Subject: Request for recommendations for state groundwater quality standard for Metalaxyl-M

Dear Mr. Sponseller,

Thank you for your June 8, 2026 letter requesting assistance from the Department of Health Services (DHS) by developing a health-based state groundwater quality recommendation for Metalaxyl-M. We will add this to the list of substances we received from you in February for which we are developing recommendations. We do not expect that the timeline for our recommendations will need to be adjusted.

We are pleased to work with you in this collaborative endeavor to protect and promote the health and safety of the people of Wisconsin.

Sincerely,

A handwritten signature in dark ink, appearing to read "Paula Tran".

Paula Tran, MPH
