

Brule River State Forest Timber Sale Information

Sealed bids will be received by mail at the Brule River State Forest Office, 6250 S. Ranger Rd., Brule, WI 54820, up to 9:00 AM **Thursday September 17, 2020** and will be opened immediately thereafter for timber stumpage described in this prospectus.

For in person bid delivery, contact Dave Schulz at 715-815-0411 to make arrangements for personal bid delivery due to COVID-19 office closures.

This bid opening will be held for fourteen (14) tracts on the Brule River State Forest. Four (4) additional tract are offered for sale on State owned lands located within Bayfield County.

For tracts not sold on **September 17, 2020**, sealed bids will be accepted by mail or in person until 9:00 AM **October 1, 2020**. Contact Dave Schulz – Brule River State Forest Forester at 715-815-0411 or at david.schulz@wisconsin.gov for details on bid results following September 17th bid opening.

Due to COVID-19 restrictions, these bid openings will be **CLOSED** to the public and contractors. If you wish to attend via tele-conference, please use the following procedure to call in and attend via telephone. If you have issues with the conference call options on the day of the bid opening, contact Dave Schulz at 715-815-0411.

DIRECTIONS FOR TELECONFERENCE ATTENDANCE:

Prior to 9:00 AM on Sept. 17, 2020, and again prior to 9:00 AM on October 1, 2020, call into the DNR teleconference line by dialing 608-282-4711 to join the bid opening via conference call. See item 1e below as it pertains to removing a bid from consideration.

1. Bidding Procedure for Timber Sales
 - a. Bids will be made by species for each tract
 - b. Estimated volumes used on individual sale prospectus maps are based on either a four inch (4”) top diameter or a whole tree harvest volume. All sale volumes are in **TONS**. Bid according to volumes listed on individual maps and indicate utilization standard with your bid.
 - c. The **high bidder** will be determined by the **greatest total bid** for each tract.
 - d. Bids will be opened in random order from a draw of the hat.
 - e. **Bidders in attendance via conference call** can remove their bid from consideration before each individual tract is opened. Bidders must identify themselves by clearly stating their name, address, and telephone number **PRIOR** to a bid being opened to withdraw their bid from consideration.
2. Bids may be made on one or more tracts
3. Submit bids in individual sealed envelopes marked “Bids for Timber Stumpage” with the timber sale name, and tract number on the outside. Wisconsin DNR Timber Sale Bid Forms must be used to make bids on DNR timber sales. Bid bonds are not required.
4. A per unit bid must be made on every item on a tract.
5. Winning bidders will be notified within 24 hours of bid opening and must submit an acceptable performance bond within 6 weeks of the bid opening. If the winning bidder fails to execute the contract and submit an acceptable performance bond, the

- bidder shall be required to forfeit to the department an amount equal to 10% of the total bid amount. Failure to forfeit the 10% penalty will result in the bidder being considered ineligible to bid on any state timber sales for a two-year period.
6. A **Performance Bond or Letter of Credit** is required before awarding of contract. The bond shall be fifteen percent (15%) of the total bid value or a **minimum of \$1000.00**. The bond will be held intact by the Department of Natural Resources until the satisfactory completion of the timber sale contract. Performance bonds in a form of other than cash for these sales must expire no earlier than **June 30, 2025**
 7. The Department of Natural Resources reserves the right to reject any or all bids.

SALES TAX CERTIFICATION

1. A [Sales and Use Tax Exemption Certificate](https://www.revenue.wi.gov/faqs/pcs/s-exempt.html) must be provided at the signing of the contract. This certificate is required to cover a contractor or individual reselling stumpage harvested for firewood/fuelwood and mills and manufacturing facilities. More information about the certificate can be found at <https://www.revenue.wi.gov/faqs/pcs/s-exempt.html>

UTILIZATION

1. All trees designated for cutting will be utilized to a four inch (4") top diameter unless stated otherwise in the prospectus.
2. When designated for cutting, all trees containing one (1) or more one hundred inch (100") long stick to a four inch (4") minimum top diameter will be considered merchantable.

SCALING AND PAYMENT

1. Payment for timber removed from site must be made within 30 days after hauling or scaling under deferred payment option unless otherwise indicated on sale map.
2. The mill scale ticket system will be used as the preferred method of sale administration for sales on the Brule River State Forest. Other scaling systems may be used at the discretion of the Department of Natural Resources.
3. If a woods scale system is used, all cordwood will be piled for scaling. Piles will be level and square with at least two cords per pile. At least 20 cords will be piled before a scale is requested. Scaling requests must be made at least one day in advance.
4. Weight scale conversions will be at rates as specified in the DNR timber sale handbook.

CONTRACT PERIOD

1. All contracts offered during this bid opening will expire **June 30, 2024** to allow for three full cutting seasons on all sales.
2. Contract extensions will not be granted without justifiable reason. Justification will be determined by the Department of Natural Resources. **Note******If extended, extension will be offered which expire June 30, 2025, and stumpage prices will be increased by **15%** for the extension period.

OTHER CONDITIONS - BMPS

1. Wisconsin's Best Management Practices for Water Quality, Woody Biomass Harvesting Guidelines, and Best Management Practices for Invasive Species must be followed on all DNR timber sales. More information on these management guidelines can be found at the links found below.

Water Quality BMPs: <https://dnr.wi.gov/topic/ForestManagement/bmp.html>

Biomass: <https://councilonforestry.wi.gov/Pages/WoodyBiomass/Default.aspx>

Invasive BMPs: <https://councilonforestry.wi.gov/Pages/InvasiveSpecies/Forestry.aspx>

Insurance

The "Contractor" (purchaser) shall provide the Department with a Certificate of Insurance counter-signed by a Wisconsin Resident Agent, indicating that Worker's Compensation Insurance coverage is provided for the duration of the contract prior to any performance under it. Such Certificate of Insurance shall further include the condition that the insurer shall notify the Department at the Brule River State Forest Office within five (5) days of any change in its terms of twenty (20) days prior to its termination.

Contract may contain other provisions. A sample copy of the contract is available upon request.

Current Brule River State Forest contracts that have run longer than the original expiration date must be completed before sale operations are started on a new contract.

Brule River State Forest
6250 S. Ranger Rd.
Brule, WI 54820

Dave Schulz
Forester
Phone: (715) 815-0411
david.schulz@wisconsin.gov

NOTE: Prospectus maps for each of the timber sales are available online at

<https://dnr.wisconsin.gov/topic/timbersales/salesbrule>

Contact Dave Schulz at the above address and phone number if you have any questions concerning these sales on the Brule River State Forest. Forester names and phone numbers are provided on other State Land sale maps and on the sale summary sheet.

*****TRAINING STANDARD*****

Successful purchasers of timber stumpage on Wisconsin State Forests will need to ensure that the actual logging contractor complies with the Wisconsin Sustainable Forestry Initiative (SFI) Training Standard as adopted by the Wisconsin SFI Implementation Committee (SIC). Criteria for the training standard can be obtained by contacting FISTA. Purchaser agrees to provide documentation to Seller that the training has been attained prior to initiating the sale

FOREST CERTIFICATION: These lands are 3rd party certified.

Seasonal Restrictions: None Sale offered at a 4 inch top only. (restricted soils) MX is 87% red maple and 13% white birch			Timber Sale #:	MX	700	NA
				Oak	400	NA
				Minimum Bid	\$29,630	

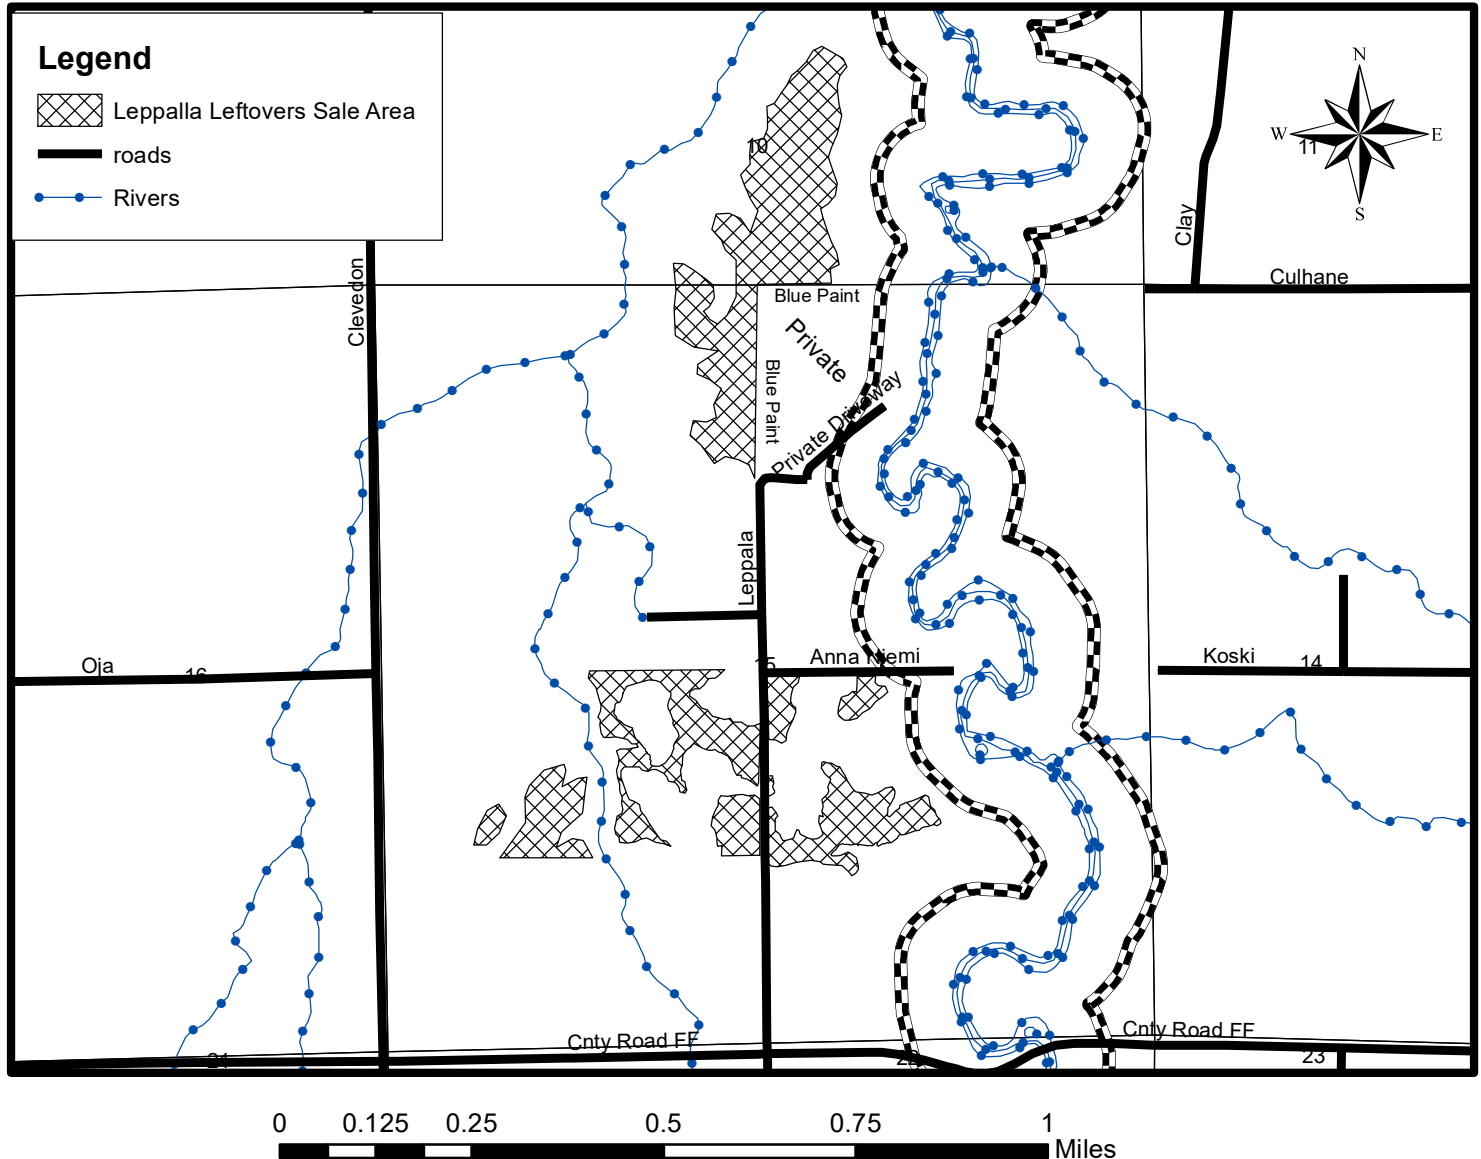

Cutting Specifications:

1. Sale boundaries marked in red paint or blue paint. Blue paint indicates private property lines which shall not be crossed.
2. Cut all aspen, maple, and white birch which are 2 inches DBH and larger. Cut all red oak which are over 6 inches DBH. Care shall be taken to leave oak under 6 inches uncut and undamaged. Leave all trees marked in green paint uncut and undamaged.
3. Utilize all trees which contain one or more 100" stick to a 4 inch top diameter. Slash height must not exceed 3 feet.
4. Access will be through the Cedar Island Driveway as shown on the map. Contact Grant Henry at 715-372-4824 to gain permission to enter.
5. All new road and landing construction shall be approved by property manager or contract administrator.

*This map is not a survey of the actual boundary of any property this map depicts.

Brule River State Forest

Sale Name: Leppalla Leftovers			Tract Number: 18-18	Estimated Volumes:		
Twp: 48N	Range: 10W	Section: 15	Compartment: 65	Species	TONS	TONS
Township: Brule			Stand: 4,5,6,14		4" Top	Whole Tree
Soil: Clay		Topography: Flat/Rolling	Acres: 64	Aspen	1750	2250
Seasonal Restrictions: Cutting/Hauling operations very dry or frozen. MX is 50% red maple, 48% ash, 2 % misc Fir is 98% Fir and 2% jack pine			Timber Sale #:	MX	380	660
				Fir	220	550
				Minimum Bid	\$24,196	

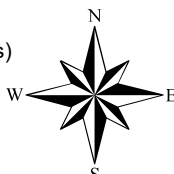

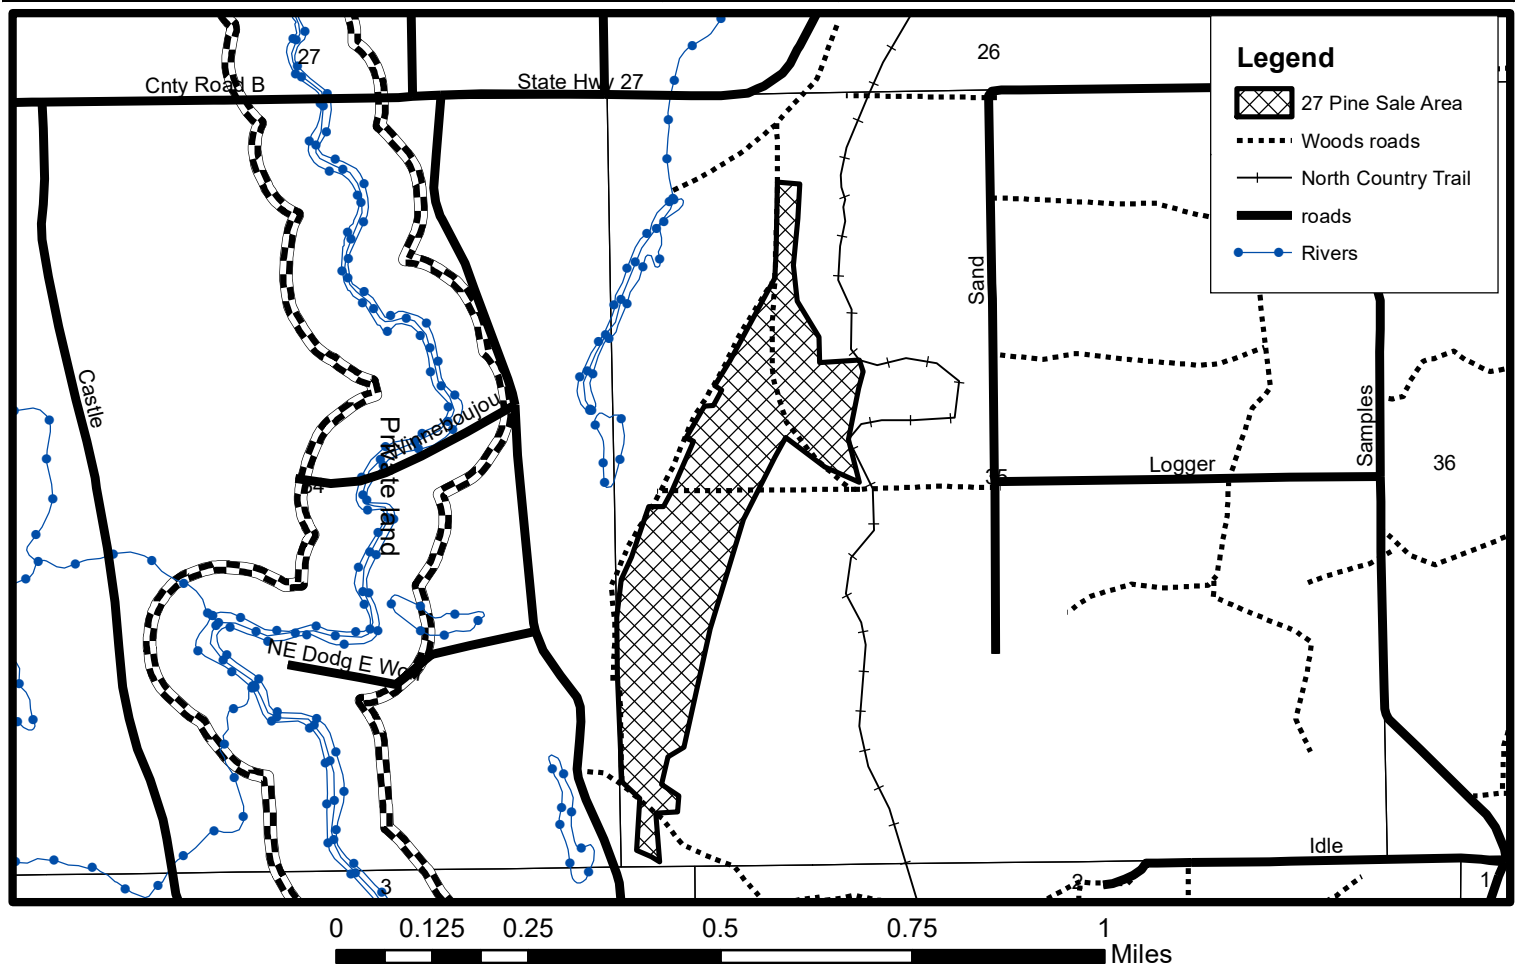

Cutting Specifications:

1. Sale boundaries marked in red or blue paint or bounded by obvious roads. Blue paint indicates private land and shall not be crossed.
2. Cut all aspen, ash, maple, jack pine, basswood, balsam fir, and paper birch over 2" DBH. Leave all snags that do not pose a safety risk. Retain all other trees.
3. Utilize all cut trees which contain one or more 100" stick to a 4 inch top diameter. Slash height must not exceed 2 feet and must be lopped and scattered concurrent with harvest.
4. Care must be taken to avoid rutting. Dry or frozen conditions
5. Landings and roads must be approved by sale administrator.

*This map is not a survey of the actual boundary of any property this map depicts.

Brule River State Forest

Sale Name:			Tract Number: 13-17		Estimated Volumes:			
Hwy 27 Pine								
Twp: 47N	Range 10W	Section: 35	Compartment: 41		Species	TONS	TONS	
Township:		Brule	Stand: 13			4" Top	Whole Tree	Ave DBH

1 inch = 0.25 miles

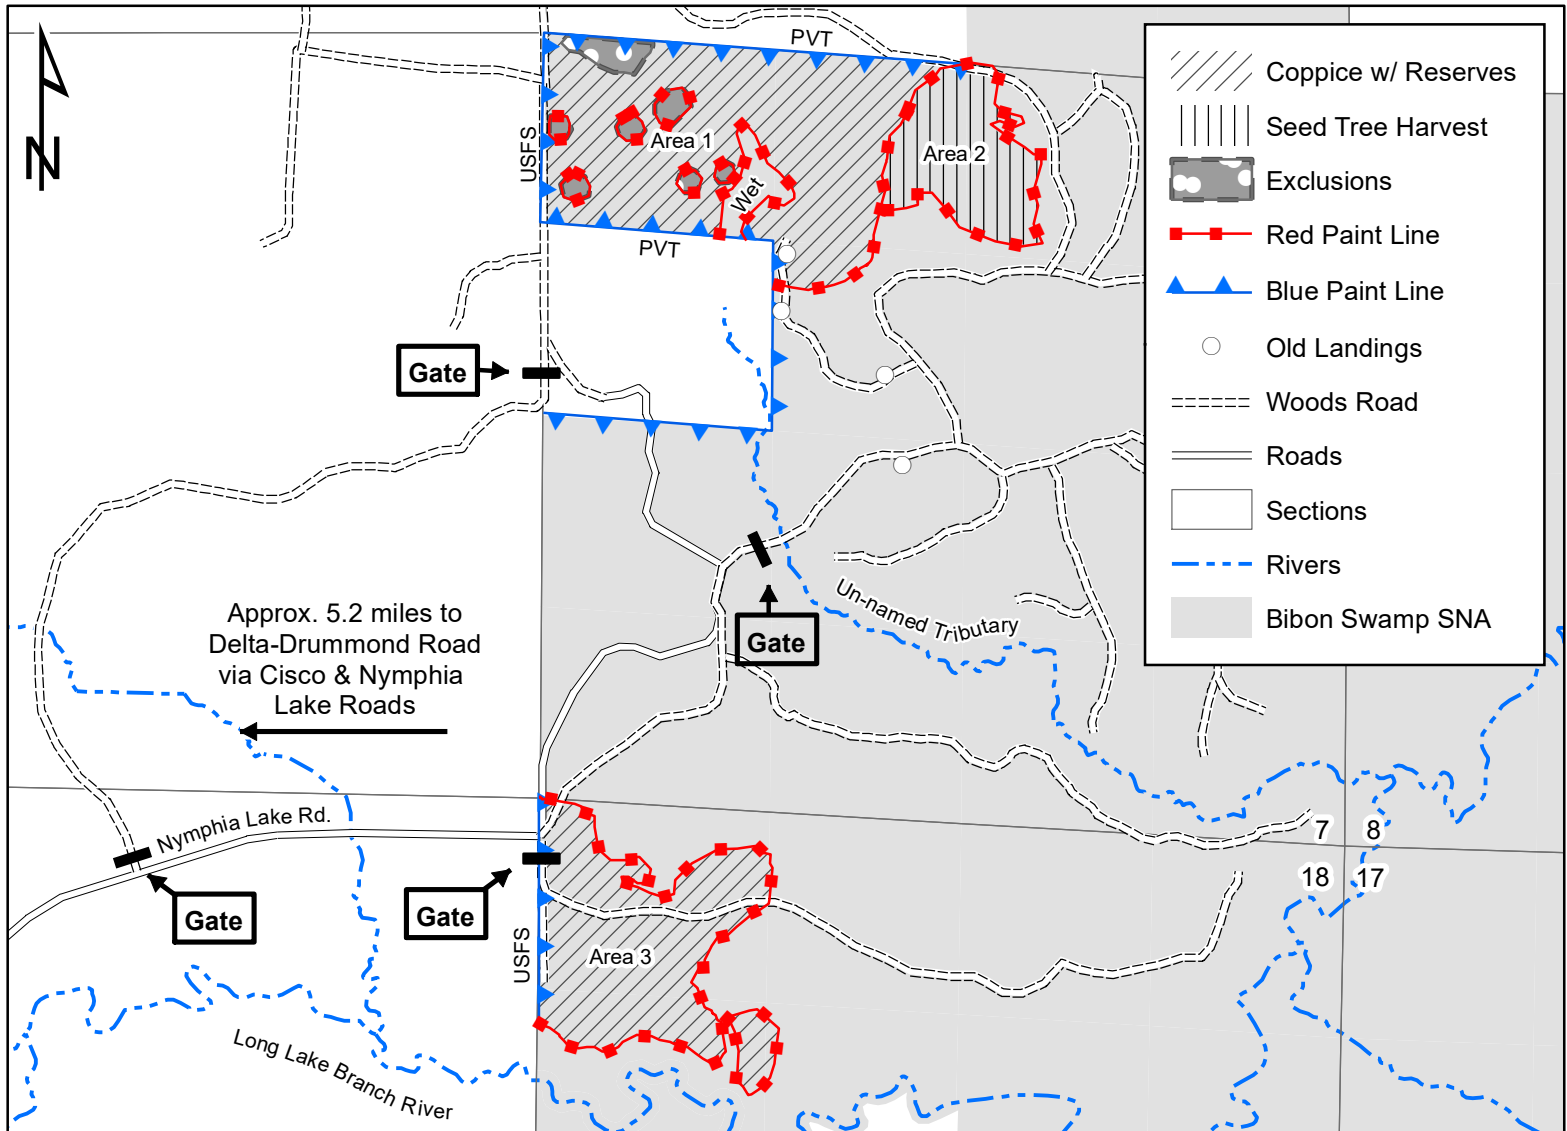

0.25 0.125 0 0.25 Miles

Cutting Specifications:

- Ticket scale sale.
- Sale boundaries marked with blue & red paint; blue paint denotes boundary with other ownerships. Do not fell timber outside blue paint lines.
- Coppice with Reserves (61 acres): Harvest all aspen except those marked with green paint. Harvest all mixed hardwoods containing 1 or more 100 inch pulp sticks, except yellow birch and oak. Harvest all balsam fir two sticks and larger. Harvest all ironwood with at least one 100-inch pulp stick. All pine, cedar, and spruce are reserved. All green-painted trees are reserved.
- Select Tree Removal (77 acres): Harvest all orange-marked trees with at least one 100-inch pulp stick. Harvest all aspen except those marked with green paint. Harvest all balsam fir two sticks & larger. Harvest all ironwood with at least one 100-inch pulp stick. All oak, pine, white spruce, & cedar are reserved.
- Minimize damage to residual trees.
- Reserve all red-marked or blue-marked boundary trees.
- Reserve all snags that do not pose a safety hazard; felled snags shall not be yarded or removed.
- Utilize all trees to a 4-inch minimum top; scatter or retain slash throughout the sale areas.
- Utilize pre-existing skid trails & roads whenever possible, & soil disturbance or construction of new trails & roads shall be limited to that necessary to log the area. New roads, trails, or landings must be approved by the timber sale administrator.
- Follow all BMPs to prevent & minimize rutting, especially near ash swales.
- Operations shall occur on frozen soil conditions only, unless otherwise approved by the timber sale administrator.

Cutting Specifications

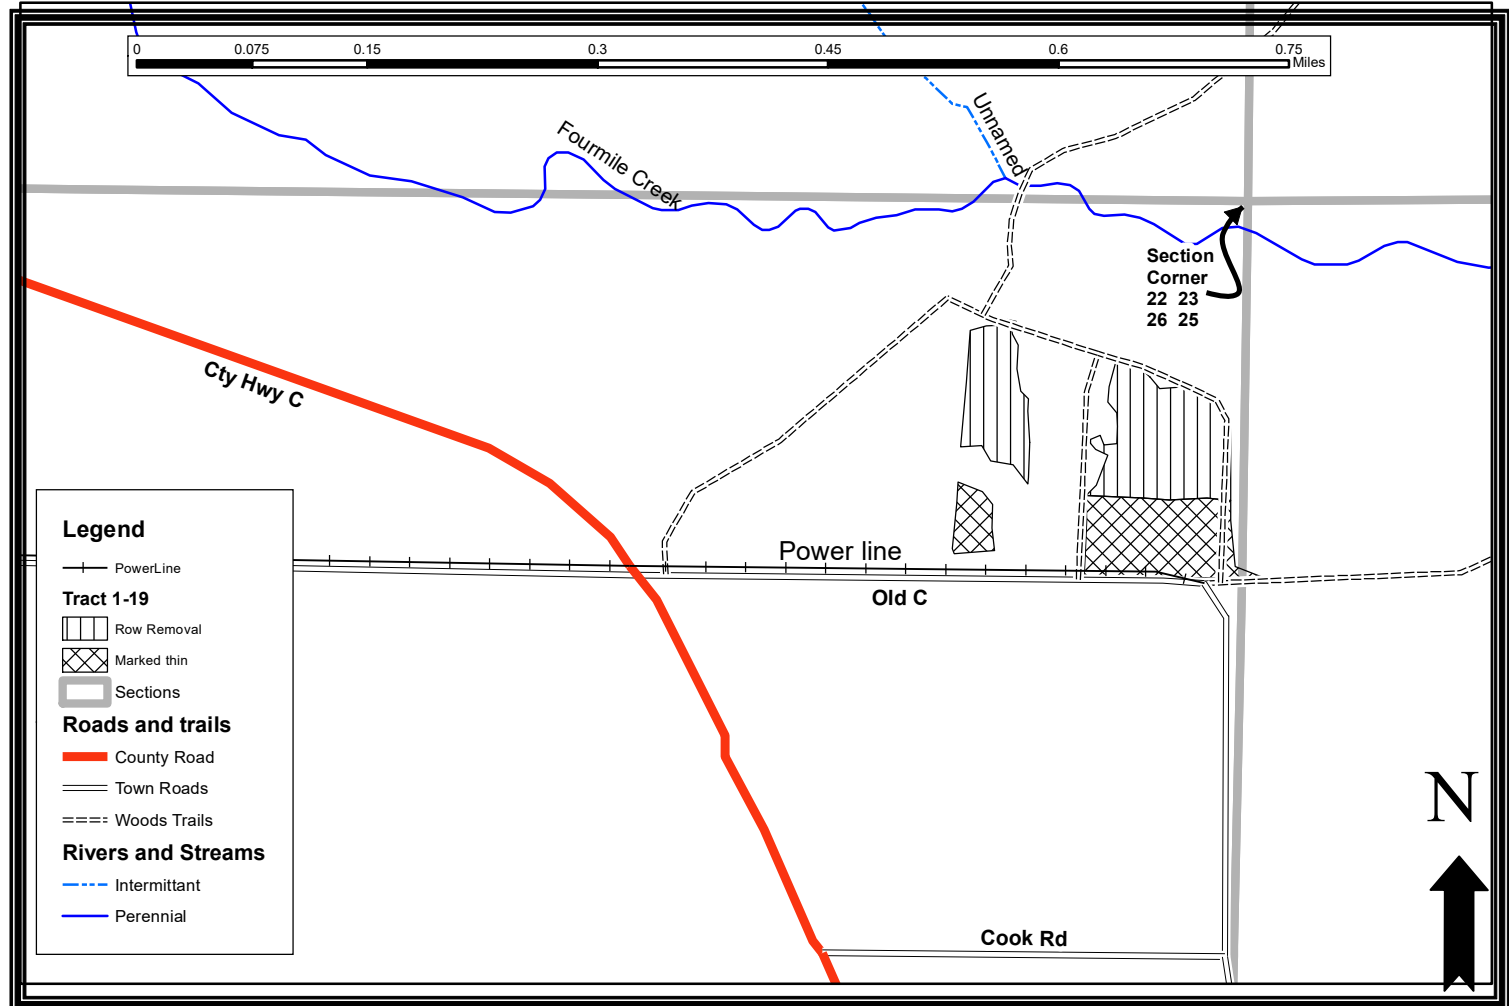

- This is a ticket scale sale.
- Property lines are marked in Blue Paint
- Utilize all harvested trees to a 4" diameter top.
- Leave all snags unless they pose a safety hazard.
- Avoid damage to any survey monuments, bearing trees, or other property markers.
- Minimize damage to all reserve trees.
- Area 1: 68 acres – Cut all aspen, white birch, maple, and ash 4" in diameter and larger. Cut all fir and spruce 6" in diameter and larger. Reserve all pine, yellow birch, oak, cedar, and hemlock.
- Area 2: 21 acres – Reserve all green-marked trees, all pine, cedar, and hemlock. Cut all other trees 4" in diameter and larger.
- Area 3: 44 acres – Cut all aspen, white birch, maple, and ash 4" in diameter and larger. Cut all orange-marked red and white pine. Cut all fir and spruce 6" in diameter and larger. Reserve all un-marked pine, and all cedar, hemlock, and yellow birch.
- Prior to moving equipment into or out of the sale area, scrape or brush debris and soil from exterior surfaces.
- Use existing roads and landings; all new road and landing construction must be approved by the property manager or timber sale administrator.

Restrictions

- The road through State lands accessing Areas 1 and 2 may not be used for operations from February 15th to July 31st.
- The purchaser or operator may choose to pursue alternate access through USFS or private property, but must obtain permission; access through USFS or private property not guaranteed.
- No harvesting in Area 3 from May 1st through October 15th.
- Pine cut between May 15th and August 15th must be hauled within two weeks to prevent bark beetle infestation.
- Areas 1 and 3 are limited to dry or frozen soil conditions only.
- A general permit, obtained by the DNR, will be followed for the temporary waterway crossing of the un-named tributary by the State lands woods road accessing Areas 1 and 2. This may include, but is not limited to the following permit specifications: instructions on placement, type of structures permitted, timing restrictions for usage, maintenance of the crossing, removal of the structure, and closure of the crossing.
- The temporary crossing and woods road must be rehabilitated to pre-sale conditions. Rehabilitation may include the use of stabilizing structures like hay bales, and trail seeding.
- The gate(s) accessing the sale Areas must be locked immediately upon completion of operations, or immediately upon suspension of operations for any period of time greater than 24 hours. The purchaser or operator must contact the property manager or timber sale administrator in advance to notify them of the need to lock the gate(s).

Homestead Pine – South Shore Lake Superior Fisheries Area

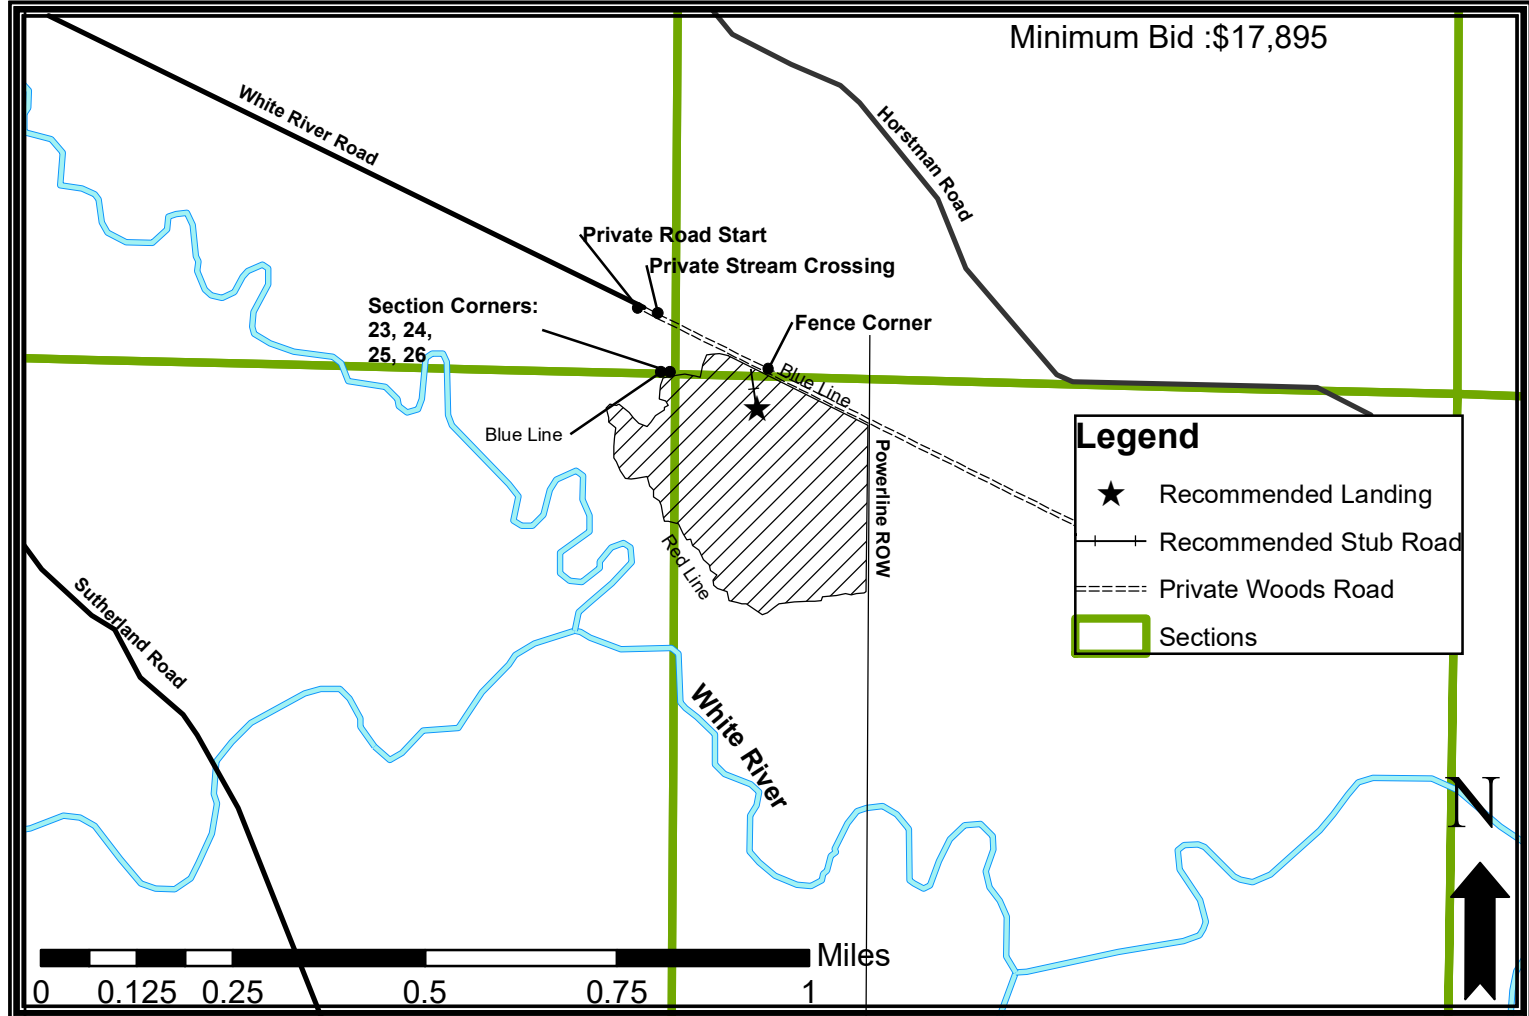

Forester: Kara Oikarinen (715) 373-6165		Twp 49N	Range 05W	Sec: 27	Estimated Volumes:				
Acres: 10		Township: Washburn			Species	Tons to 4" top	Ave. Diameter (in)		
Soil: Clay								Compartment: 03	
Topography: Level		Tract Number: 1-19							
Scale:		Minimum Bid: \$5,181							
		White Pine*						370	9"
		Red Pine						330	9"
		Total			700				
					*contains 1% balsam fir and white spruce				

- This is a ticket sale. The sale will be sold by the ton.
- This is a dry or frozen conditions only sale.
- The sale will not be sold as a whole tree harvest. Slash is to be scattered and cut to no more than 3' of the ground.
- Cut all trees in every 3rd row in the Row Removal unit. Utilize to a minimum 4" top diameter.
- Harvest every tree marked with orange paint in the Marked Thin unit. Utilize to a minimum 4" top diameter.
- Cut pine products must be removed from the site within three weeks if cut between May 1st to August 31st.
- Sale boundaries defined by the edges of planted pine, as shown on map.
- Harvest area consists of 10 acres of plantation white pine, red pine, and some white spruce and balsam fir.
- Access is a gated DNR road from Old County Highway C.
- Open area adjacent to plantation is a wildlife opening – no parking or decking allowed.
- Landing areas to be confirmed at pre-sale meeting.
- Decking of wood along town roads will not be allowed without permission from township
- Comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.

White River Fishery Area

Forester: Kathleen Klow		Twp 46N	Range 7W	Sec: 25 & 26	Estimated Volumes:	
Acres: 49		Township: Delta			Species	Tons to 4" top
Soil: Muck	Regen Code: Natural	Compartment: 234			Aspen	1850
Topography: Flat		Tract Number: 1-19			Fir	825
Scale: 4" = 1mile		Contract Number:			Spruce	290
					Black Ash*	95
					*Includes approximately 1.5 MBF black ash..	

- This is a coppice with reserves harvest being sold on a ticket scale basis. Utilize all felled trees to a 4" minimum top diameter.
- No biomass harvesting is allowed.
- Do not damage any survey monumentation.
- **Harvest operations shall be RESTRICTED TO LEAF-OFF TIME OF YEAR WHEN SOIL FROZEN between November 15th and March 15th.**
- Harvest boundaries are designated with red and blue paint, and a powerline ROW.
- Prior to moving equipment onto or off the sale, remove debris and soil from equipment.
- This contract requires DNR authorization for all road/landing construction and places several other requirements on road construction, maintenance and closure. See timber sale administrator for access and road requirements.
- Adjacent private landowner permission is needed to access woods road (old railroad grade) for sale access.
 - Contact information: Don Meider (715) 829-8624.
- **Leave uncut and undamaged** all white spruce greater than 11" DBH, all white birch, and all cedar. Minimize damage to unmerchantable balsam fir saplings. Do not cut snags except for those that pose a safety hazard.
- **Cut** all balsam fir containing one or more 100" pulp sticks to a 4" top diameter. Cut all aspen, white spruce less than 11" DBH, and black ash trees 2" dbh and larger to a 4" minimum top diameter.
