SPECIAL SALE CONDITIONS:

No harvesting allowed in select cut or overstory removal area May 1st-August 24th.

Equipment use will be restricted to dry or frozen ground conditions. Areas that are most recommended for frozen ground harvesting are indicated on map.

Use of timber mats will be needed for crossing of drainage as indicated on timber sale map. Location of proposed road will be discussed with timber sale administrator prior to beginning work on sale.

Use of a continuous rotating saw head will be allowed in all portions of sale **except** for overstory removal area due to density and distribution of regeneration. The objective is to release existing regeneration in this area and extra caution should be taken to prevent unnecessary damage.

Gate shall be closed when not working on sale.

NO DECKING ALLOWED along Rock Creek Rd without approval from Town of Lake.

If decking on hunter/walking trails, all slash and ends shall be removed from the trail and ditches concurrently with each truckload.

Culvert will be provided by the State. It will be the responsibility of the contractor for culvert placement. Culvert shall remain in place after completion of sale.

It is possible that access roads may be in use for multiple sales at one time; it is the responsibility of the contractors of sales to determine the logistics for hauling and road maintenance/repairs.

Upon sale completion, all woods roads and access point along Rock Creek Road shall be leveled, re-ditched if necessary, and returned to the condition prior to the sale.

All additional restrictions listed in prospectus and standard contract apply unless specified.
