Sale Description:

This 23 acre sale is located in Cassville Township, Grant County Wisconsin (within Nelson Dewey State Park). Access to this sale is via a DNR Parking Lot/Gate located at the end of State Park Lane. Access to State Park Lane is off Hwy 133 north of Cassville. The goal of this harvest is to regenerate an oak/hickory cover type. A seed tree harvest will be completed across this sale. The seed trees are not painted and were designated by the forester, maintaining a 20% relative density.

All invasive woody brush and most trees in the 1"-12" size class will be cut to the ground with undesirable trees and woody brush stump treated. This non-commercial work is scheduled to be completed prior to the commercial timber sale. Areas with minimal seedling regeneration will be planted with white oak seedlings.

Specific Cutting Requirements:

1. An on-site meeting is required prior to any harvesting to discuss operational concerns.
2. **Harvest all trees marked with ORANGE paint band.** All trees with an orange band must be cut to the ground if the contractor will not utilize.

BACK FORTY 23 TIMBER SALE PROSPECTUS

3. Sale boundary's are delineated with RED paint or BLUE paint. RED paint represents the sale boundary within DNR ownership. BLUE paint represents the sale boundary/property boundary with adjacent private landowners. No skidding, cutting is allowed outside the RED or BLUE paint lines. BLUE paint lines represent property lines, access across these lines is forbidden without landowner consent. Care must be taken to avoid damaging residual leave trees. Some leave trees have black bands, others have no paint. **ONLY ORANGE banded trees may be cut.**
4. **Harvesting may only occur from December 1st - March 30th (see exact contractual dates below).**
5. Trees marked with an orange X are not included in this timber sale(DO NOT CUT). These may be girdled as part of the regeneration project(non-commercial project within the sale area).
6. Trails must be out-sloped, graded, seeded, and have water bars installed following the guidance in the WDNR Best Management Practices manual. Skid trails and landing locations must be approved by DNR forester prior to use. Harvests may only occur on dry or frozen ground to prevent rutting.
7. In order to minimize the spread of invasive plants, all equipment must be washed or cleaned prior to entering the site. Equipment must be viewed for cleanliness by the local DNR forester administering the timber sale before cutting begins.
8. **Utilization Standard:** All trees must be harvested to a 10" diameter top inside bark.

Conditions of Sale:

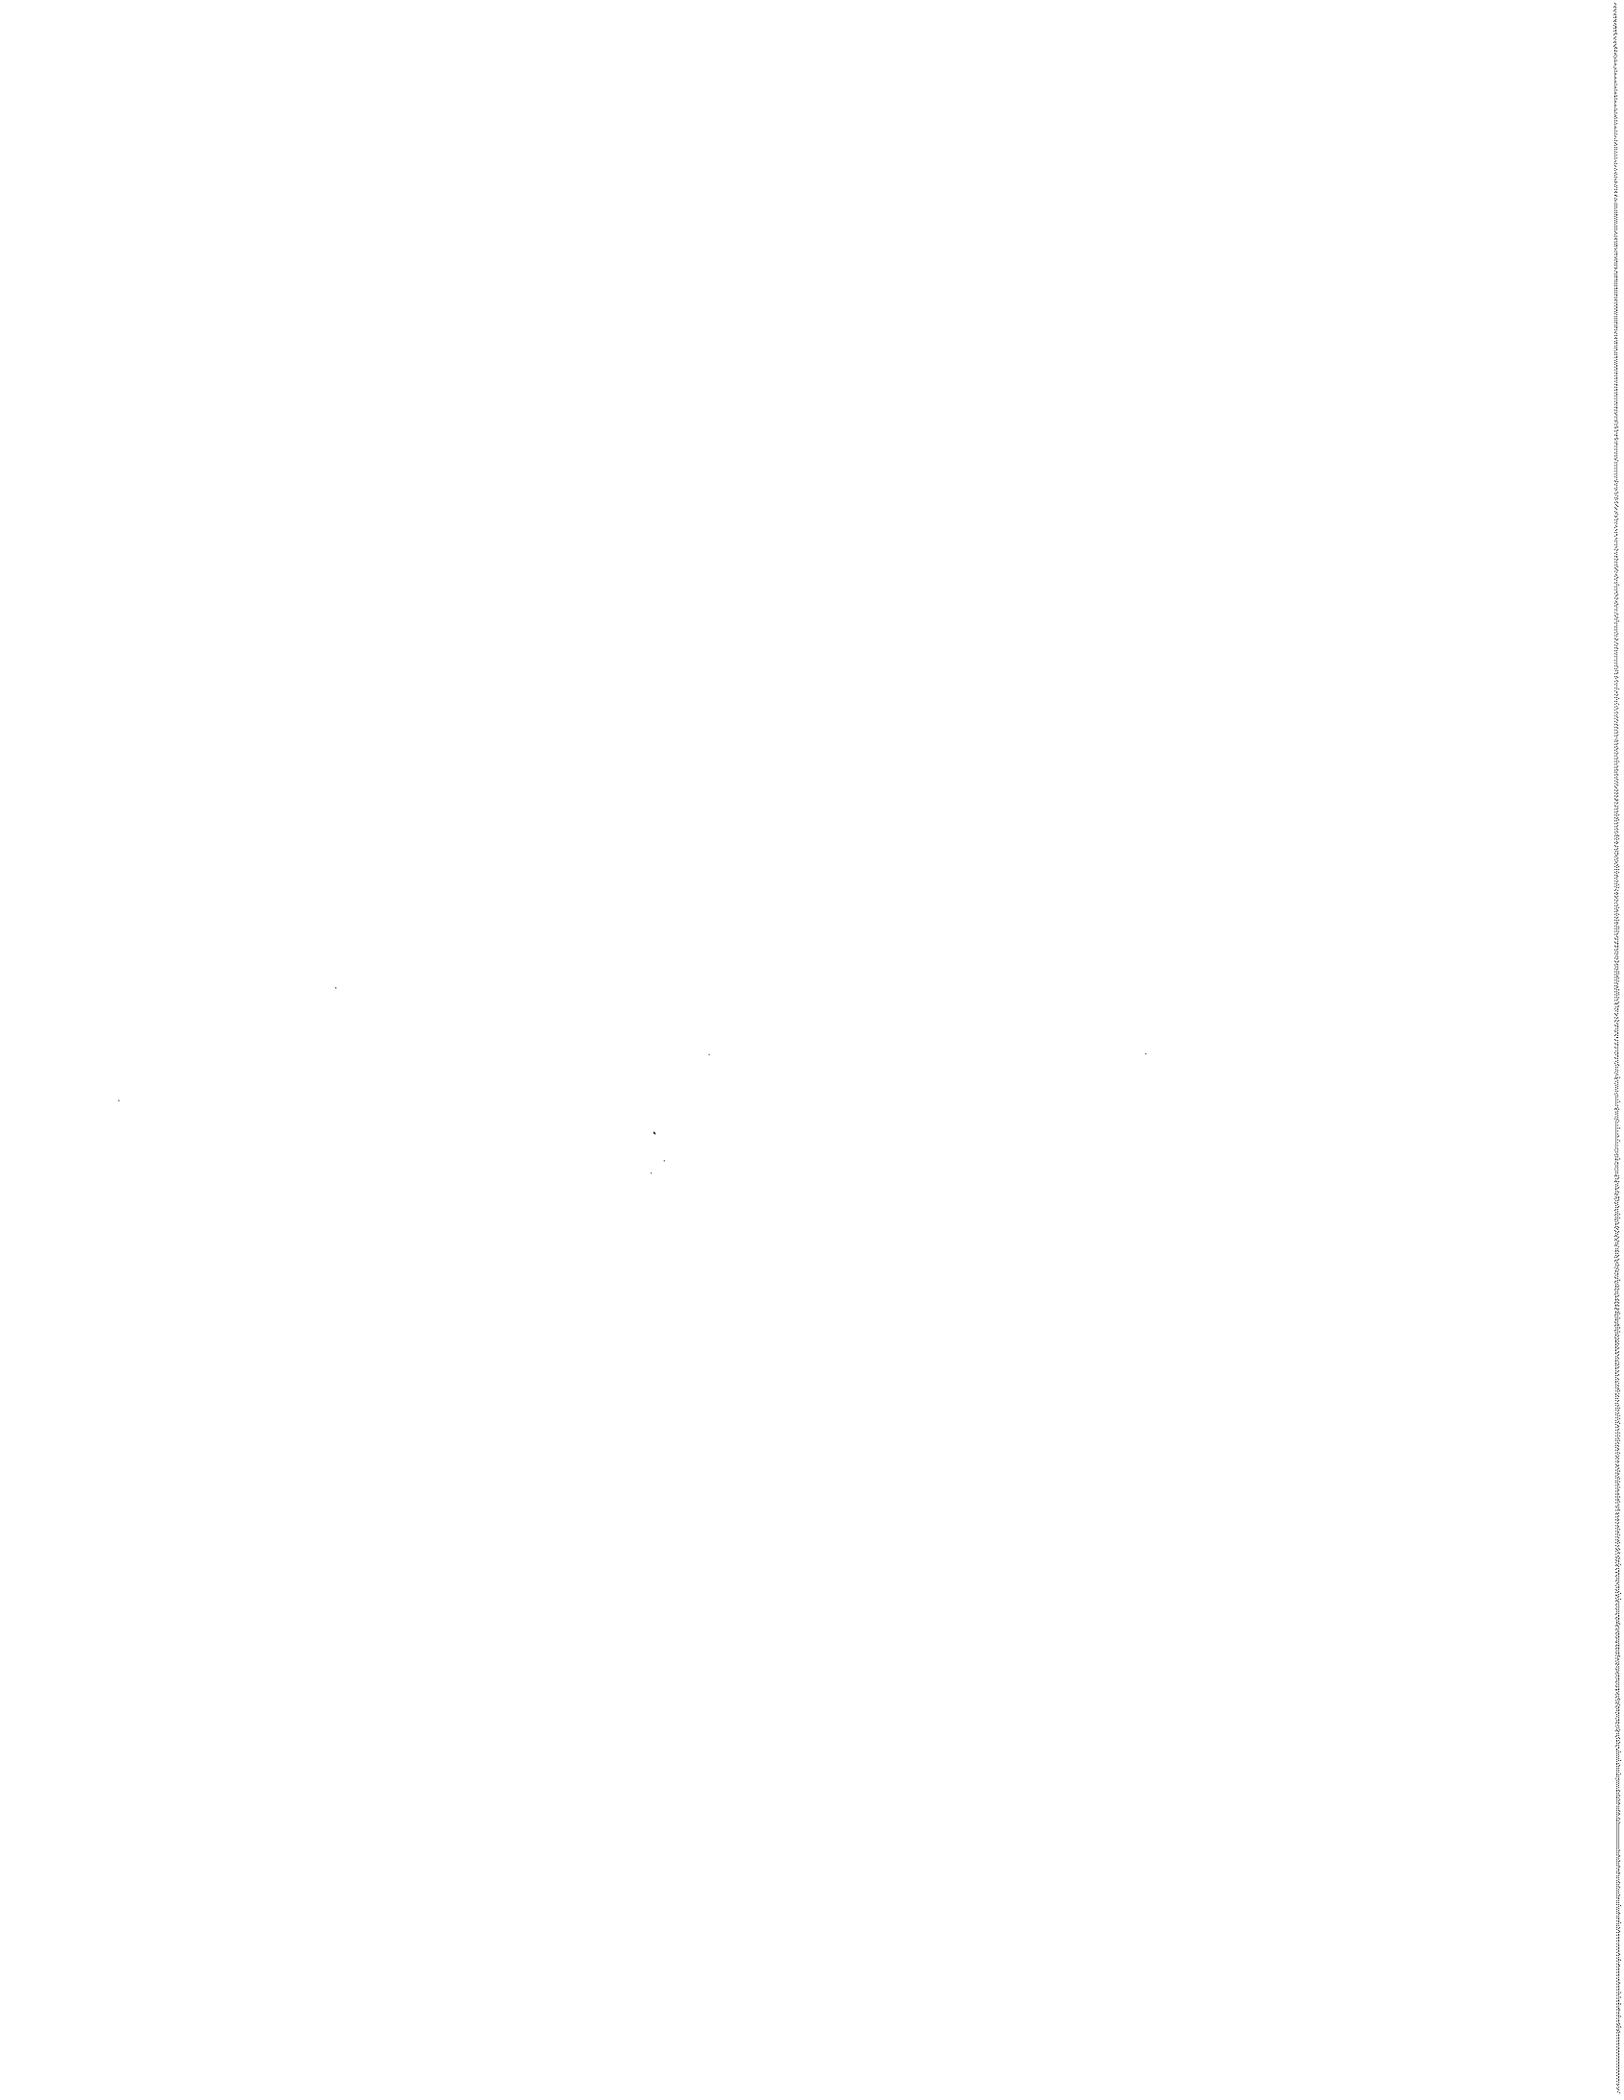

1. **Sale will be presented to bidders on a LUMP SUM basis. FULL PAYMENT will be required prior to cutting and a 15% performance bond will also be required.**
2. **Cutting will be contracted over a two year period based on the following allowable cutting cycles: December 1st, 2020 – March 30th, 2021 and December 1st, 2021 – March 30th, 2022).** This sale may not be sub-contracted or assigned. A contract must be signed within 30 days of bid acceptance. A sample contract is available upon request and may contain additional provisions.
3. A Lump Sum Sale Payment Schedule (Form 2400-005D) will be established at time of contract signing. This schedule will document payment schedule, species, price per unit, total volumes, etc.
4. **The volume offered for sale is estimated but not guaranteed . If there is less timber than estimated there is no obligation of the DNR to make up the "shortage".**
5. Liability to pay double the stumpage value for unmarked or undesignated timber cut or damaged through negligence or carelessness.

Bids will be opened on February 14th, 2020 at 1 pm at the Dodgeville DNR Office. Bids may also be brought to the opening, but presented prior to any bids being opened at 1:00 pm.

An irrevocable letter of credit issued as a performance bond will be required to be 4 years in length. Letters of credit for sales awarded at this bid opening should be written to expire 4 years from bid opening.

Workers Compensation Law: The contractor (purchaser) shall provide the department with an original Certificate of Insurance indicating that Worker's Compensation Insurance coverage is provided for all the contractor's (purchaser's) employees working under the contract during its durations. This shall be in the department's file prior to any performance under the contract. The purchaser shall notify the department in writing, immediately upon any change in or cancellation of insurance coverage required under the contract.

Payments: A Sale Payment Schedule (Form 2400-005) will be established at the time of contract signing.

Training Requirements: The purchaser is responsible for ensuring that the actual logging contractor complies with the Wisconsin SFI training standard as adopted by the SFI Implementation Committee (SIC). Criteria for the standards can be found at the Website: www.fistausa.org/sfi_standards.html, or by contacting the Forest industry Safety & Training Alliance (FISTA). Purchaser must provide documentation to seller that training has been attained.

The above items listed will continuously be scrutinized and evaluated for compliance throughout the time of the contract. Failure to comply with the above listed or other contract conditions may result in contract closure and may jeopardize your opportunity to bid on future timber sales.

Notice: Completion of this form is mandatory. The Department will not recognize your bid unless you complete and submit this form. Personal information collected will be used for program administration and may be provided to requesters as required by Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.].

Minimum Acceptable Bid: \$168,837.14

SPECIFIC CUTTING REQUIREMENTS:

- An on-site meeting is required prior to any harvesting to discuss operational concerns.
- Harvest only trees marked in orange pain within the sale boundary. Trees marked in purple designate patch selection boundaries within the sale. Do not harvest purple marked trees.
- Timber sale boundaries marked with blue indicate private boundaries, boundaries marked with red indicate sale boundary.
- Utilize sawlog size trees to a 10" top (diameter inside bark)
- Any standing dead snags are to be left if they do not pose a hazard to logging contractors.
- Residual trees shall not be excessively damaged. Residual damage will not be tolerated and excessive damage to residual trees will be subject to penalty.
- Haul roads, skid trails, and landings must be approved by local DNR Forester and must conform to DNR Best Management Practices.

These lands are 3rd party certified

SEASONAL RESTRICTIONS:

- Oak wilt and Threatened Bird Species restrictions – **no cutting, skidding, or hauling from April 1st to October 15th.**

CONDITIONS OF SALE:

- **Sale will be presented to bidders on a LUMP SUM basis. FULL PAYMENT will be required prior to cutting and a 15% performance bond will also be required.**
- Contract length is 24 months and may not be sub-contracted or assigned. Contract extensions may be granted for extenuating circumstances. A contract must be signed within 30 days of bid acceptance, and state contract may contain additional provisions not listed in this prospectus (copies available upon request).
- The volume offered for sale is estimated but not guaranteed. If the volume of timber exceeds the estimate, as a whole or by species, the purchaser has the obligation to cut it and remove it paying the unit bid price. If there is less timber than estimated, there is no obligation of the DNR to make up the “shortage”.

BIDDING INSTRUCTIONS:

- Bid must be submitted on the Department “Timber Sale Bid” form (Form 2400-049).
- Winning bidders will have 30 days from the date of the bid opening to submit an acceptable performance bond to the Department. If the winning bidder fails to execute the contract and submit an acceptable performance bond the bidder shall be required to forfeit to the department an amount equal to 10% of the total bid amount. Failure to forfeit the 10% penalty will result in the bidder being considered ineligible to bid on any state timber sales for a two-year period.
- This sale has an unadvertised minimum sale value. Any bids that do not meet the total minimum sale value will be rejected. If utilizing topwood, provide a bid for cordwood as well.
- Submit sealed bids in person or mail to: **Tom Hill**
1500 N Johns St.
Dodgeville, WI 53533-2116
- **BID OPENING WILL BE:** Location: **Wisconsin Department of Natural Resources**
1500 N Johns St.
Dodgeville, WI 53533-2116
1:00 PM February 14th.

OTHER CONDITIONS:

- Logging slash will not exceed 4 feet in height.
- Logging roads, skid trails, and landings must be approved, graded smooth, and seeded at completion and will be restricted to the harvest area whenever possible.
- Soil and Water Quality: roads and trails must be installed and shut down according to BMPs (Best Management Practices); any new roads must be approved by the local DNR Forester; new roads should be laid out for approval as soon as possible after purchase; excessive ruts will not be allowed; some existing roads are shown on the map; roads shall be seeded with a DNR approved seed mix upon completion of sale.
- A contract must be signed within 30 days of bid acceptance or bid/bond will be forfeited. Copy of state contract available upon request; contract may contain additional provisions.
- Upon arrival on site, logging equipment shall be clean of soil or debris from other sites to minimize the chance for introduction of exotic plants.
- **Liability to pay double for stumpage value for undesigned timber cut or damage through negligence or carelessness.**

ADDITIONAL REQUIREMENTS:

Performance Bond: Performance bond of 15% of the total bid is required at the signing of the timber sale contract. An irrevocable letter of credit issued as a performance bond will be required to be 4 years in length. Letters of credit for sales awarded at this bid opening should be written to expire 4 years from bid opening.

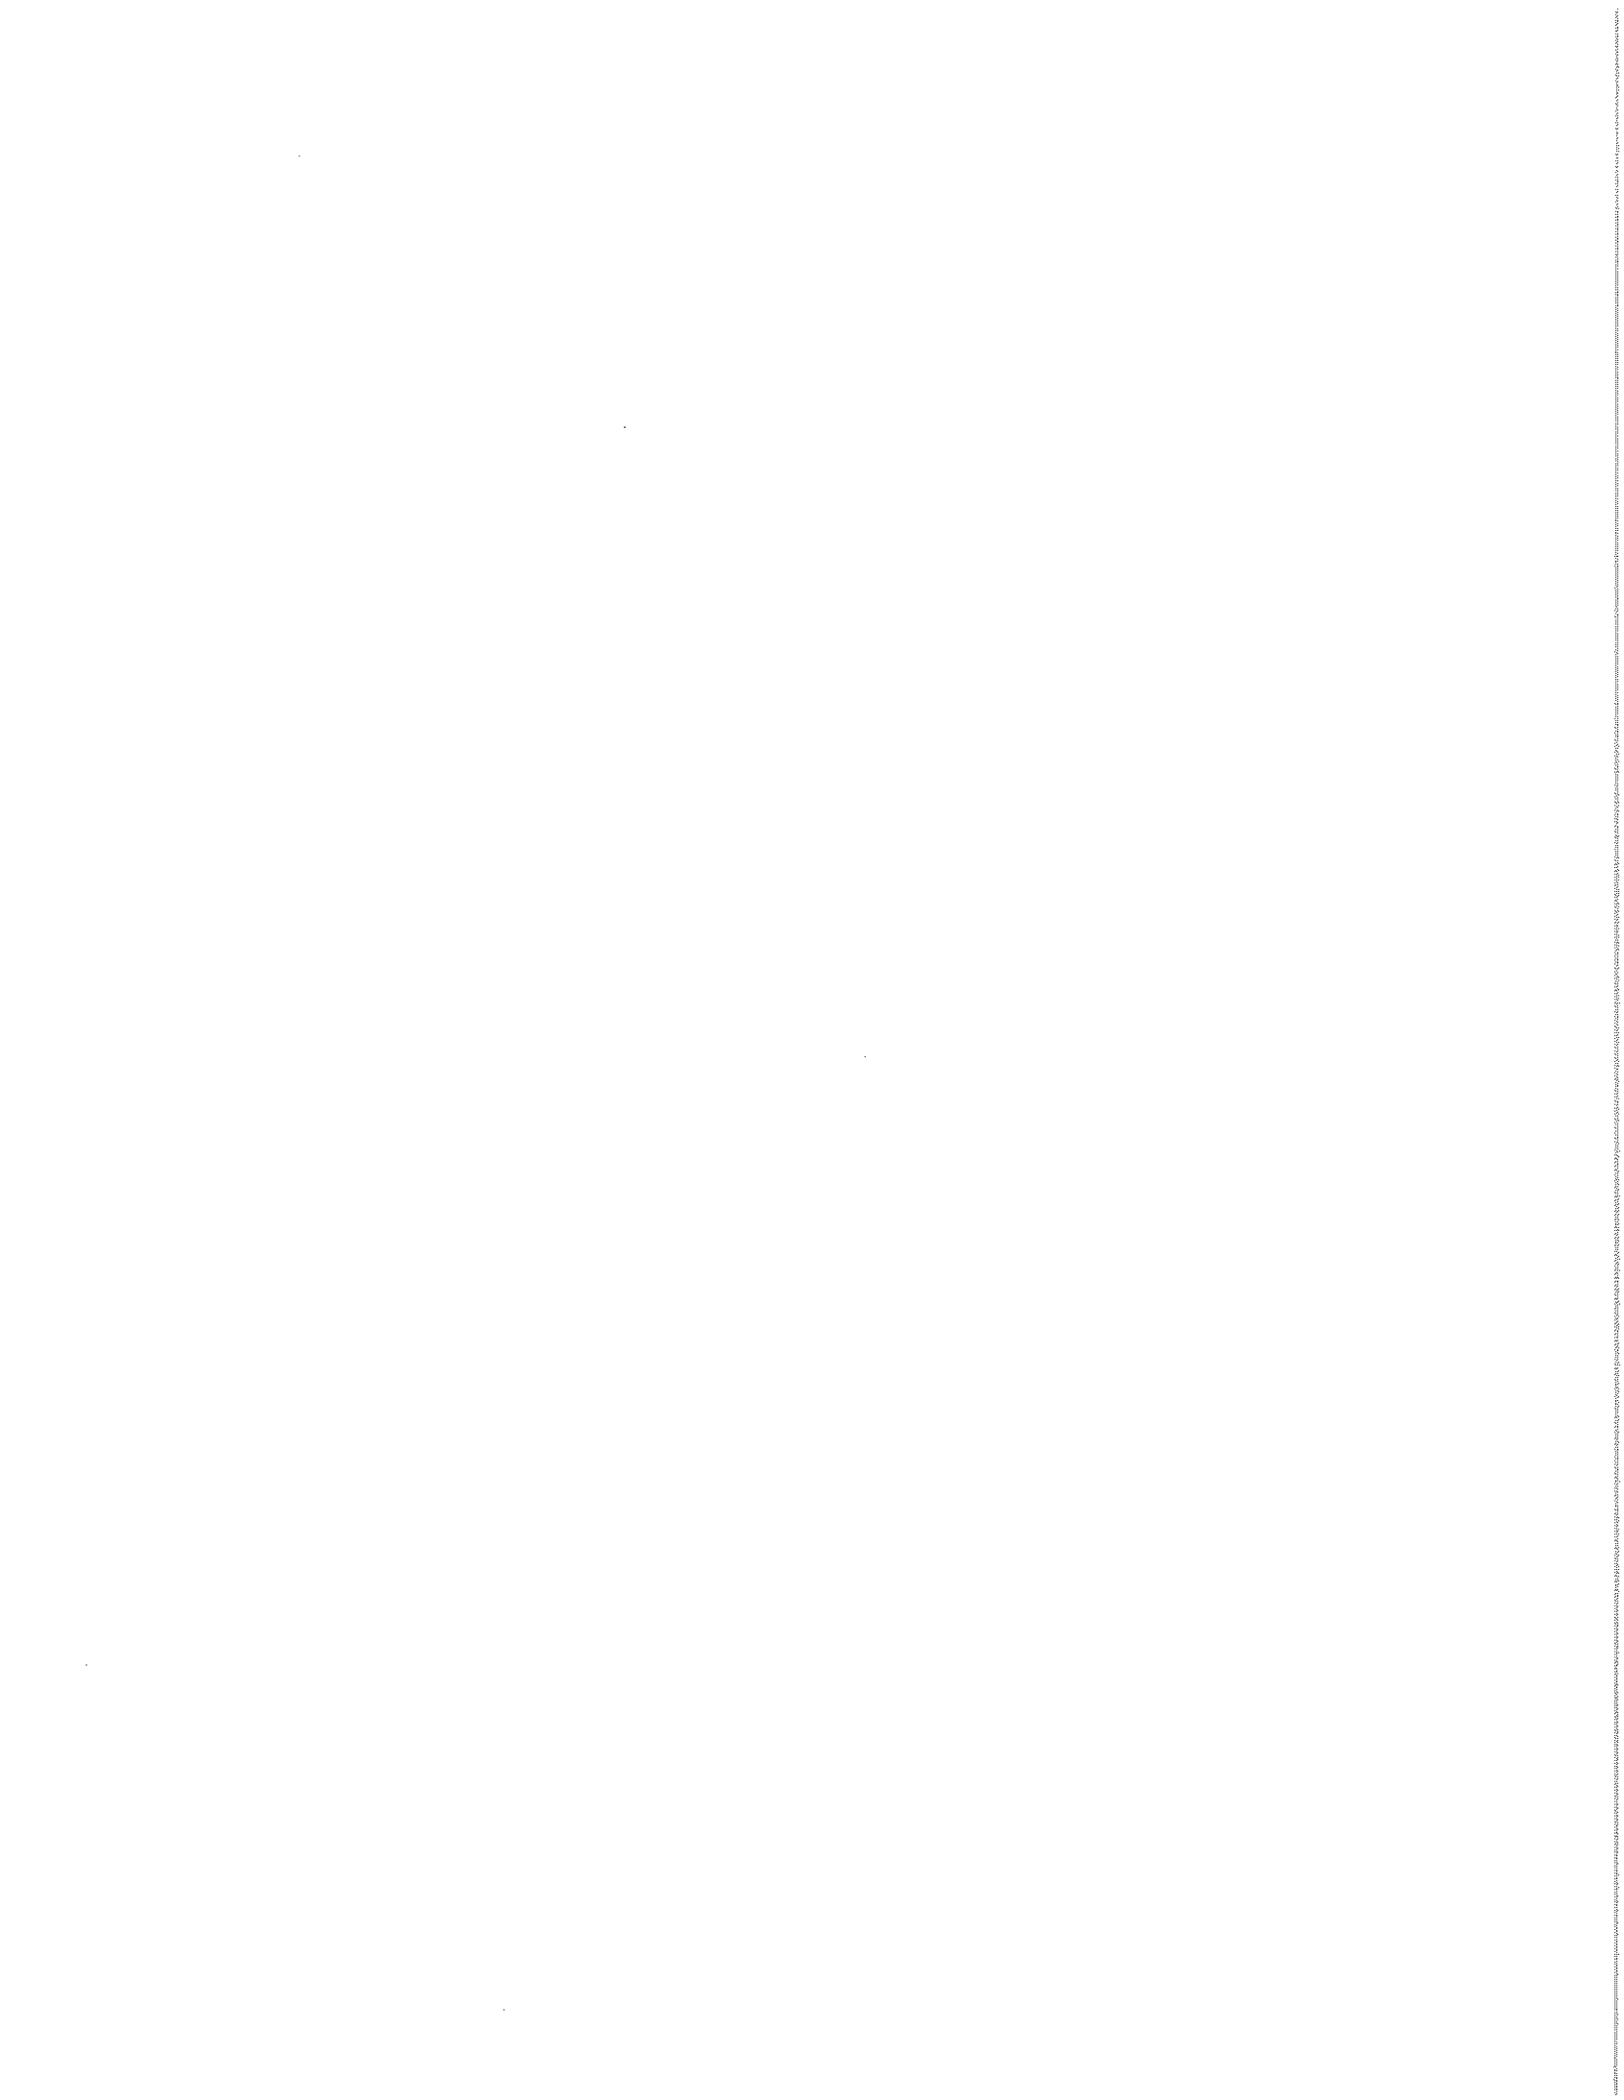

Workers Compensation Law: The contractor (purchaser) shall provide the Department with an original Certificate of Insurance indicating that Worker's Compensation Insurance coverage is provided for all the contractor's (purchaser's) employees working under the contract during its durations. This shall be in the Department's file prior to any performance under the contract. The purchaser shall notify the Department in writing, immediately upon any change in or cancellation of insurance coverage required under the contract.

Payments: A Sale Payment Schedule (Form 2400-005) will be established at time of contract signing. Full payment will be required before cutting.

Training Requirements: The purchaser is responsible for ensuring that the actual logging contractor complies with the Wisconsin SFI training standard as adopted by the SFI Implementation Committee (SIC). Criteria for the standards can be found at the Website: www.fistausa.org/sfi_standards.html, or by contacting the Forest industry Safety & Training Alliance (FISTA). Purchaser must provide documentation to Seller that training has been attained.

The above items listed will continuously be scrutinized and evaluated for compliance throughout the time of the contract. Failure to comply with the above listed or other contract conditions may result in contract closure and may jeopardize your opportunity to bid on future timber sales.
