<sup>1</sup>Septage Operator Certification Program calendar is subject to change due to policy or staff availability.

\*Renewal reminder letters are only a courtesy to operators. It is the operator's responsibility to track their certification expiration date. Operators can track continuing education hours on Training History Reports, which can be accessed using the [Operator Certification Lookup Portal](#).

\*\*Septage Master Operator class is offered twice per year, typically in spring and fall. Exact month subject to staff availability.

Septage exams are offered year round, in person. Applications and exam information can be found on the [Operator Certification Exams webpage](#).
