**Modeled Gas Generation k=.04 Lo=100**

*Includes modeled effect of recirculation approved in 2016*

*A gas system was installed but did not become operational until Mar 2020*

Please understand that the gas generation curve above was prepared using a computer model and general assumptions that may under or overestimate gas generation for this particular landfill. For more information on the model and how it's been used, please consult the text of this web page.
