

Peninsula State Park - 2022 Road Construction

Beginning Monday, Aug. 15, 2022, road construction will be taking place along two areas of Shore Road in Peninsula State Park (from the main park entrances off Highway 42 to Bluff Road). Construction will take place Mondays through Thursdays, and will continue at least through the end of October 2022. During the construction timeframe, areas of Shore Road may be closed or reduced to single-lane traffic, and detours may be in place. Campgrounds and day use areas in the park will remain open, however, visitors to the park during this time should expect traffic delays.
