Dear Timber Purchaser,

You are invited to bid on the enclosed State of Wisconsin DNR Timber Sales—Badger Lane (Crawford County), BUD (Richland County), FINAL 100 (Grant County), PINE SOUP (Grant County), PURPLE BALLOON (Iowa County)

Sealed bids for each timber sale will be received up to but no later than: 1:00 PM on October 16th, 2020.

Bids will be opened at the DNR office in Boscobel Wisconsin at 1 pm October 16th, 2020.

Attn: Trevor Hamdorf
DNR Forestry Division
5350 State HWY 133
Boscobel, WI 53805

The Wisconsin Department of Natural Resources will be accepting sealed bids on 6 timber sales listed in this Bid Invitation. Each timber sale is unique in how it is being sold and administered, so please read the timber sale prospectus attached carefully. If you have any questions regarding the timber sale, timber sale contract, access, or any other details please contact the DNR foresters listed on each prospectus.

There are 6 timber sales listed with this bid invitation. Please read the prospectus for each sale carefully and bid accordingly.

BIDDING INSTRUCTIONS

1. All bids must be submitted on a Timber Sale Bid (Form 2400-049).
2. Bidders must submit a sealed bid labeled; with the timber sale name ....i.e... “Badger Lane Timber SEALED BID”, written on the outside of the envelope. Submit bids by mail on the enclosed form in a sealed envelope labeled with the timber sale name and number to the Boscobel address listed above. Faxed and/or emailed bids are NOT acceptable.
3. All bids must be made by species on per unit basis. Bid forms with a zero bid for any species will be rejected. Bid forms missing any of the advertised species will be rejected.
4. Bid bond not required. 15% Performance Bond is required. Winning bidders will have 6 weeks from the date of the bid opening to submit an acceptable performance bond to the department. If the winning bidder fails to execute the contract and submit an acceptable performance bond, the bidder shall be required to forfeit to the department an amount equal to 10% of the total bid amount. Failure to forfeit the 10% penalty will result in the bidder being considered ineligible to bid on any state timber sales for a two-year period.
5. The Department of Natural Resources reserves the right to reject ANY and ALL bids.
6. All bidders will receive bid results either by mail, email or direct phone conversation.
7. This bid opening is closed to the public. A conference call line will be opened at 12:00 P.M. on Friday October 16th. The conference call number is 1(866) 715-6499 and the conference id is 9496328254.

ELIGIBILITY REQUIREMENTS

1. **Workers Compensation Insurance is required.** Worker’s Compensation Law: The contractor (purchaser) shall provide the Department with an original Certificate of Insurance indicating that Worker’s Compensation Insurance coverage is provided for all of the contractor’s (purchaser’s) employees working under the contract during its duration. This shall be in the Department’s file prior to any performance under the contract. The purchaser shall notify the Department in writing, immediately upon any change in or cancellation of insurance coverage required under the contract.

2. **Training Requirement:** The Purchaser shall ensure that at least one in woods person actively engaged in performance of this contract and responsible for the logging site complies with the Wisconsin SFI (Sustainable Forestry Initiative) **Training Standard** as adopted by the Wisconsin SFI Implementation Committee (SCI). Criteria for the standards can be found at the Web site: [www.fistausa.org/sfi_standards.html](http://www.fistausa.org/sfi_standards.html) or by contacting the Forest Industry Safety & Training Alliance (FISTA). Purchaser must provide documentation to Seller that training has been attained.

CONTRACT

Contract must be signed within two weeks of the bid acceptance. A sample contract is available upon request and may contain additional provisions. Lack of contract knowledge will not be accepted as a reason to invalidate your bid(s).

CERTIFIED TIMBER

“These Lands are 3rd party certified”.

Bids due October 16th, 2020 by 1 pm at Boscobel DNR office.

For Sale Prospectus, Maps and Info, contact:

Tom Hill at 608-574-0859, tom.hill@wisconsin.gov
OR
Trevor Hamdorf at 715-492-0595, trevor.hamdorf@wisconsin.gov
OR
Rebecca Vasquez at 608-606-6180, Rebecca.vasquez@wisconsin.gov
Specific Cutting Requirements:
1. An on-site meeting is required prior to any harvesting to discuss operational concerns.
2. Harvest all trees marked with ORANGE paint band or X. All trees with orange paint must be cut to the ground if the contractor will not utilize.
3. Sale boundaries are delineated with PURPLE paint or BLUE paint. PURPLE paint represents the patch boundary within DNR ownership. BLUE paint represents the property boundary with adjacent private landowners. BLACK paint lines represent property lines, access across these lines is forbidden without landowner consent. Care must be taken to avoid damaging residual leave trees. Some leave trees have green bands, others have no paint. ONLY ORANGE marked trees may be cut.
4. Harvesting may only occur from August 21st - March 30th (see exact contractual dates below).
5. Skid trails and logging roads must be out-sloped, graded, seeded, and have water bars installed following the guidance in the WDNR Best Management Practices manual. Skid trails and landing locations must be approved by DNR forester prior to use. Harvests may only occur on dry or frozen ground to prevent cutting.
6. In order to minimize the spread of invasive plants, all equipment must be washed or cleaned prior to entering the site. Equipment must be viewed for cleanliness by the local DNR forester administering the timber sale before cutting begins.
7. Utilization Standard: All trees must be harvested to a 10" diameter top inside bark.

Conditions of Sale:
1. Sale will be presented to bidders on a LUMP SUM basis. FULL PAYMENT will be required prior to cutting and a 15% performance bond will also be required.
2. Cutting will be contracted over a three year period based on the following allowable cutting cycles: August 21st, 2020 – March 30th, 2021 and August 21st, 2021 – March 30th, 2022, August 21st, 2022 – March 30th, 2023. This sale may not be sub-contracted or assigned. A contract must be signed within 30 days of bid acceptance. A sample contract is available upon request and may contain additional provisions.
3. A Lump Sum Sale Payment Schedule (Form 2400-005D) will be established at time of contract signing. This schedule will document payment schedule, species, price per unit, total volumes, etc.
4. The volume offered for sale is estimated but not guaranteed. If there is less timber than estimated there is no obligation of the DNR to make up the “shortage”.
5. Liability to pay double the stumpage value for unmarked or undesignated timber cut or damaged through negligence or carelessness.

Bids will be opened on October 16th, 2020 at 1 pm at the DNR Wilson State Nursery.

Sealed bids using the included bid form should be submitted to:

**Sale Description:**
This sale is located in Wauzeka Township, Crawford County Wisconsin (within the Kickapoo Wildlife Area-Wauzeka Unit). Access to this sale is via a DNR Parking Lot/Gate located at the end of Badger Lane. Access to Kickapoo Wildlife Area Badger Lane is off Hwy 131 east of Wauzeka. The goal of this harvest is to regenerate oak in suitable areas as well as conversion to northern hardwoods. A patch selection harvest will be completed across this property. Purple painted trees around patches for patch clear cut shall not be harvested. Cut all trees marked with horizontal orange lines within designated harvest areas. ‘X’ marked orange trees were not added to the total volume of this sale but are to be cut. There are several harvest areas along the field edges with orange marked trees also included in this sale volume. Cut all orange marked trees within the field edge. Residual trees within field edge should not be damaged. Green marked trees within harvest areas are not to be damaged. Trees with vertical oranges lines indicate post-harvest treatment and may be cut.

This sale will require timber stand improvement treatments. Invasive woody brush and undesirable trees within harvest area will be cut to the ground or girdled. Patch areas will also have supplemental underplantings. Non-commercial work is scheduled in conjunction with the commercial timber sale. The successful bidder is NOT responsible for this work. Contractors for commercial and non-commercial treatments will coordinate with the DNR forester to ensure minimal work conflicts in cutting areas.

Sale Description:
This 100 acre timber sale is located in Millville Township, Grant County Wisconsin. Access to this sale is via Barker Hollow Road(across a cement ford) OR via Campbell Ridge Road. Timber can be skidded, pre-hauled or forwarded out both locations. The goal of this harvest is to regenerate hardwoods(including oak, walnut, maple and a desirable variety of central hardwood species). This harvest is a combination of shelterwood, patch clearcut and seed tree prescriptions.

Within the sale boundary, all trees in the 2"-12" size class will be cut to the ground by a contractor. This work is not associated with the commercial timber sale. This work is scheduled during the fall/winter/early spring 2020/2021. It is possible this work could be ongoing when this timber sale is being cut. Should both projects be going at the same time, the local DNR forester will work with both contractors to minimize interaction.
FINAL 100
TIMBER SALE PROSPECTUS

Specific Cutting Requirements:
1. An on-site meeting is required prior to any harvesting to discuss operational concerns.
2. **Harvest all trees marked with ORANGE paint band.** All trees with an orange band must be cut to the ground if the contractor will not utilize.
3. **Sale boundary’s are delineated with RED paint or BLUE paint.** RED paint represents the sale boundary within DNR ownership. BLUE paint represents the sale boundary/property boundary with adjacent private landowners. Established skid trails will be coordinated between the successful bidder and the DNR forester. No skidding will be allowed outside these established trails and no cutting is allowed outside the RED or BLUE paint lines. BLUE paint lines represent property lines, access across these lines is forbidden without landowner consent. Care must be taken to avoid damaging residual leave trees. Some leave trees have black bands, others have no paint. **ONLY ORANGE banded trees may be cut.**
4. **Access trails and skid trails MUST be approved by the DNR forester PRIOR to use.**
5. **Harvesting may only occur during frozen or dry conditions between October 15th - March 30th.** (see exact contractual dates below).
6. Trees marked with an orange X are not included in the volume estimate. These trees may be cut by the contractor OR can allowed to remain standing.
7. **Following completion of the sale, trails must be out-sloped, graded, seeded, and have water bars installed following the guidance in the WDNR Best Management Practices manual.** Skid trails and landing locations must be approved by DNR forester prior to use. Harvests may only occur on dry or frozen ground to prevent rutting.
8. To minimize the spread of invasive plants, all equipment must be washed or cleaned prior to entering the site. Equipment must be viewed for cleanliness by the local DNR forester administering the timber sale before cutting begins.
9. **Utilization Standard:** All trees must be harvested to a 10" diameter top inside bark.

Conditions of Sale:
1. Sale will be presented to bidders on a LUMP SUM basis. FULL PAYMENT will be required prior to cutting and a 15% performance bond will also be required.
2. Cutting will be contracted over a three year period based on the following allowable cutting cycles:
   - **October 16th, 2020 – March 30th, 2021**
   - **October 15th, 2021 – March 30th, 2022**

TOTAL ESTIMATED VOLUME: 500 Tons

MINIMUM ACCEPTABLE BID: $2,100.00

Sale Method: Lump Sum

Performance Bond Required: 15% of the total sale bid value

Sale Description:
This sale located in Millville Township, Grant County Wisconsin (within the Lower Wisconsin State Riverway). Access to this sale is via a Campbell Ridge Road. The goal of this harvest is thin the white pine to a more suitable density. Cut all trees marked with horizontal orange lines within designated harvest areas. ‘X’ marked orange trees were not added to the total volume of this sale but are to be cut. There are two harvest areas marked with orange marked trees also included in this sale volume. Cut all orange marked trees. Residual trees should not be damaged. Blue marked trees indicate the cutting line between state owned lands and that of private landowners and should not be cut. Red marked trees indicate a cutting line between state owned lands and should be left uncut.

Specific Cutting Requirements:
1. An on-site meeting is required prior to any harvesting to discuss operational concerns.
2. Harvest all trees marked with ORANGE paint band or X. All trees with orange paint must be cut to the ground if the contractor will not utilize.
3. Sale boundaries are delineated with Red paint or BLUE paint. Red paint represents the cutting line within DNR ownership. BLUE paint represents the property boundary with adjacent private landowners. BLUE paint lines represent property lines, access across these lines is forbidden without landowner consent. Care must be taken to avoid damaging residual leave trees. ONLY ORANGE marked trees may be cut.
4. Harvesting may only occur from October 15th - March 30th (see exact contractual dates below).
PINE SOUP TIMBER SALE PROSPECTUS

5. Skid trails and logging roads must be out-sloped, graded, seeded, and have water bars installed following the guidance in the WDNR Best Management Practices manual. Skid trails and landing locations must be approved by DNR forester prior to use. Harvests may only occur on dry or frozen ground to prevent rutting.

6. In order to minimize the spread of invasive plants, all equipment must be washed or cleaned prior to entering the site. Equipment must be viewed for cleanliness by the local DNR forester administering the timber sale before cutting begins.

7. **Utilization Standard:** All trees must be harvested to a 4” diameter top inside bark.

8. All stumps must be treated with either Sporax or Cell-U-Treat to reduce the risk of contracting cr spread of HRD.

**Conditions of Sale:**

1. **Sale will be presented to bidders on a LUMP SUM basis.** FULL PAYMENT will be required prior to cutting and a 15% performance bond will also be required.

2. **Cutting will be contracted over a three year period based on the following allowable cutting cycles:**
   - October 15th, 2020 – March 30th, 2021 and October 15th, 2021 – March 30th, 2022
   - October 15th, 2022 – March 30th, 2023
   This sale may not be sub-contracted or assigned. A contract must be signed within 30 days of bid acceptance. A sample contract is available upon request and may contain additional provisions.

3. A Lump Sum Sale Payment Schedule (Form 2400-005D) will be established at time of contract signing. This schedule will document payment schedule, species, price per unit, total volumes, etc.

4. **The volume offered for sale is estimated but not guaranteed.** If there is less timber than estimated there is no obligation of the DNR to make up the “shortage”.

5. Liability to pay double the stumpage value for unmarked or undesignated timber cut or damaged through negligence or carelessness.

Sale Description:
This 37 acre sale is located in Dodgeville Township, Iowa County Wisconsin, within Governor Dodge State Park. Access to this sale is via a DNR gate/driveway directly off of highway 23 north of Dodgeville. The goal of this harvest is to salvage ash trees prior to the emerald ash borer killing them thereby eliminating future hazardous dead trees along the GDSP horse trail and Pine Cliff hiking trail. Two harvest prescriptions will be followed in the sale area including a 10 acre overstory removal in which nearly all trees 12” dbh + are cut and a larger 27 acre ash salvage area where only ash saw log trees 12” dbh + will be cut.

All invasive woody brush and most trees in the 1”-12” size class will be cut to the ground with undesirable trees and woody brush stump treated. This non-commercial work is scheduled to be completed prior/during or following the commercial timber sale(dependent on timing of both projects). The 10 acre area will also be planted with white oak seedlings.

Specific Cutting Requirements:
1. An on-site meeting is required prior to any harvesting to discuss operational concerns.
2. **YELLOW BOUNDARY AREA**: Harvest all trees 12” dbh and larger within the 10 acre YELLOW painted overstory removal area. **EXCEPT trees painted with green dots**. All trees not painted with green dot in this area and larger than 12” dbh must be cut to the ground if the contractor will not utilize.
PURPLE BALLOON TIMBER SALE PROSPECTUS

3. **RED BOUNDARY AREA:** Within the areas denoted by RED paint boundary, harvest only Ash sawlog trees larger than 12” dbh. Any ash trees larger than 12” dbh in this area must be cut to the ground if contractor will not utilize.

4. The sale boundary is delineated with RED paint. The overstory removal area is delineated with YELLOW. RED paint represents the sale boundary within DNR ownership. The entire sale is located within DNR ownership, including the decking area and nearby agricultural fields. No skidding, cutting is allowed outside the RED paint lines. Care must be taken to avoid damaging residual leave trees.

5. **Harvesting may only occur from October 15th - March 30th** (see exact contractual dates below).

6. Any standing dead ash trees may be cut and utilized.

7. **GDSP Horse Trail can be utilized for skidding.** This trail must not be damaged and must be bladed and seeded following project completion. Slash must be pushed away from this trail and slash height along this trail must be below 4 feet. The Horse trail must be out-sloped, graded, seeded, following the guidance in the WDNR Best Management Practices manual. Skid trails and landing locations must be approved by DNR forester prior to use. Harvests may only occur on dry or frozen ground to prevent cutting.

8. Trees cut within 5 feet of the horse trail must maintain a stump height of 3 feet.

9. **Pine Cliff hiking trail must not be damaged by tree felling or skidding.** This trail must be cleared of all trees, tree tops and logging debris before completion of timber sale. Slash must be pushed away from this trail and slash height along this trail must be below 4 feet.

10. **Care must be taken to avoid damaging the three culvert/bridge areas along the Horse Trail. These areas should be avoided when skidding.**

11. In order to minimize the spread of invasive plants, all equipment must be washed or cleaned prior to entering the site. Equipment must be viewed for cleanliness by the local DNR forester administering the timber sale before cutting begins.

12. **Utilization Standard:** All trees must be harvested to a 10” diameter top inside bark.

**Conditions of Sale:**

1. **Sale will be presented to bidders as a SCALE sale.** Saw logs will be scaled on the landing by DNR Forestry Division or it may be possible to have logs scaled at the mill and utilize the Mill scale.

2. Prior to cutting, a 15% performance bond will be required.

3. **Cutting will be contracted over a two year period based on the following allowable cutting cycles: October 15th, 2020 – March 30th, 2021 and October 15th, 2021 – March 30th, 2022.** If the sale is initiated during one of these two cutting cycles, it must be completed in it’s entirety. This sale may not be sub-contracted or assigned. A contract must be signed within 30 days of bid acceptance. A sample contract is available upon request and may contain additional provisions.

4. A Payment Schedule will be established at the time of contract signing. This schedule will document payment schedule, species, price per unit, total volume estimates etc...

5. **The volume offered for sale is estimated but not guaranteed.** If there is less timber than estimated there is no obligation of the DNR to make up the “shortage”. If there is more timber than estimated, all the timber within the harvest area must be harvested.

6. Liability to pay double the stumpage value for unmarked or undesignated timber cut or damaged through negligence or carelessness.

The award shall be based on this TOTAL BID AMOUNT:

**Performance Bond**

- Will be in the form of: (select one)
  - Cash
  - Personal Check
  - Certified Check/Money Order
  - Irrevocable Letter of Credit
  - Assurance Bond
  - Certificate of Deposit
  - Assignment of Savings Account

I understand that any or all bids may be rejected and that consideration and awarding of a contract will be based upon my past performance and ability to complete contracts. I also understand that if I am the winning bidder, I have 6 weeks from the date of the bid opening to submit an acceptable performance bond. I also understand that if I am awarded the contract and fail to execute it or work under it, I will be required to forfeit to the Department an amount equal to 10% of my total bid amount. Failure to forfeit the 10% penalty will result in being considered ineligible to bid on any state timber sales for a two-year duration. In the event the highest bidder cannot or will not sign the contract, the award will be made to the next highest qualified bid.

**Notice:** I understand:

- Utilization specifications and estimated volumes are listed in the prospectus which is available upon request from the Department.
- A copy of the standard timber sales contract which must be entered into is available upon request from the Department.
