1. Sale boundaries marked in red paint, blue paint, or bounded by roads. Blue paint indicates private property lines and shall not be crossed with equipment or felled trees.

2. **Marked Pine Cutting Unit:** Cut all Balsam Fir 4 inches DBH and larger as well as all trees marked with orange paint.

3. **South Cutting Unit:** Cut all Aspen and Ash 4 inches DBH and larger.

4. **North Cutting Unit:** Cut all Aspen, Ash, Balsam Fir, Spruce, and Maple 4 inches DBH and larger. EXCEPTION: Leave all Maple and Spruce 12 inches DBH and larger.

3. Utilize all cut trees to **bid utilization size** (whole tree or 4 inch top) Utilize any cut trees which contain one or more 100 inch stick to a 4 inch minimum top diameter. Any trees not designated for harvest shall be left uncut and undamaged. Slash height may not exceed 3 feet.

4. New road or landing construction must be approved by sale administrator. Suggested access routes are shown on the map. Any permits needed for waterway crossing shall be acquired by DNR.

** This map is not a survey of the actual boundary of any property this map depicts.
