HOW IS MY DONATION USED?

Your donation to the Accessible Outdoors Fund helps create and improve accessibility and universal access at DNR properties, providing more inclusive outdoor recreation experiences. Donations help the DNR Accessibility Team create new and improved opportunities for universal outdoor recreation to make DNR properties more accessible for all.

Your donations will be used for activities such as:

- Adaptive equipment for outdoor recreation (outdoor wheelchairs, adaptive bikes, adaptive kayaks, all-terrain walkers, beach wheelchairs, sensory items, etc.)
- Maintenance and construction of accessible features (accessible cabins, accessible fishing piers, universal kayak launches, beach access mats, etc.)
- Trail construction and surface improvements for universal access
- Accessible programs and events
- Educational materials

WHY IS MY DONATION SO IMPORTANT?

Improving accessibility and universal access opportunities to DNR programs and properties is incredibly important. It also requires substantial investments, and DNR is committed to increasing opportunities for visitors of all abilities statewide. Partner with us and help us provide exceptional outdoor recreation at DNR properties for all.

Donations of any amount are accepted and are very much appreciated. The fund accepts donations from direct contributors or as honorary gifts.

WISCONSIN ACCESSIBLE OUTDOORS FUND

Accessible hunting blind at Jackson Marsh Wildlife Area.

Made possible by the Wisconsin Waterfowl Association

Now you can help support accessibility and universal access at Wisconsin's state properties, like state parks, forests, and wildlife areas!

The Wisconsin Accessible Outdoors Fund is a program that allows you to contribute to accessibility and universal access improvements at Wisconsin's state properties.

Your donation will help the DNR provide more opportunities for everyone of all abilities in outdoor recreation for present and future generations. Let's work together to help make Wisconsin's outdoors for all!
