

Richard Bong SRA - Waterfowl Blind Status - July 31, 2024

As of July 31, 2024, due to the abundance of rain, water levels are high on all waterbodies. Wolf Lake water levels are normal with water reaching the blinds. With changing weather patterns, hunters are recommended to scout waterbodies prior to the season.

Water conditions may change. Use of dogs is recommended to retrieve game.

Blind #	Recommended Parking Lot	Blind Conditions / Recommended for game retrieval

***Accessible blinds** 5, 6 and 15 are for use by persons with disabilities. Blinds 6 and 15 are reserved for hunters with disabilities only from the opening of shooting hours to noon, regardless if the blinds are occupied. If the accessible blinds are not occupied or reserved for the afternoon, they will be opened to the general public.

REMINDERS

- **Steel shot is required** for waterfowl hunting in Wisconsin.
- All hunters must register at the entrance station **prior to** hunting each day.
- Waterfowl hunting requires a \$1 per day permit for each hunter, paid upon arrival.
- Hunters may not enter Richard Bong SRA to register or set up any earlier than one (1) hour prior to the opening of hunting hours. Hunters with reservations not arriving **at least a half hour prior to** shooting hours will forfeit their reservation.
