password** – All customers using the Go Wild site are required to create a username/password. Once created you will be required to use that to log into your account in the future. Please note the (Forgot username?) and (Forgot password?) links if you need to retrieve your username or your password in the future.
 - d) **Review Summary** – Review ALL the information for accuracy. You can select the 'Edit Icon' in the upper right or the 'No' button at the bottom of the page. Please review the Terms and Disclaimers and check the box to agree. If all information is accurate click on 'Yes' at the bottom to proceed.
 - e) **Email Validation** – You will receive a pop-up that allows you to verify/update your email and will send you a verification email – once received, follow the instructions. After your email address is verified, you will no longer get this pop-up unless it changes.

Creating Your Individual Customer ID Account

f) **Dashboard** – Your dashboard is customized for you specifically. Please review all messages as they frequently change to provide you important information.

- My Gear** section – items are added as you add approvals/registrations to your account – this section is a quick way for you to click directly to the items you have on account, otherwise you can navigate to the dashboard tiles to view the full page.
- Dashboard Tiles** – have a main label and a description of what can be done in the section.

The diagram illustrates the flow of information from the 'My Gear' section to various dashboard tiles and then to specific sections like the Product Catalog and My Vehicles.

My Gear Section:

- Game Registrations:**
 - 2628069012 - Nuisance/Ag Harvest Authorizations
