

Brule River State Forest Timber Sale Information

Sealed bids will be received at the Brule River State Forest Office, 6250 S. Ranger Rd., Brule, WI 54820, up to 9:00 AM **Tuesday December 17, 2019** and will be opened immediately thereafter for timber stumpage described in this prospectus. This bid opening will be held for thirteen (13) tracts on the Brule River State Forest. Five (8) additional tract are offered for sale on State owned lands located within Bayfield County and one (1) tract in Douglas County at Pattison State Park.

For tracts not sold on **December 17, 2019**, sealed bids will be accepted by the Brule River State Forest office until 9:00 AM **January 3, 2020**. Contact BRSF office for details following December 17th bid opening.

1. Bidding Procedure for Timber Sales
 - a. Bids will be made by species for each tract

***** Note : Two tracts, Pickerel Lake and Middle Eau Claire, will be sold on a lump sum basis. Lump sum tracts do require a per unit bid, but payment for volume sold will be based on original estimate, no measurement or scaling of wood will be done.*****
 - b. Estimated volumes used on individual sale prospectus maps are based on either a four inch (4") top diameter or a whole tree harvest volume. All sale volumes are in **TONS**. Bid according to volumes listed on individual maps and indicate utilization standard with your bid.
 - c. The **high bidder** will be determined by the **greatest total bid** for each tract.
 - d. Bids will be opened in random order from a draw of the hat.
 - e. **Bidders in attendance** can remove their bid from consideration before each individual tract is opened.
2. Bids may be made on one or more tracts
3. Submit bids in individual sealed envelopes marked "Bids for Timber Stumpage" with the timber sale name, and tract number on the outside. Wisconsin DNR Timber Sale Bid Forms must be used to make bids on DNR timber sales. Bid bonds are not required.
4. A per unit bid must be made on every item on a tract.
5. Winning bidders will be notified within 24 hours of bid opening and must submit an acceptable performance bond within 6 weeks of the bid opening. If the winning bidder fails to execute the contract and submit an acceptable performance bond, the bidder shall be required to forfeit to the department an amount equal to 10% of the total bid amount. Failure to forfeit the 10% penalty will result in the bidder being considered ineligible to bid on any state timber sales for a two-year period.
6. A **Performance Bond or Letter of Credit** is required before awarding of contract. The bond shall be fifteen percent (15%) of the total bid value or a **minimum of \$1000.00**. The bond will be held intact by the Department of Natural Resources until the satisfactory completion of the timber sale contract.
7. The Department of Natural Resources reserves the right to reject any or all bids.

SALES TAX CERTIFICATION

1. A [Sales and Use Tax Exemption Certificate](#) must be provided at the signing of the contract. This certificate is required to cover a contractor or individual reselling stumpage harvested for firewood/fuelwood and mills and manufacturing facilities. More information about the certificate can be found at <https://www.revenue.wi.gov/faqs/pcs/s-exempt.html>

UTILIZATION

1. All trees designated for cutting will be utilized to a four inch (4”) top diameter unless stated otherwise in the prospectus.
2. When designated for cutting, all trees containing one (1) or more one hundred inch (100”) long stick to a four inch (4”) minimum top diameter will be considered merchantable.

SCALING AND PAYMENT

1. Payment for timber removed from site must be made within 30 days after hauling or scaling under deferred payment option unless otherwise indicated on sale map.
2. The mill scale ticket system will be used as the preferred method of sale administration for sales on the Brule River State Forest. Other scaling systems may be used at the discretion of the Department of Natural Resources.
3. If a woods scale system is used, all cordwood will be piled for scaling. Piles will be level and square with at least two cords per pile. At least 20 cords will be piled before a scale is requested. Scaling requests must be made at least one day in advance.
4. Weight scale conversions will be at rates as specified in the DNR timber sale handbook.

CONTRACT PERIOD

1. All contracts offered during this bid opening will expire July 1, 2023.
2. Contract extensions will not be granted without justifiable reason. Justification will be determined by the Department of Natural Resources. **Note******If extended, extension will be offered which expire July 1, 2024, and stumpage prices will be increased by **15%** for the extension period.
3. Performance bonds in a form of other than cash must expire no earlier than July 1, 2024.

OTHER CONDITIONS - BMPS

1. Wisconsin’s Best Management Practices for Water Quality, Woody Biomass Harvesting Guidelines, and Best Management Practices for Invasive Species must be followed on all DNR timber sales. More information on these management guidelines can be found at the links found below.

Water Quality BMPs: <https://dnr.wi.gov/topic/ForestManagement/bmp.html>

Biomass: <https://councilonforestry.wi.gov/Pages/WoodyBiomass/Overview.aspx>

Invasive BMPs: <https://councilonforestry.wi.gov/Pages/InvasiveSpecies/Forestry.aspx>

Insurance

The “Contractor” (purchaser) shall provide the Department with a Certificate of Insurance counter-signed by a Wisconsin Resident Agent, indicating that Worker’s Compensation Insurance coverage is provided for the duration of the contract prior to any performance under it. Such Certificate of Insurance shall further include the condition that the insurer shall notify the Department at the Brule River State Forest Office within five (5) days of any change in its terms of twenty (20) days prior to its termination.

Contract may contain other provisions. A sample copy of the contract is available upon request.

Current Brule River State Forest contracts that have run longer than the original expiration date must be completed before sale operations are started on a new contract.

Dave Schulz
Forester

NOTE: Prospectus maps for each of the timber sales are available at the Brule River State Forest office. Contact Dave Schulz at the above address and phone number if you have any questions concerning these sales on the Brule River State Forest. Forester names and phone numbers are provided on other State Land sale maps and on the sale summary sheet.

*****TRAINING STANDARD*****

Successful purchasers of timber stumpage on Wisconsin State Forests will need to ensure that the actual logging contractor compiles with the Wisconsin Sustainable Forestry Initiative (SFI) Training Standard as adopted by the Wisconsin SFI Implementation Committee (SIC). Criteria for the training standard can be obtained by contacting FISTA. Purchaser agrees to provide documentation to Seller that the training has been attained prior to initiating the sale

FOREST CERTIFICATION: These lands are 3rd party certified.

White River Fishery Area

Forester: Kathleen Klow (715)308-4416		Twp 46N	Range 7W	Sec: 30	Estimated Volumes:	
Acres: 11		Township: Delta			Species	Tons to 4" top
Soil: Sand	Regen Code: Natural	Compartment: 231			Red Maple pulp*	140
Topography: flat		Tract Number: 2-19 Rocky Run Salvage			Black Ash**	200
Scale: 4" = 1mile		Contract Number:			Aspen	65
					Minimum Bid:	\$758.50
					*Includes 85% Red Maple and 15% Sugar Maple	
					**Includes approximately 17 MBF Black Ash logs	

- This is a **salvage** harvest (clearcut with reserves) being sold on a ticket scale basis. Utilize all felled trees to a 4" minimum top diameter.
- **Rocky Run Road washed out in June 2018 covering the sale area with about three feet of sand. The Rocky Run Road is still closed to public access. The US Forest Service anticipates repairs to start in 2020. However, there is an access route through state land in bold on the sale map.**
- No biomass harvesting is allowed.
- **Harvest operations shall be restricted to leaf off time of year when soil is dry or frozen.**
- Harvest boundaries are designated with red and blue paint, and Rocky Run Road.
- Prior to moving equipment onto or off the sale remove debris and soil from equipment.
- This contract requires DNR authorization for all road/landing construction and places several other requirements on road construction, maintenance and closure. See timber sale administrator for access and road requirements.
- **Leave uncut and undamaged** all pine, red oak, and white spruce. Do not cut snags except for those that pose a safety hazard.
- **Cut** all other trees 2" DBH and larger to a 4" minimum top diameter.

				Total	2485	

Map prepared by S. Stack. This product is for informational use only and was not prepared for legal, engineering, or surveying purposes.

1 inch = 0.25 miles

Cutting Specifications:

- Ticket scale sale.
- Sale boundaries marked with blue & red paint; blue paint denotes boundary with other ownerships. Do not fell timber outside painted boundaries.
- Coppice with Reserves (61 acres): Harvest all aspen except those marked with green paint. Harvest all northern hardwoods & swamp hardwoods except yellow birch. Harvest all balsam fir two sticks and larger. Harvest all ironwood with at least one 100-inch pulp stick. All pine, cedar, and spruce are reserved. All green-painted trees are reserved.
- Select Tree Removal (77 acres): Harvest all orange-marked trees with at least one 100-inch pulp stick. Harvest all aspen except those marked with green paint. Harvest all balsam fir two sticks & larger. Harvest all ironwood with at least one 100-inch pulp stick. All oak, pine, white spruce, & cedar are reserved.
- Minimize damage to residual trees.
- Reserve all red-marked or blue-marked boundary trees.
- Reserve all snags that do not pose a safety hazard; felled snags shall not be yarded or removed.
- Utilize all trees to a 4-inch minimum top; scatter or retain slash throughout the sale areas.
- Utilize pre-existing skid trails & roads whenever possible, & soil disturbance or construction of new trails & roads shall be limited to that necessary to log the area. New roads, trails, or landings must be approved by the timber sale administrator.
- Follow all BMPs to prevent & minimize rutting, especially near ash swales.
- Operations shall occur on frozen soil conditions only, unless otherwise approved by the timber sale administrator.

Scale:	Minimum Bid:\$5807.00			Red Pine	330	9"
				Total	700	

*contains 1% balsam fir and white spruce

- This is a ticket sale. The sale will be sold by the ton.
- This is a dry or frozen conditions only sale.
- The sale will not be sold as a whole tree harvest. Slash is to be scattered and cut to no more than 3' of the ground.
- Cut all trees in every 3rd row in the Row Removal unit. Utilize to a minimum 4" top diameter.
- Harvest every tree marked with orange paint in the Marked Thin unit. Utilize to a minimum 4" top diameter.
- Cut pine products must be removed from the site within three weeks if cut between May 1st to August 31st.
- Sale boundaries defined by the edges of planted pine, as shown on map.
- Harvest area consists of 10 acres of plantation white pine, red pine, and some white spruce and balsam fir.
- Access is a gated DNR road from Old County Highway C.
- Open area adjacent to plantation is a wildlife opening – no parking or decking allowed.
- Landing areas to be confirmed at pre-sale meeting.
- Decking of wood along town roads will not be allowed without permission from township
- Comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.

Other State of Wisconsin Lands
